## Connecting employers and workers at September job fair

**Darlene Wroe**  
Speaker Reporter

TEMISKAMING SHORES - People seeking a better job, or a new job, or employers seeking new employees will all have a chance to get together at a job fair being planned in Temiskaming Shores for September 27.

The Far Northeast Training Board and Employment Options in New Liskeard, with the City of Temiskaming Shores and other partners, are currently gathering names of potential employers who will be present at Riverside Place in New Liskeard that day from 11 a.m. to 5 p.m. to meet potential new employees.

Far Northeast executive director Julie Joncas said in a telephone interview that there will be a second job fair in Kirkland Lake on September 28.

"The last couple of years, like everyone else, we've done everything virtually," she said, but the job fairs held in that way were not the same. She said community partners have advised "that there is an appetite to come back to the in-person job fairs."

She said it is well known that there are workforce shortages in almost every industry right now, and this fair will provide employers an opportunity to meet job seekers, and for job seekers to meet potential employers one-on-one.

Invitations to employers to participate were sent out in June with a reminder sent out in August, after which a final list will be compiled and published on social media.

"So far the response has been good," said Joncas.

Approximately two-dozen employers are registered for Temiskaming Shores.

Others such as health care agencies will have

representatives there because they are currently recruiting and have openings in the area, noted Joncas.

She said it was determined from a survey conducted of job seekers over one year across the region that about 50 per cent of potential employees visiting a job fair are already employed and are looking for a different or better opportunity.

Other partners for the event include the District of Temiskaming Social Services Administration Board, Northern College, Community Employment Services, South Temiskaming Sud Community Futures Development Corporation, Chamber of Commerce of Temiskaming Shores and Area, Centre d'éducation des adultes, Enterprise Temiskaming, and the New Liskeard Business Improvement Area.

## EDITORIAL

### No to elimination of Northern riding

In the next federal election, Northern Ontario could lose a seat because of proposed changes to Ontario's riding boundaries.

This errant move is slated to take place by 2025.

Under the riding redistribution proposal, Northern Ontario and Toronto would lose one riding each.

The Federal Electoral Districts Redistribution Commission has as its mandate to ensure that all federal ridings across this country have roughly the same populations.

In an ideal world, voices at all levels of governments need to be heard and taken into account when decisions are being made.

Rural regions are affected by huge geographical areas and limited resources financial and otherwise.

Urban voices can dominate the floor at Queen's Park and the federal parliament, but rural voices need to be

heard too.

As ridings across Ontario become more urbanized due to expanding populations, the voices of rural Northern Ontario become less prominent.

Rural communities have different issues to deal with than urban regions and providing services to those remote regions can be expensive for governments.

It is time for all Northerners to band together and let the governments know that we are opposed to less representation, and that one less riding will not be good.

Timmins-James Bay MP Charlie Angus had this to say about the changes: "The proposed changes ... represents a major diminishment of the North's ability to have adequate representation on the national stage."

And Northern Ontario must not have less representation at the federal level.

ism for women to the curb.

She says women should challenge themselves, push themselves, and not take no for an answer when it comes to their capabilities.

Her main message is women should support other women.

Incidentally, I did something last weekend that I have been putting off. I stepped out of my comfort zone and swam across Bass Lake and back.

I had easily done this swim when I was a teen but I somehow felt it was beyond my present swimming capabilities.

With the support and encouragement of my friend and lifeguard, Nadia Breault, I did it.

I swam across the lake and back and I felt like I was on fire.

Let's all be like tennis star Serena Williams: bold, beautiful and not afraid to overcome.

I send my heartfelt condolences to the Urban family on the loss of their mother, Irene Urban. She was a real fire-cracker and loved by so many.

arctic blonde shading.

How often do we dismiss, patronize or scorn the mature intelligence of women?

Too often is my guess as the fallout from the dismissal of award winning CTV news anchor Lisa LaFlamme continues.

The narrative had been that age, gender and her grey hair played into her firing.

In the absence of any indication that Lisa wasn't doing her job or that she had poor ratings, the only explanation left is that they wanted someone younger and male.

That is ageism and sexism and it cannot be tolerated.

What about news anchor Lloyd Robertson who remained on air until he was 77?

All of us take our place on the wheel of life, where we all inhabit a spoke of our own unique space.

Lately, I've been following the online exploits of an 83-year-old woman named Jean Ketcham from Minneapolis, Minnesota.

She kicks the notion of age-

Let's talk about perceptions and how others think about women and ageism.

When we measure something, it is an indication of how we value it.

As another year goes by, I have found myself saying when someone asks my age, "I'm staying at 39 years of age."

