Over 150 flock to Hummingbird Garden Party

Sue Nielsen
Speaker Reporter

HILLIARDTON — While hummingbirds are lovely to watch at feeders, they are even more joyous viewed up close.

About 160 people flocked to the Hilliardton Marsh Research and Education Centre (HMREC) on August 13 for the annual Hummingbird Garden Party.

Along with hummingbird banding, there was monarch butterfly releases, pollinator education, aquatic creatures, songbird banding, crafts, face painting and garden tour activities.

The hummingbird garden party experienced a pause for the last couple of years due to the COVID-19 pandemic, and birders were anxious to show off the scientific work being done at the marsh in terms of banding the tiny birds.

“We had over 160 people and banded 150 birds and had 26 recaptures. We had 35 species overall,” said HMREC research and education coordinator, Bruce Murphy, in an email interview.

“The most prevalent species was the red-eyed vireo with 25 birds banded. It was a great day.”

While the tiny birds were displayed, expert hummingbird bander Joanne Goddard demonstrated the banding process.

Visitors could listen to the bird’s heartbeat and hold them in the palm of their hand before they flew away to nearby trees.

They could have their photo taken with carnival cutouts with bird and tree themes, created by Chris Sukha and Ed Goddard.

The marsh has banded in excess of 1,000 hummingbirds over the years and they advise people to leave out hummingbird feeders till October as the tiny birds migrate to warmer climates for the winter months.

Ruby-throated hummingbirds weigh about four

Brynn Warner, 10, had a thrill when he held a Cape May warbler at the Hilliardton Marsh Research and Education Centre Hummingbird Garden Party, held on August 13. The marsh volunteer birders banded over 150 birds representing 35 species on the day. (Staff photo by Sue Nielsen)

grams on average and travel vast distances in flights of up to 500 miles at a time.

Goddard and Murphy are among a select few birders across North America who have been trained to band the small flyers.

Hummingbird banding began in the '60s across North America and it is a useful tool telling researchers a great deal of information about the birds.

DID YOU GET The Speaker THIS WEEK?
Here are some August 17, 2022 stories...

- Animal control and pound services are back at the city council table, with plans to appoint a steering committee to review the issue and make recommendations by the end of next month.
- Local cowboys and cowgirls from across Temiskaming and further afield dusted off their boots and hats and saddled up to attend the two-day action packed Dodge Ram Rodeo Tour.
- FedNor funding of \$407,195 for the Northern Ontario Farm Innovation Alliance was announced in Sudbury last week.
- In an effort to raise awareness, the City of Temiskaming Shores has joined other communities in proclaiming August 31 Overdose Awareness Day.
- Election signs are starting to go up in Cobalt and already one candidate for a councillor position has seen two of her signs go missing.
- The Ontario government has announced it is bringing high-speed internet access to more Northern communities like Latchford and Temagami; Coleman, Harley, Harris and James Townships; Matachewan and Temiskaming Shores
- The Temiskaming Hospital CAT Scan Foundation raised \$6,039 at the Sutton Bay Park CountryFest July 22 to 24 for the ongoing operation of the CAT Scan at the hospital.
- Under beautiful, sunny skies, the scenic Haileybury Golf Club celebrated its 100th anniversary with a variety of events on August 13.

BOARD BOYZ

Friends Kaleb Hartzke, 11, Tyler Sams, 12, and Colton Staples, 11, (from the left) took a pause to pose during a day of skateboarding at the New Liskeard Carter Antila Memorial Skatepark. There's still lots of summer left for skateboarders, BMX riders and scooter owners to hone their skills with the various ramps, bowl and rails at the park. (Staff photo by Sue Nielsen)

Rhino Hockey horns in on Haileybury ice

Sue Nielsen
Speaker Reporter

TEMISKAMING SHORES — Girls hockey development is alive and well in South Temiskaming as the seventh annual Rhinos Camp is set to take place from August 22-25 at the Shelley Herbert Shea Memorial Arena in Haileybury.

The hockey camp is a chance for girls to improve their hockey skills and general athleticism for those born between 2008 and 2016.

Some of the activities scheduled for the camp include art sessions at Open Studio Libre, dance segments at Northern College, snacks, hockey skills, bowling, hockey games, martial arts, volleyball sessions and more.

