

WE DON'T BREW OUR BEER FOR THE AWARDS.

BUT HE DOES!

Our brewmaster, Andrew Kohlen, threw away a successful career in logistics to pursue his dream of reconnecting with the brewing roots of his family. This carried him to the UK's prestigious Brewlab in Sunderland, England, where he procured the alchemy that would drive his signature brewing style.

He took what he could from there and ventured to Scotland, Cornwall, and ultimately to Krefeld, Germany, working in the same brewery that had belonged to his ancestors. He came home to Canada for Hockley.

You could call it dumb, but we call it destiny.

**Google and Facebook are two of
the biggest companies in the world.
You might say they're modern-day
Goliaths.**

They're using their monopoly power to scoop up 80% of online advertising revenues and to free ride on the news content produced by hardworking journalists and publishers across Canada.

Maybe it's time to start leveling the playing field a little, so the Davids of this world can start fighting back.

That's what Australia is doing. They're putting in place a comprehensive solution to enable news publishers in that country to counteract the power of the web giants. They're doing it with support from all the main political parties. And they're doing it without new government funding, or new taxes, or new consumer fees.

We think our parliament here in Canada should do the same. It's all in our new report at www.levellingthedigitalplayingfield.ca. Read it. And tell your MP to stand up with David against the Goliaths.