As if that age is somehow the pinnacle of my life by which all of my other years are measured as less than.

But really, I would not want to be 39 again because I am who I am right now.

If I stayed at 39 I would have less wisdom, less opportunities to learn and life's lessons would not have enriched me.

I will not make light of people who are 39 either because ageism can work both ways.

Let's not diminish ourselves as women when we see corporations, media giants and society as a whole doing it.

As it is, I have grey hair appearing along my hairline. I do not feel a need to colour my hair to obliterate this beautiful

### Anxiety in Children

Does any of this sound like your child or teen?

- Clinging, crying and/or tantrums when you separate
- Excessive shyness, avoiding social situations
- Constant worry
- Avoiding situations or places because of fears
- Complaints of frequent stomach aches or headaches
- Experiencing sudden and frequent panic attacks

If you answered yes to any of these statements your child may be experiencing anxiety.

**As a parent of an anxious child, you are not alone.**

Anxiety is one of the most common mental health concerns for children and adults, affecting upwards of 20% of children and adolescents over the lifespan. Anxious youth are often quiet and well behaved, and thus frequently go unnoticed by their parents, teachers, and coaches. Alternatively, others can be disruptive and act out, being labeled as having attention deficit disorder or being a "bad" kid. Both scenarios result in children failing to receive the help they desperately need. Sadly, untreated anxiety can lead to depression, missed opportunities in career and relationships, increased substance use, and a decreased quality of life.

Pointers for Helping Children Escape the Cycle of Anxiety

#### 1. **The goal is not to eliminate anxiety, but to help a child manage it**

The best way to help kids overcome anxiety isn't to try to remove stressors that trigger it. It's to help them learn to tolerate their anxiety and function as well as they can, even when they're anxious.

#### 2. **Don't avoid things just because they make a child anxious**

Helping children avoid the things they are afraid of will make them feel better in the short term, but it reinforces the anxiety over the long run. If a child in an uncomfortable situation gets upset, starts to cry and parents whisk the child out of there, or remove the thing the child is afraid of, he/she has learned that coping mechanism, and that cycle has the potential to repeat itself.

#### 3. **Express positive but realistic expectations**

You can't promise a child that his/her fears are unrealistic but you can express confidence that the child is going to be okay, he/she will be able to manage it, and that, as the child faces his/her fears, the anxiety level will drop over time. This gives the child confidence that your expectations are realistic, and that you're not going to ask him/her to do something he/she can't handle.

# INSPECTION

## Inspection of MNRF-Approved Prescribed Burn Plan for Slash Pile Burning Temagami Forest

The Ontario **Ministry of Natural Resources and Forestry (MNRF)** invites you to inspect the MNRF-approved prescribed burn plan for slash pile burning that will be carried out in the **Temagami Forest** (see map).

As part of our ongoing efforts to regenerate and protect Ontario's forests, some recently harvested areas have been selected to be burned under the guidelines of the MNRF's *Prescribed Burn Manual*. The prescribed burn will reduce the area covered in slash piles while increasing the area available for regeneration and reducing the fire hazard. The burn is scheduled for ignition between **October 1, 2022** and **December 24, 2022**

The approved prescribed burn plan for slash pile burning, including specific locations and maps, is available electronically for public inspection by contacting **Temagami Forest Management Corporation** and on the Natural Resources Information Portal at <https://nrip.mnr.gov.on.ca/s/fmp-online> until **March 31, 2023**, when the Annual Work Schedule expires.

Interested and affected persons and organizations can arrange a remote meeting with MNRF staff to discuss the prescribed burn plan. For more information, please contact:

# Stay Clear, Stay Safe this Labour Day weekend

DISTRICT (Staff) — Many families are eager to enjoy the last long weekend of summer before everyone settles into routines at work and school. The waterways will be buzzing with people out having fun. Ontario Power Generation (OPG) reminds you the dangers around hydroelectric stations and dams are real - stay clear, stay safe.

They advise people to heed all warning signs posted for safety reasons around power dams.

You may feel you understand the risks, but if you choose to swim, boat or fish near a hydroelectric station or dam, your life is on the line. Calm riverbeds below dams may look inviting but they can quickly change into rapidly flowing waterways with dangerous currents.

- OPG operates 66 hydroelectric stations and 241 dams on 24 Ontario river systems.

- Despite continued warnings, some people disregard signs and barriers, putting themselves at risk.

- OPG works with Ontario Provincial Police to enforce these warnings and police could lay charges.

“The message is simple, stay clear, stay safe,” said OPG senior vice president, renewable generation, Paul Seguin.

