# Northern study

#### Health units taking look at climate change

DISTRICT (Special) - How will climate change affect the health of Northern Ontario residents, and how can the region adapt?

Those are the questions that the seven public health units in the North will address over the next two years.

"It is important that we understand how the local impacts of climate change, for example forest fire risk and potential for flooding, will impact the health of community members," said Monika Dutt, medical officer of health and CEO of the Timiskaming Health Unit (THU), in a news release announcing the collaborative study.

"This work will provide us with needed knowledge and tools to take concrete action." The project will be administered by the Northwestern Health Unit, and take in Algoma Public Health, North Bay Parry Sound District Health Unit, Porcupine Health Unit, Public Health Sudbury and Districts and Thunder Bay District Health Unit as well as the THU.

## Her heart

The first sound I heard was the beating of my mother's heart as I lay in her womb.

There are connections we have to our mothers that transcend time and space.

When Mother's Day and her birthday and the anniversary of her death roll around, I still feel the painful sting of not having her here.

We are not only tied to our mothers through the umbilical cord, but we have an invisible umbilical cord connecting our hearts.

Lena Margaret Brydges was kind, caring and compassionate.

She sacrificed so much of her life and herself for her family.

My mother was and is my hero.

She lived with my father for 53 years so that makes her doubly heroic, ha, ha.

Mom had serious health issues over the years including two open-heart surgeries.

And ironically, it was her enlarged heart that ended her life.

She had a big heart in so many wonderful ways.

However, she remained my biggest supporter.

little grief box to stuff our pain into. It's often easier to fake a smile and say everything is okay when someone asks how you are doing than to be honest and show true human emotion.

The reality is I will grieve her loss for the rest of my life.

It gives me great comfort to feel her presence at my spirit place, the lake, where she loved the water and warm sunny days just like I do.

She often said the waters of Bass Lake had special healing powers.

## EDITORIAL

WE'RE GETTIN' THERE!

### That is not who we are!

A number of communities in Northern Ontario have been found to have pervasive racist attitudes towards our Indigenous brothers and sisters, namely Timmins and Thunder Bay. Ontario's Human Rights Commissioner, Renu Mandhane, stated in a report that human rights abuses toward First Nation people were "pervasive."

And in Thunder Bay, racism in this northern city has taken a deadly toll.

Homicide rates in that city are the highest in Canada with six out of seven people killed being of Indigenous heritage.

But Timmins and Thunder Bay's racism problems are our problems too.

Those cities are a microcosm of how Canadians treat Indigenous people revealing a deep level of systemic racism.

We should not turn a blind eye and look the other way because we feel we are not like that, or are above that abhorrent behaviour here in Temiskaming Shores

An Indigenous man reported hearing a racial slur directed at him when a pickup truck full of young males drove by him at the bank corner in downtown New Liskeard recently.

There have been other incidents of racism reported in our communities directed at Indigenous business owners, high school students and members of our communities.

Is this who we are?

No it is not and we do not accept this guttural, ignorant behaviour.

This is behaviour not contained in one community, one home or one organization, it reaches across the broad spectrum of our lives.

Anytime our thoughts, beliefs and opinions separate us into some sort of hierarchy where some people matter more than others, we need to re-examine our beliefs.

And it's long overdue that we begin to treat each other as we, not me.

No one is less or more important than anyone else. We are all equal in this world looking each other directly in the eye with respect and dignity. If we truly wish to reconcile with Indigenous Canadians we won't stand for anything less than equal, inclusive, respectful behaviour.

## Happy Mother's Day

This coming Sunday, May 12, is her children. Mother's Day.

It is a day set aside to recognize maternal love and the ways mothers impact the lives of their children, their homes and communities.

A mother's instinct is to love and protect and caregiver a happy Mother's Day.

Do something special for your mother or caregiver to let her know you appreciate

# The lake watch is underway

DISTRICT (Staff) — After a long, cold winter the ice is making its retreat from the largest body of water in the region, Lake Temiskaming.

In 2018 the lake was deemed free of enough ice so a boat could fully navigate from Haileybury to the Quebec side of the lake on May 17.

Since The Speaker has been keeping records, the latest date for break-up is May 23, 1926.

The earliest recorded is March 31, 2012.

May has been designated Leave a Legacy month. It's a national campaign encouraging people to make gifts through their wills or other planning vehicles to causes that are important to them. Earlier this winter, The Temiskaming Foundation was at the Temiskaming Nordic Ski Club to outline the foundation's work. When Taya Schaffer, at left, took a break from the trails, she learned a little about The Temiskaming Foundation from president Mark Wilson and Community Fund advisor Rebecca Hunt. The Foundation administers the Doug Worth Youth Fund, which is directed to the ski club. The Foundation itself is turning 25, and has supported a variety of projects undertaken by the cross-country ski club. (Staff photo by Diane Johnston)

# Visitor restrictions at hospital

TEMISKAMING SHORES (Staff/Special) – In its latest update, Temiskaming Hospital said visitor restrictions will remain in place until further notice as it deals with an enteric outbreak.

In order to declare the outbreak over, the hospital said May 7 that it must go five days without a new case of gastro-like illness in staff or patients.

Restrictions were imposed April 27 after three or more patients in the medical-surgical unit experienced gastrointestinal symptoms, including nausea, vomiting and diarrhea.

In an effort to minimize the risk of transmission to and from patients, visitors and staff, the hospital has imposed the following restrictions:

• All in-patient areas of the hospital are closed to visitors until further notice.

Exceptions are made on compassionate grounds for direct family members of palliative and pediatric patients, as well as in the obstetrics department.

