12 DAYS OF HOLIDAY FIRE SAFETY

Follow these tips over the Holidays to help prevent a fire tragedy in your home.

DAY 1 *Water fresh trees daily.* It's time to trim that Christmas tree, and if you're using a real tree, buy a fresh tree and keep the base of the trunk in water at all times. Keep your tree away from any ignition source such as the fireplace, heaters or candles.

DAY 2 *Check all sets of lights before decorating.* Before you put those lights on the tree or around the front window check the cords closely. Discard any sets that are frayed or damaged.

DAY 3 *Make sure you have working smoke alarms.* Remember, they wear out, so replace them every 10 years. With family and friends spending extra time at your home over the holidays, you'll want everyone to be safe. It's the law to have one working smoke alarm on every storey of your home and outside all sleeping areas.

DAY 4 *Make sure you have working carbon monoxide alarms.* Remember, they wear out, so replace them every 7-10 years depending on the manufacturer. Carbon monoxide is an invisible, odorless gas that can quickly kill you. Installing CSA-approved carbon monoxide alarms in your home can save a life.

DAY 5 *Make sure everyone knows how to get out safely if a fire occurs.* Develop and practice a home fire escape plan with all members of the household and make sure someone helps young children, older adults or anyone else that may need assistance to evacuate. Once outside, stay outside and call 911 from a cell phone or neighbour's house.

DAY 6 *Use extension cords wisely.* People often use extension cords for that extra set of lights or the dancing Santa in the corner. Extension cords should be used only as a temporary connection. Make sure cords never go under rugs as this can cause damage to the cord and cause a fire.

DAY 7 *Give space heaters space.* If you are using space heaters to help take the chill off, Remember to keep them at least one metre (3 feet) away from anything that can burn such as curtains, upholstery, or holiday decorations.

DAY 8 *When you go out, blow out!* Candles can set the perfect mood for a holiday celebration, but remember to always blow out candles before leaving the room or going to bed. Keep lit candles safely away from children and pets and anything that can burn, such as curtains, upholstery, or holiday decorations.

DAY 9 *Keep matches and lighters out of the sight and reach of children.* People often keep matches and lighters handy to light holiday candles. But matches and lighters can be deadly in the hands of children. If you smoke, have only one lighter or book of matches and keep them with you at all times.

DAY 10 *Watch what you heat!* The holiday season is one of the busiest times of the year, which means it's easy to get distracted from what we are doing. Cooking fires most commonly occur when cooking is left unattended. Always stay in the kitchen when cooking – especially if using oil or high temperatures. If a pot catches fire, carefully slide a tight-fitting lid over the pot to smother the flames and then turn off the heat.

DAY 11 *Encourage smokers to smoke outside.* Careless smoking is the leading cause of fatal fires. If you do allow smoking indoors use large, deep ashtrays that can't be knocked over and make sure cigarette butts are properly extinguished.

DAY 12 *There's more to responsible drinking than taking a cab home.* With all the festive cheer this time of year, keep a close eye on anyone attempting to cook or smoke while under the influence of alcohol. Alcohol is all too often a common factor in many fatal fires.

The Community Challenge winner was One Foot Forward (community group that had the most support throughout the series).

The School Challenge winner was Kerns Public School (school that had the most support throughout series, calculated as a percentage of school population).

FINAL EVENT

The fifth and final event in

the 2016 Get Active in Temiskaming run/walk series was held Sunday, November 13, from the Pool and Fitness Centre in New Liskeard.

Previously known as the Chilly Run/Walk because the weather is typically chilly for this last run, that wasn't the case this year and participants got to enjoy homemade chili afterward.

There was a total of 35 walkers and 40 runners in the five-kilometre (km) and 10km distances, eight participants in the 1km/2km and five kids in the 100-metre dash (88 partici-

pants total).

In this event \$990 was raised and based on entry fee selections was distributed thusly: Temiskaming Nordic Ski Club \$279, Tri-Town Ski and Snowboard Village \$140, Hilliard-ton Marsh \$253, Get Active in Temiskaming \$120, Community Challenge \$99 and the School Challenge \$99.

Anyone wishing to apply to be a beneficiary for next season can submit an application via Get Active's website at www.getactiveintemiskaming.ca.

GREEN ENERGY

Ontario electric bills are near double that of provinces each side of us and Premier Wynne and PM Trudeau say we must reduce carbon, but will not reply to scientists with the cure. We are a group of Ontario scientists who in 2014 received the patent for the worlds only (lower cost than gasoline) zero carbon fuel. It will create thousands of top jobs. In 2014 we petitioned the premier to help get this half price clean fuel ready for Ontarians to "reduce" electric bills, fuel cost and carbon emissions. Ms Wynne will not reply to GreenNH3 scientists and continues to fly and drive spewing carbon, knowing a clean low cost alternative exists, yet she continues to make backroom deals with countries where paying bribes to politicians is normal. It is not legal here. Media is avoiding and not reporting. Surely someone must know one honest media person or one honest politician. If someone sees a way to change this or get a reply from this stubborn, mule headed premier, please tell us at www.GreenNH3.com, and tell your MPP and MP.

PULLING TOGETHER

The Village Noel Temiskaming event November 25 was a big day for area kids. An estimated 1,500 school children were in New Liskeard’s downtown core taking in the sites and some fun games. English Catholic Central School Grade 5/6 students took part in a tug of war that afternoon. Skating through winter

Darlene Wroe
Speaker Reporter

ENGLEHART -- The Englehart recreation department has a number of events planned to take the community through the winter.

Public skating is available at the Englehart and Area Community Arena Complex throughout the winter season.

Times are: Sundays 2 p.m. to 4 p.m.; Mondays and Wednesdays 3:30 p.m. to 4:30 p.m.; Tuesdays and Thursdays 9 a.m. to 10 a.m.; and Saturdays 6 p.m. to 8 p.m. Sundays, Mondays, Wednesdays and Saturdays, the cost for admission is: \$2.50 for youth; \$3.50 for students and seniors; \$4.50 for adults; and \$8.50 for families. On Tuesdays and Thursdays the cost of admission is a toonie for anyone.

At the town’s council meeting Wednesday, November 23, Englehart recreation

manager Sara Osborne noted that there will be public skating on December 17 at which time admission will be a non-perishable food item for the food bank. This event will take place between 6 p.m. and 8 p.m..

There will also be a holiday ice rental special this year. From December 18 to 31, ice time will be \$50 an hour. Call 705-544-1952 to check for available times.

Ms. Osborne also told council that the date of January 20 to 22 has been set for the Todd Mitchell Memorial Hockey Tournament. Teams are now being accepted for the 19-plus age group and the 35-plus age group.

Another date to roll out the winter is March 3 to 5, she reported, when the annual winter carnival will take place.

Economic development intern Candace Pritchard has also been working on a Bark in the Park event August 26 to 27, which will take place at the baseball field. The event will include many pet-friendly vendors.

DID YOU KNOW...

The more stuff you have in your freezer, the less energy it has to use to keep things cold - all the more reason to make sure you utilize that space well!

If you find you have extra room, put ice cubes in plastic bags and pack them in the nooks and crannies. That also comes in handy if there is ever a power outage.

Most of the food you freeze will last for up to a year, including fresh meat and poultry. However, cooked meat won't last as long.

Light, air, and water all contribute to how long your food will last. So, in general, the more air and water-tight a container, the better off your food will be.