“Enjoy this last long weekend of the summer safely, by paying attention to water levels, warning signs, and fences and other barriers.”

For more information about water safety, visit: [www.opg.com/watersafety](http://www.opg.com/watersafety) or call Ontario Power Generation at 416-592-4008 or 1-877-592-4008.

## EXAMEN

### Examen du plan de brûlage dirigé approuvé Par le MRNF pour les Résidus de coupe Forêt Temagami

Le **ministère des Richesses naturelles et des Forêts (MRNF)** de l'Ontario vous invite à examiner le plan de brûlage dirigé approuvé par le MRNF pour les résidus de coupe, qui sera exécuté dans la **forêt Temagami** (voir la carte).

Dans le cadre de nos efforts soutenus pour régénérer et protéger les forêts de l'Ontario, des endroits où des coupes ont eu lieu récemment ont été sélectionnés pour faire l'objet d'un brûlage dirigé conformément aux lignes directrices énoncées dans le *Manuel sur le brûlage dirigé* du MRNF. Le brûlage dirigé permettra de réduire la zone recouverte de résidus de coupe tout en augmentant la superficie de la forêt qui pourra être régénérée et en diminuant les risques d'incendie. Le brûlage devrait être lancé entre le **1 octobre 2022** et le **24 décembre 2022**.

Le plan de brûlage dirigé approuvé, qui indique les endroits où le brûlage aura lieu et qui comprend des cartes de ces endroits, peut être consulté par le public, par voie électronique, en communiquant avec la Société de gestion forestière de Temagami durant les heures normales d'ouverture et en visitant le Portail d'information sur les richesses naturelles <https://nrp.mnr.gov.on.ca/s/fmp-online?language=fr>, et ce, jusqu'au **31 mars 2023**, date à laquelle le Calendrier annuel de travail expirera.

# How to prevent impaired driving over the holidays

## Attending a party

If you're attending a holiday shindig, make sure to choose someone to be a designated driver. If this person ends up consuming drugs or alcohol, play it safe by calling a cab or using a ridesharing service. You could also plan to rent a room at a nearby hotel or sleep over at a friend's house to avoid getting behind the wheel.

## Hosting a party

If you're hosting a holiday party, there are a few precautions you can take to make sure your guests don't drive while under the influence of drugs or alcohol. For example, serve plenty of food and provide alcohol-free beverages throughout the night. In addition, offer your spare bedroom or couch to anyone who wants to stay the night, or pre-arrange cab rides for those who need a lift.

## Tips for the road

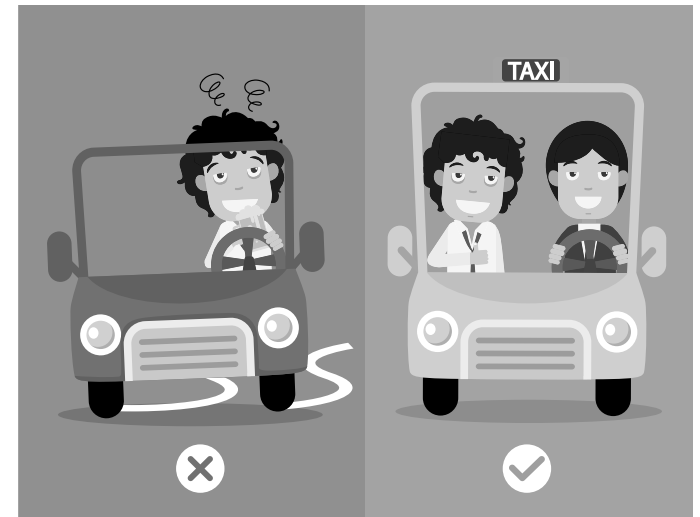

When driving home from a holiday shindig, keep an eye out for the following warning signs that another driver might be under

the influence of drugs or alcohol:

- They're making wide, abrupt or illegal turns
- They have a slow or delayed reaction time to traffic lights and signs
- They're driving unreasonably fast, slow or at an inconsistent speed
- They're continuously weaving, swerving or drifting out of their lane

If you suspect you're driving behind an impaired driver, slow down, stay behind them and, when it's safe to do so, pull over and call 911.

Additionally, impaired driving accidents that result in fatalities are more likely to happen very late at night or early in the morning. Therefore, try to avoid being on the road between midnight and 3 a.m.