Organizer Dave Brown says there are four groups taking part with approximately 33 girls in each group, organized by age categories of U9, U11, U13 and U15.

Each participant in the hockey camp will receive a Rhino jersey, socks and t-shirts on the first day of camp in the arena lobby.

Brown says players may receive the items ahead of time to make things less hectic on the first day of camp.

He can be reached by text message at 705-676-7936 to arrange for pick-up or drop-offs.

Parents are being asked to complete waiver forms prior to their child stepping onto the ice on the first day of camp and these forms will be mailed out prior to the camp's start.

Brown says parents of U11, U13 and U15 players must remain out of the locker rooms.

There will be two female counselors assisting the U9

and U11 girls prepare for entry to the ice surface.

However, parents of U9 girls may be asked to support the counselors in the locker room.

Coaches and counselors are making themselves available to tie skates but Brown says, "We do appreciate the extra help from any parents in the lobby."

Several coaches are fully bilingual so players can be paired with those bilingual counselors.

Healthy snacks of fruit and vegetables will be provided each day with players bringing their own water bottle with their name on the outside.

The participants are asked to wear running shoes and each day will be treated to a different lunchtime meal in the upstairs hall at the Herbert Shea arena.

"Thank you for everyone being a part of our seventh annual camp. It should be a great week," said Brown in an email message.

Cervical Cancer — What You Should Know

Each year in Canada, more than 1,300 women are diagnosed with cervical cancer and over 400 die from the disease. Almost all cases of cervical cancer are caused by the human papillomavirus (HPV), which is preventable through the HPV vaccine. The publicly funded vaccine is provided to male and female students in every province and territory through school-based programs. Regular screening of adult women is also vital as cervical cancer caught at an earlier stage has a high survival rate. Most cervical cancer (67%) occurs in women aged 30-59.

Risk Factors

The main risk factor for developing cervical cancer is the sexually transmitted human papilloma virus (HPV) that infects the cervix.

Other risk factors for developing cervical cancer include:

- Becoming sexually active at a young age; having many sexual partners or having a sexual partner that has had many sexual partners.
- Smoking.
- The use of birth control pills for a long period of time.
- Giving birth to many children.
- Having taken diethylstilbestrol (DES), or being the daughter of a mother who took DES.

Who Should Be Screened:

- Women 21 and older who are or ever have been sexually active, should be screened regularly for cervical cancer.
- Based on the latest clinical evidence, most women should be screened every 3 years.
- Regular screening can stop at the age of 70 if a woman has had 3 or more normal tests in the previous 10 years.

If you are due or overdue for cervical cancer screening, call your primary care provider today to schedule an appointment. Screening is the only way to find the early changes that might lead to cervical cancer.

Early detection is key.

EDITORIAL

Stealing is a crime

It is a criminal offence to steal political candidate election signs in Ontario.

This may be a perfect time to remind people of the seriousness of someone taking, removing or stealing municipal election signs.

We have learned about election signs being removed from a location in Cobalt.

It is common to place an election sign on your property favouring a certain candidate.

But to remove an election sign that isn't on your property is a criminal offence that could get a person arrested, charged and fined.

If someone has placed an election sign on your property without your permission, kindly contact the candidate and ask him or her to remove it.

If someone removes or damages an election sign they can actually be charged with theft and face a fine of up to \$400, according to the Canadian

Criminal Code.

This may also result in your having a criminal record, which could jeopardize your chances of employment.

People who are running in area municipal elections are to be commended for seeking to serve the public.

And it costs them a pretty penny to pay for those election signs.

Let's give everyone an equal chance to put up their signs and have their names put forth.

The deadline is Friday, August 19, to submit your name for either a council seat or mayor's seat in the community you reside in, pay business taxes to or in which you own property.

We hope all area municipalities attract the best and brightest people to these important positions.

The 2022 municipal election takes place on Monday, October 24, and let's hope voter turnout is high.

Good luck to all the candidates!

Rodeo roundup

Sue Nielsen

Last weekend was sunny and hot as I made my way around the region covering events.

It was perfect weather for outdoor activities including a hummingbird garden party, a duck dash in Latchford, Hailybury Golf Club centennial celebrations and more.