- Out-patient areas of the hospital including the emergency department, diagnostic imaging and clinics as well as surgical services remain open.
- Individuals with cold, flu or gastro-like symptoms (cough, fever, chills, fatigue, headache, sneezing, runny nose, nausea, vomiting and diarrhea) or who have been in contact with someone who has are not to visit any patients at the hospital.
- Do not bring children, the elderly or health-compromised family members to visit at the hospital.
- Hand-washing is the best way to prevent the spread of germs. Hand hygiene is strong encouraged both before and after a visit to the hospital.

The Timiskaming Health Unit is working with the hospital to ensure best practices are followed

# Heritage Fund support for manufacturers' expansion

TEMISKAMING SHORES (Staff/Special) - Two Temiskaming Shores manufacturers have received provincial support to expand.

Three H Furniture Systems, which manufactures innovative lines of office furniture, has been awarded a \$182,232 grant and a \$273,248 loan from the Northern Ontario Heritage Fund.

In a news release, the Ministry of Energy, Northern Development and Mines said the funding would be used "to make its manufacturing space bigger and increase productivity by reorganizing the plant, renovating the warehouse, constructing a cold storage facility and purchasing new equipment."

TIME Inc. was awarded a \$54,709 grant that "allowed us to make acquisitions of new equipment," said Julie Buffam, vice-president of finance and administration.

In turn, she said it was able to add two more machinist positions. TIME is a manufacturer and supplier to the mining, drilling and industrial sectors.

It's headquartered in Haileybury, but has offices in Timmins, Sudbury, Val d'Or and Saskatoon and employs a workforce of

The ministry said the two expansions supported by the Heritage Fund will help create 12 full-time positions and retain another 93 full-time jobs.

"By investing in manufacturing projects that stimulate growth and innovation, we are reinforcing the north's competitive advantage and sending a signal to the world that Northern Ontario is open for business and open for jobs," said Energy, Northern Development and Mines Minister Greg Rickford in a statement.

# New and future artists at TAG

Darlene Wroe

Speaker Reporter

HAILEYBURY - It's an exciting moment in a child's life to have his or her artwork displayed on the wall at school.

It is even more exciting for elementary school participants whose artwork is now on display at the Temiskaming Art Gallery.

Such is the case for the students of École catholique Ste-Croix and the Kiwetin School art clubs.

There will be a reception Wednesday evening, May 15, between 6 and 7 p.m.

But there's another twist to this exhibition.

It is a collaboration between the gallery's curator Melissa La Porte and the gallery's past interim curator Kirsten Hill.

Hill is currently teaching at Kiwetin School, and she and another teacher decided to start an art club there, attracting a large portion of the school's student body, explained La Porte. The art club takes place over the lunch period.

La Porte is a member of the parent council of Ste-Croix, which also started an art club.

La Porte said she and Hill were talking about their involvement in the two clubs and from that discussion they decided to create this exhibition.

#### YEAR-ROUND NEED

Area food banks are always in need of support – financially and with donations of non-perishable food items. Sharon Dannock, left and Captain Jason Dannock of the Salvation Army were on hand for the recent Temiskaming Speaker Food Bank Drive at Chartrand's Your Independent Grocer at Easter collecting items to stock the shelves. (Staff photo by Steven Larocque)

The show will include 42 canvases from Kiwetin School and also a set of painted canvases, photographs and sculptures from Ste-Croix.

"Both our clubs are special because they offer membership from kindergarten to Grade 8, so the kids all get the same lesson and all work on the same kind of things," said La Porte in a telephone interview.

Well-known artist Karl Chevrier is among those who have been involved in helping the Kiwetin children with their art projects.

Another local well-known artist, Lionel Venne, provided guidance to children at Ste-Croix in their creation of sculptures. Other francophone artists also assisted the children on other art projects, said La Porte.

The clubs were borne out of an interest to provide additional art time for the children, said La Porte "Because art time is so limited, most kids get one art class a week. We wanted to supplement what our kids are getting," she said.

The exhibition, titled *Vernis-sage*, runs until Friday, May 17.

#### **EARLY VINTAGES**

In the latter part of the month professional artists who are at an early stage in their careers, and who have Northern Ontario roots, will have their works on display at the gallery. The exhibition *Early Vintages* will include works by Marcus Marriott, who was a summer student at the gallery last year, and Englehart's Chelsea Smith. Both Marriott and Smith have studied at the Ontario College of Art and Design in Toronto.

James Faubert of Temagami, an indigenous artist, also will have works included in the exhibition, as will local artist Vanessa Hubert.

# **Peter Ramsay**IS MAKING A DIFFERENCE

Peter was very proud to call New Liskeard his home and when the municipalities amalgamated he went right out and had a Temiskaming Shores ballcap made. After graduating from the University of Guelph, he taught school in Englehart in the early 1960's before heading off to University of Toronto Law School. Peter returned to New Liskeard in 1968 to begin practice with his father, Ralph Ramsay, and achieved the rare milestone of 50 years in practice in 2018.

After moving back to New Liskeard Peter championed many causes. He worked with the Kiwanis club and the recreation committee to improve opportunities for children and he was instrumental in the construction of the Spur Line building at the water front in the early 1970's. He continued all his life to work for the preservation and improvement of the New Liskeard waterfront which is now a large beautiful park. He also worked to preserve the wilderness at both Twin Lakes and Lady Evelyn Lake.

His biggest achievement was The Temiskaming Foundation which began with small group of dedicated community leaders each putting in 100 dollars in 1994. It now has 7 million dollars. Peter was told the area was too small to have a community foundation - The Temiskaming Foundation is now the largest in the Northern Ontario.

His commitment to The Temiskaming Foundation continues through a significant bequest in his will. The Peter & Eileen Ramsay Fund under the Community Fund will continue, in perpetuity, to benefit his beloved community. Peter has truly made a difference in the lives that follow.