## TEMISKAMING SHORES PUBLIC LIBRARY

### Library Hours:

Mondays: 10-4  
Tuesdays, Wednesdays and Thursdays: 10-8  
Fridays and Saturdays: 10-4

### Libby Virtual Training Sessions

The Temiskaming Shores Public Library is hosting live, virtual demonstrations of how to get started with borrowing ebooks and audiobooks through the Libby app. This free online event features sessions for both new and experienced users and takes place on Monday, September 12, Tuesday, September 13 and Thursday, September 15 from 10:00- 11:00 am at the Library in the Programming Room.

On September 12, patrons will start with the basics of the Libby app. On September 13, there is a Libby Deep Dive session with more details on the app use. Finally, on September 15, patrons will have a session on Libby's online magazines.

Patrons are asked to bring their own device and library card so they can practice along with the session. Register for the sessions by calling 705-647-4215, or email [info@temisklibrary.com](mailto:info@temisklibrary.com).

**CO<sub>2</sub> Sensor Lending Program** Curious about the air quality in your indoor spaces? The library has a new CO<sub>2</sub> Sensor lending program, thanks to a donation by Rise of three Aranet4 Home Air Quality monitors. CO<sub>2</sub> is a gas that is produced when people exhale. As more people remain in a room, CO<sub>2</sub> levels increase quickly if there is not enough fresh air coming into the space. High indoor CO<sub>2</sub> levels can cause tiredness, headaches and other symptoms, and indicate that a space is not well ventilated. High CO<sub>2</sub> levels can also facilitate the spread of airborne infections. The devices are not CO (Carbon Monoxide) detectors and are not life safety devices. Contact the library to learn more!

**Ontario Parks Day Passes** for loan at the library. The day passes allows a car into an Ontario Park for the day for free. Swim, canoe, kayak, fish, hike or picnic at a park nearby such as Kap-Kig-Iwan in Englehart, Esker Lakes in Kirkland Lake, Finlayson Point in Temagami or any of the parks further afield! The park passes can be taken out for one week, and you may place a hold in advance to plan your trip. Contact the library for more information!

**Mobile Wifi Hotspot Lending program** going to the cottage and need internet access? Check out a portable wifi hotspot to stay connected! The library has received funding through the Temiskaming Health Unit's Digital Divide grant program to add five new devices to our collection. Library members 18 and older may borrow a hotspot for three weeks, for free from the library--there are no fees and the data is provided by the library. The hotspots will work anywhere in the region where there is a cellular connection. Contact the library for more information!

### Gadget Helper

The library's gadget helper program is up and running again, Contact the library and let our staff person know what you would like to learn. Currently we offer weekly one on one times on Thursdays. In the past, the gadget helper program has helped patrons with topics from learning to navigate the basics of a new device to downloading ebooks and accessing online resources and even troubleshooting hardware and software issues with phones, tablets and laptops.

For more information about any of these programs please call us at 705-647-4215, email us at [info@temisklibrary.com](mailto:info@temisklibrary.com) or pop into the library and speak to one of our friendly staff members.

### Northern College Satellite Service Hours

### Question and Answer Period

#### Procedure

Question and Answer Periods during a regular meeting of Council are an opportunity for members of the Public to submit questions pertaining to an item on the Agenda, or the business of Council. Members of the public who wish to submit questions to Council at a Regular Council Meeting, may submit in writing or via email to [questions@temiskamingshores.ca](mailto:questions@temiskamingshores.ca). The questions received will be read aloud and responded to during the Question and Answer Periods.

Emailed questions will be received until the second Question and Answer Period. Questions received after this time, will not be read aloud at the Meeting. Note: Correspondence sent to the Mayor and Council may be included in a Council agenda/package, and become part of the public record.

Comments or questions submitted via the City of Temiskaming Shores Facebook page, will not be considered, and the moderator of the live-streamed Meeting may remove any and all comments.

# Only YOU Can Prevent Cooking Fires

**Cooking left unattended** is a leading cause of home fires in Ontario.

Install **smoke and carbon monoxide** alarms on every storey of your home.

**Test them every month.**

## How do I keep myself and my loved ones safe?

- To prevent cooking fires, you must **be alert**. You will not be alert if you are sleepy, have consumed alcohol, drugs or medicine that makes you drowsy.
- Always stay in the kitchen while cooking.** If you must leave, turn off the stove.
- Keep anything that burns—*oven mitts, cooking utensils, dish cloths, paper towels and pot holders*—a **safe distance from the stove**.
- Keep a **proper-fitting pot lid** near the stove when cooking. If a pot catches fire slide the lid over the pot and turn off the stove. Do not move the pot until it has cooled completely.
- Loose-fitting clothes can come into contact with stove burners and catch fire. **Wear short sleeves, tight sleeves or roll them up** when cooking.

For more information contact your **local fire department**.