Perhaps the biggest draw in the area was the 2022 Dodge Ram Rodeo, held at the New Liskeard Fall Fair grounds.

The stands were packed with people enjoying the two-day rodeo under beautiful sunny skies.

As soon as the gates opened, people claimed their spot in the stands and waited until the action packed event began.

The rodeo was thrilling with bronco and bull riding, pole bending, the Canadian Cowgirls, vendors, rescue riding and my favourite, barrel racing.

I am a greenhorn when it comes to rodeos and I wondered how those riders even stayed in the saddle while their horses sped around the barrels.

The rodeo exemplifies refined talent, extraordinary skill, a wee bit of danger and explosive action to delight young and old.

There is a bit of romanticism

involved in the life of a rodeo cowboy and cowgirl, but keep in mind there are likely some broken bones, dust covered faces and long rides between venues.

I tip my cowboy hat, if I had one, to all the participants in the rodeo.

Without a doubt western-styled events are what represents our agricultural region.

Horse shows and rodeos have been held in the region for decades and the upgraded Fall Fair grounds are the perfect venue for these events.

I remember when the eight-

hitch ebony horse team came to the Fall Fair a few years back. That show was nothing short of impressive, thank you.

Fast forward to last weekend, and taking a look around, I saw several people at the show connected to the equine community in our region.

They were smiling and laughing and enjoying themselves.

And I could not help but think of Porky and Kaye Waters, who together were hosts to several horse shows over the years.

I was saddened to learn

about Kaye's recent passing and wanted to pass on my heartfelt condolences to her family, friends and the greater community of New Liskeard and area.

Congratulations to the organizers of the rodeo and especially to Lori Loach for bringing the Ram Rodeo to town.

Let us remember, every thrilling timed event, every

cheering crowd and countless hours spent travelling and competing on the rodeo circuit, is a life envied by many but experienced by a special few.

Thanks to Cassy Grant for all your help and all the sponsors and volunteers who saddled up together to bring this wonderful event to town.

FLORAL ARRANGING

Rhonda Legault prepared a watercolour garden for visitors at a recent Art in the Park event in Haileybury. The Wednesday night series ends August 24, when there will be an auction of works that the public has watched artists create over the course of the summer. (Staff photo by Diane Johnston)

Something for everyone at Haileybury Block Party

TEMISKAMING SHORES (Staff) - The Temiskaming Art Gallery (TAG), Open Studio Libre and Whiskeyjack Beer Company in downtown Haileybury are gearing up for the second annual downtown block party.

On Saturday, August 20, the fun will begin at noon and continue through the afternoon and evening.

Between 12 and 4 p.m., everyone is welcome to drop by and take in the event in the downtown.

There will be local artisans and vendors where people can visit and shop.

Whiskeyjack will be hosting a barbecue.

From 1 to 3 p.m. there will also be a Paint and Sip and those wishing to participate can purchase a ticket for that

portion of the activities by visiting the Temiskaming Art Gallery's Facebook page and following the link. However, the remaining activities outside the Paint and Sip will still be open to the public until 4 p.m.

There are general admission tickets for the activities which will be unfolding after 5:30 p.m. when live music will begin and will include performances by The Shores, Carl Falls, and Lee Holmes and the Beautitones.

This outdoor event will be taking place rain or shine, says TAG's permanent collections assistant Sabrina Somersall, and last year, even with COVID restrictions, 240 tickets were sold.

Sales from the general admissions will be used to support Open Studio Libre.

Gas prices putting the brakes on summer travel

CAMBRIDGE (Special) - Two-thirds of Canadian drivers will be staying closer to home this summer, according to a new Leger survey.

It finds that 66 per cent of drivers say fuel prices will force them to cancel or limit road trips this summer. Among young drivers aged 18 to 24 that number climbs to 75 per cent. Eight-in-ten Canadian drivers also believe high gas fuel prices are here to stay.

Key findings from the survey conducted for the Tire and Rubber Association of Canada (TRAC) include:

- Nearly all (97 per cent) understand proper tire inflation is essential to vehicle safety
- 93 per cent agree that correct tire pressure saves fuel
- 72 per cent recognize correctly inflated tires lessen vehicle emissions and protect the environment.

However, the survey findings also reveal a significant disconnect between drivers' understanding that proper tire inflation improves fuel economy and their knowledge about when and how to measure and set the correct tire pressure.

- Only 27 per cent of drivers check their tire inflation pressures monthly, the frequency of measurements recommended by tire makers.

- 59 per cent are unaware inflation pressures should only be measured when tires are cold. (A vehicle should be stationary for at least three hours or not have been driven more than two kilometres prior to checking tire inflation. Measuring pressures when tires are warm gives an inaccurate reading.)

- 34 per cent refer to the air pressure stamped on the tire's sidewall when identifying the correct pressure for their tires. (The imprinted sidewall pressure is the maximum pressure a tire can contain under maximum load, not the recommended inflation level. Prolonged driving at this inflation pressure may result in uneven tread wear and reduced traction. The correct inflation pressure for your tires is on the vehicle placard, which is commonly located on the driver's door jamb.)

- 14 per cent either rely on visual inspections or do not know how to determine if their tires are inflated properly. (A tire can be underinflated by 20 per cent or more and look normal.)

"With these substantial knowledge gaps about tire maintenance, it's apparent that drivers need more education to improve their fuel economy effectively," says Carol Hochu, president of TRAC.

"With gas prices at all-time highs and no relief in sight thus far, the time has come for all drivers to arm themselves with the knowledge needed to lower fuel costs," she said.

FOUR STEPS

TRAC recommends four easy steps to measure tire pressure correctly:

Step One

Find the recommended inflation pressure for your tires on the vehicle placard, which is commonly located on the driver's door jamb. If you can't find it, check the owner's manual for its location.

Step Two

Remember to only measure pressure when the tires are cold. If you have been driving more than two kilometers, wait three hours before measuring.

Step Three

Use a tire gauge when measuring pressure. Remove the cap from the valve stem, press the tire gauge onto the valve and take the pressure reading.

Step Four

Add air until the recommended air pressure is achieved. If you overfill the tire, release air by pushing on the metal stem in the centre of the valve, then

- you have no fever
- nausea, vomiting, or diarrhea have been improving for 48 hours
- other symptoms have been improving for 24 hours

If your self-isolation is 5 days, remember that additional precautions are required until day 10. This includes wearing a mask in all indoor public settings.

Si vous obtenez un résultat positif au test de dépistage de la COVID-19 ou si vous avez des symptômes et que vous ne pouvez pas obtenir de test de dépistage, l'auto-isolement est toujours requis.

L'auto-isolement est de **5 jours** si vous êtes complètement vacciné (2 doses). L'auto-isolement est de **10 jours** si vous n'êtes pas complètement vacciné ou si vous êtes immunodéprimé.

Cessez l'auto-isolement seulement si :

- vous n'avez pas de fièvre
- les nausées, les vomissements ou la diarrhée s'améliorent depuis 48 heures
- d'autres symptômes se sont améliorés pendant 24 heures

Si votre auto-isolement est de 5 jours, rappelez-vous que des précautions supplémentaires sont nécessaires jusqu'au jour 10. Cela comprend le port d'un masque dans tous les lieux publics intérieurs.

Over 150 flock to Hummingbird Garden Party

Continued from Front

The information includes a bird's weight, sex, age and migratory patterns.

A grand total of 2,389 birds were banded during the spring migration, noted Murphy.

The spring was a good time for banding American redstarts, grey catbirds and red-winged blackbirds.

He said he thought because it was a warm spring that many birds overshot the marsh, but that also means they arrived earlier to nest and raise their young in the Boreal Forests of Northeastern Ontario.

"We had a below average banding season numbers wise."

Next up on the schedule is the September 10 Birdies For the Marsh golf fundraiser.

To enter the one-day golf event or to sponsor a hole contact Bruce Murphy at 705-650-0640 or email birdboy369@gmail.com.

HMREC board of directors member and volunteer, Delphine Churman (left), and volunteer Gee Bradley hold trays of treats available for the over 150 supporters and visitors who attended the Hummingbird Garden Party August 13. (Staff photo by Sue Nielsen)

Hummingbird bander Joanne Goddard holds a tiny ruby-throated hummingbird in her hands during the annual Hummingbird Garden Party on August 13. She banded four new birds and one recaptured bird. (Staff photo by Sue Nielsen)

SCAN DINING

This year the Temiskaming CAT Scan Foundation raised \$6,039 by serving lunches and suppers at the Sutton Bay Park CountryFest music weekend. Pictured here from left to right are Foundation secretary Mike Baker (Temiskaming Hospital president and chief executive officer), Foundation president Sharron Graydon, Sutton Bay Park past owner Ray Laferriere, new owner Richard Taché, and park manager Kendrick Sears. WE DON'T BREW OUR BEER FOR THE AWARDS.

BUT HE DOES!

Our brewmaster, Andrew Kohlen, threw away a successful career in logistics to pursue his dream of reconnecting with the brewing roots of his family. This carried him to the UK's prestigious Brewlab in Sunderland, England, where he procured the alchemy that would drive his signature brewing style.

He took what he could from there and ventured to Scotland, Cornwall, and ultimately to Krefeld, Germany, working in the same brewery that had belonged to his ancestors. He came home to Canada for Hockley.

You could call it dumb, but we call it destiny.

Andrew Kohlen
Brewmaster

Gas prices putting the brakes on summer travel

Continued from 10
re-check the pressure.
FUEL ECONOMY

Industry studies show motorists can improve their gas mileage by 0.6 per cent on average - up to three per cent in some cases - simply by keeping their tires inflated to the vehicle manufacturer's recommended pressure.

Additionally, underinflated tires can lower gas mileage by about 0.2 per cent for each one PSI drop in the average pressure of all tires. Driving a vehicle with just one tire underinflated by 56 kPa (eight psi) can increase vehicle fuel consumption by four per cent.

43 BILLION

According to Statistics Canada, in 2019 Canadians purchased 43 billion litres of gasoline. With a 0.6 per cent gas mileage improvement resulting from proper tire inflation, drivers would have avoided having to buy 258 million litres of gasoline and saved about \$490 million. Saving this much gasoline would also avoid the release of 593,000 metric tonnes of CO₂ into the atmosphere, which equals the emissions of 125,000 vehicles in a year. (Based on \$1.90 per litre fuel cost between January and April 2022, and one litre of gasoline producing 2.3 kilograms of CO₂).

TRAC encourages drivers to learn more about maximizing the fuel efficiency and performance of their tires by visiting <https://tracanada.ca/consumers/>.

CANTON
d'ARMSTRONG
TOWNSHIP
EARLTON

CAO/ Clerk-Treasurer

The Township of Armstrong is centrally located in the District of Timiskaming, Northern Ontario within the "Little Clay Belt". The Municipality is seeking a municipal professional with exceptional communication and interpersonal skills to lead the municipality.

Reporting to Council, the Chief Administrative Officer (CAO)Clerk/Treasurer is the chief of staff that will lead the Senior Management Team and is ultimately responsible for strategic oversight of all human, physical and financial resources of the Township. The position also fulfills the statutory requirements of the Clerk and Treasurer

The ideal candidate will have successfully completed a 3-year Community College Diploma or University Degree in Business, Administration, Planning, Engineering or related fields and/or a designation in good standing (or working towards). 5 years municipal (or related) progressive experience with at least 2 years in a supervisory capacity. The Township may consider a different combination of education and experience where appropriate. Bilingual in both French and English is considered an asset.

The Township of Armstrong offers an excellent benefits package and is a participating member of OMERS Pension.

Full-time: 40 hours per week

Salary Range: Competitive based on education and experience

Posted Date: August 11th, 2022

Closing Date: August 29th, 2022

Interested applicants can submit a cover letter and resume by 4:00 pm on August 29th, 2022 to the undersigned. The complete job description can be found at <https://www.armstrongtownship.com>

Township of Armstrong
Box 546 35 Tenth Street Earleton, ON P0J 1E0
Attn: Amy Vickery-Menard, Clerk-Treasurer
amyvickerymenard@armstrong.ca

Thank you for your interest in the above position, however only candidates under consideration will be contacted for an interview. Information collected will be used solely for the purpose of candidate selection, in accordance with MFIPPA. If contacted for an interview, please advise if an accommodation is required.

Morning at the Movies

Our last **Morning at the Movies** before the children are back in school is going to be **Ferdinand**. This feature will be shown in our Programming room on **Saturday August 27 from 10:00 – noon**. As usual a **light snack** will be available for **free to all children in attendance**. Parents are welcome to stay for the feature and monitor their children if they wish. For more information call 705-647-4215 or email info@temisklibrary.com.

Science Meets Art! Virtual STEAM Workshop

The Temiskaming Shores Public Library is very excited and happy to be offering another great Virtual STEAM Workshop by Scientists In School on Wednesday, August 24, 2022 at 10:00 a.m. The workshops are limited to 15 participants and this one is geared towards children aged 4 – 12. Please register early by calling 705-647-4215 or email us at info@temisklibrary.com as these workshops fill up quickly. We can accommodate some children in our programming room where they will have access to our wifi if this arrangement is preferred. Participants will have to pick up their supplied Science Bags at the library a week or so prior to the workshop.

Library Grand Opening

On Saturday, September 10 from 11-3 join us to celebrate the new location of the Temiskaming Shores Public Library at 285 Whitewood Avenue West! There will be live music, crafts, button making, green screen fun, a scavenger hunt, refreshments, tours, storytimes and more! Fun for the whole family!

Libby Virtual Training Sessions

The Temiskaming Shores Public Library is hosting live, virtual demonstrations of how to get started with borrowing ebooks and audiobooks through the Libby app. This free online event features sessions for both new and experienced users and takes place on Monday, September 12, Tuesday, September 3 and Thursday, September 15 from 10:00- 11:00 am.

On September 12, patrons will start with the basics to the Libby app. On September 13, there is a Libby Deep Dive session with more details on the app use. Finally, on September 15, patrons will have a session on Libby's online magazines.

Patrons are asked to bring their own device and library card so they can practice along with the session.

Register for the sessions by calling 705-647-4215, or email info@temisklibrary.com.

CO₂ Sensor Lending Program Curious about the air quality in your indoor spaces? The library has a new CO₂ Sensor lending program, thanks to a donation by Rise of three Aranet4 Home Air Quality monitors. CO₂ is a gas that is produced when people exhale. As more people remain in a room, CO₂ levels increase quickly if there is not enough fresh air coming into the space. High indoor CO₂ levels can cause tiredness, headaches and other symptoms, and indicate that a space is not well ventilated. High CO₂ levels can also facilitate the spread of airborne infections. The devices are not CO (Carbon Monoxide) detectors and are not life safety devices. Contact the library to learn more!

Ontario Parks Day Passes for loan at the library. The day passes allows a car into an Ontario Park for the day for free. Swim, canoe, kayak, fish, hike or picnic at a park nearby such as Kap-Kig-Iwan in Englehart, Esker Lakes in Kirkland Lake, Finlayson Point in Temagami or any of the parks further afield! The park passes can be taken out for one week, and you may place a hold in advance to plan your trip. Contact the library for more information!

Mobile Wifi Hotspot Lending program going to the cottage and need internet access? Check out a portable wifi hotspot to stay connected! The library has received funding through the Temiskaming Health Unit's Digital Divide grant program to add five new devices to our collection. Library members 18 and older may borrow a hotspot for three weeks, for free from the library--there are no fees and the data is provided by the library. The hotspots will work anywhere in the region where there is a cellular connection. For more information, please call the library at 705-647-4215.

Gadget Helper

The library's gadget helper program is up and running again, Contact the library and let our staff person know what you would like to learn. Currently we offer weekly one on one times on Thursdays. In the past, the gadget helper program has helped patrons with topics from learning to navigate the basics of a new device to downloading ebooks and accessing online resources and even troubleshooting hardware and software issues with phones, tablets and laptops.

To register for any of these programs please call us at 705-647-4215 or email info@temisklibrary.com or pop into the library and speak to one of our friendly staff members.

Council and Committee MEETINGS

City Hall, 325 Farr Drive

Regular Council Meeting

Tuesday, September 20, 2022 @ 6:00 p.m.
– City Hall, 325 Farr Drive

Residents are encouraged to watch the live-streamed meeting on the City's Facebook page.

Question and Answer Period Procedure

Question and Answer Periods during a regular meeting of Council are an opportunity for members of the Public to submit questions pertaining to an item on the Agenda, or the business of Council.

Members of the public who wish to submit questions to Council at a Regular Council Meeting, may submit in writing or via email to questions@temiskamingshores.ca. The questions received will be read aloud and responded to during the Question and Answer Periods.

Emailed questions will be received until the second Question and Answer Period. Questions received after this time, will not be read aloud at the Meeting. Note: Correspondence sent to the Mayor and Council may be included in a Council agenda/package, and become part of the public record.

Comments or questions submitted via the City of Temiskaming Shores Facebook page, will not be considered, and the moderator of the live-streamed Meeting may remove any and all comments.

For further information, contact Kelly Conlin
705-672-3363 Ext. 4136 kconlin@temiskamingshores.ca

RECREATION UPDATE

WATERFRONT POOL AND FITNESS CENTRE

- Pool schedule is available on our website: www.temiskamingshores.ca/poolschedule/
- Weekend public swims return Saturday August 27th

HAILEYBURY BEACH

- Haileybury Beach is **OPEN** for the season!
- Lifeguards are on duty from 12pm to 5:55pm daily. Changerooms will be open for use during the same time each day.
- The slide will be operational during regular hours.
- Children under 10 years old **REQUIRE** a parent or guardian to directly supervise them while at the beach. Supervision ratios are posted at the beach and must be followed.

This year there will be a strict zero-tolerance policy for anyone harassing staff, continually disobeying staff instructions, or committing illegal acts.

STATO Trail

- STATO trail is **OPEN!** Please use caution while on the trail and ride within your abilities.

SUMMER ICE

- Summer ice will be available at the Shelley-Herbert-Shea Memorial Arena. Contact us today to book your icetime (705-672-3363)

Fire Safe Student Housing

TOP TIPS for staying fire safe at college or university

COOKING is the leading cause of home fires

- **Stand by your pan**—always stay in the kitchen and stay alert when cooking.
- Keep **anything** that burns—*pizza boxes, dishtowels, paper towels, wooden or plastic spoons and pot holders*—a safe distance away from the stove.

ELECTRICAL EQUIPMENT—overloaded circuits and octopus wiring are dangerous

- Use power bars with a **circuit breaker and surge protector**. Ensure the power bars have the logo of an accredited product safety testing agency such as **CSA** or **ULC**.
- Avoid using extension cords as permanent wiring.
- Making sure electrical cords are not covered by carpets or rugs where they can be easily damaged.

CANDLES can add ambiance—they also can lead to a fire

- **Never leave a burning candle unattended.** Blow out all candles before leaving the room or going to bed.
- Consider using **battery-operated flameless candles**.
- Place candles in sturdy, safe candle holders that will not burn or tip over.
- Keep candles at least 30 centimetres from anything that can burn.
- Avoid using candles in bedrooms.

SPACE HEATERS NEED SPACE

- Keep space heaters at least **one metre away** from anything that can burn, such as paper, bedding, furniture and curtains.
- Turn off space heaters before going out or going to bed.

SMOKING is the leading cause of fatal fires

- Encourage smokers to smoke **outside**.
- Keep **large, deep ashtrays** on hand.
- If anyone has been smoking, **check for cigarette butts**, especially under pillows and cushions — sofas and chairs can burn fast!

SMOKE AND CARBON MONOXIDE ALARMS—It is the law to have working smoke and carbon monoxide alarms in your home:

- **Test alarms monthly** by pressing the TEST button and notify the landlord immediately if they are not working.
- It is **against the law** for tenants to disable or tamper with a smoke or carbon monoxide alarm.
- If a smoke alarm activates due to steam from the shower or cooking on the stove, oven or toaster, ask the landlord to move the alarm to a different location, or to install a smoke alarm with a hush feature.

HOME FIRE ESCAPE PLANNING—When the smoke alarm sounds, everyone must know what to do and where to go. Make a plan!

- Know **two ways out** of every room, if possible. The first way out would be the door, while the second way could be a window that can be exited safely. All escape routes must be accessible and free of clutter.
- Leave the building as quickly as possible. **Never re-enter a burning building.**
- Call **9-1-1** from outside the building using a cell phone or a neighbour's phone.

For more information contact your **local fire department.**
