

# Wild foods topic of local conference

**Darlene Wroe**

Local Journalism Initiative Reporter

TEMISKAMING SHORES - Ni Dakinan, the Natural Resources and Heritage Department of the Temiskaming First Nation, will be presenting a two-day conference at Riverside Place in New Liskeard March 23 and 24.

Planting the Seeds of Cultural Forest Knowledge will allow participants to learn more about plant identification, and about local habitats for plant species and the symbiotic relationships that happen in the forest with plants and soils, and with trees and fungi.

Ni Dakinan administrator Tara Dantouze said in a telephone interview that the event will also be an opportunity to hear about sustainability for forestry practices and to network with a view to building networks and partnerships.

There will also be a showcase dinner prepared by award-winning Anishinabe chef Cezin Nottaway of Kitigan-Zibi, Quebec, who will be using many of the wild foods that are being harvested in the forests, said Dantouze.

"We are always trying to build our program and bring in experts to teach ourselves and also to teach the community members," she said of this and similar events that have been presented by Ni Dakinan.

"We are trying to encourage people to reconnect with the forest and learn about the forest in terms of what the wild foods can contribute to our diet." She said Ni Dakinan is looking to grow a network of harvesters who may be interested in working together, or may be interested in selling their products to the Wild Basket, which is a project of Ni Dakinan.

products that are sold on the market at select stores in the region, Dantouze said.

"We're looking for choice edibles which are really delicious food products," she explained. She said DNA results will be shared of truffles that were found locally this past summer.

The conference presentations will be made by

people who have built the Wild Basket over the past years, she said. A certified forester will also be there to talk about trees and the symbiotic relationship between trees and fungi, she continued.

The event is open to the general public for both Indigenous and non-Indigenous people. Tickets are available through EventBrite.

# Celebrating the achievements of Indigenous women and girls

**Darlene Wroe**

Local Journalism Initiative Reporter

**TEMISKAMING SHORES** - On International Women's Day March 8, Native Women's Association of Canada (NWAC) president Carol McBride stated her pride in the achievements of women and girls across Canada.

"I would particularly like to honour Indigenous women as they continue to lead, inspire and make change," said McBride, who is a former chief and councillor of the Timiskaming First Nation, and a past grand chief of

the Algonquin Anishinabeg Nation Tribal Council.

She spent time at Keepers of the Circle New Liskeard for tea and bannock to celebrate the day with other Indigenous women of the area.

"This year's theme for International Women's Day is Embrace Equity," said McBride in a news release.

"To embrace equity is to recognize the unique challenges Indigenous women and girls face and to work together to create a society where we can thrive. I strongly believe equitable inclu-

sion in all decisions about our people is paramount to reconciliation.

"We must listen to and learn from Indigenous women and girls. We must work to eliminate the systemic barriers that prevent Indigenous women and girls from fully participating in Canadian society. We must be inclusive of all voices to ensure true representation.

"On this International Women's Day, let us celebrate, and then commit to continuing to work together to build a better, safer, more inclusive future.

"Recently, our team at NWAC launched the Change the Bill campaign advocating for the inclusion of an Indigenous woman on the Canadian \$20 bill. By featuring Indigenous women on our currency, we can inspire future generations of Indigenous women and girls and promote greater awareness of their achievements and contributions. Already through this campaign, we've been able to introduce Canadians to Rita Joe, Margaret Pictou, Josephine Mandamin, Elsie Knott, and many more In-

## Photografiks hope for picture perfect NOHA weekend

**Sue Nielsen**  
Speaker Reporter

TEMISKAMING SHORES — The Temiskaming Shores Fotografiks Puckhounds U15 House League team is hoping to keep their focus and come away with a picture perfect weekend at their Northern Ontario Hockey Association (NOHA) Tournament of Champions.

The four-team NOHA tourney takes place in Kirkland Lake at the Joe Mavrinac Community Complex from March 17-19.

The teams participating are the Puckhounds, the Englehart Rotary Express, the Kirkland Lake MGI Blue Devils and the Timmins Northern Mechanical North Stars.

This is a team that is no stranger to winning in the Nipissing District Hockey League (NDHL). A snapshot of their victories include winning the Nipissing District Hockey League, the Super Sunday weekend in French River on March 4, a silver medal in Powassan in December, and a silver in the Kal Tire Challenge Cup held in New Liskeard January 13-15.

The highlight of the season for the team was winning the NDHL Super Sunday weekend and being league champions during the regular season.

“We are fortunate to have such a great group of players,” said team manager Sylvie Rioux in an email interview.

“They have a good work ethic, great chemistry on and off the ice. They work hard and play hard.”

The team has five first year and seven second year players.

She says the key to winning the NOHA championship is “to play as a team and work hard.”

Photografiks has met two of the three teams previously that they will meet in KL.

They think their chances of bringing home gold are good.

“On behalf of the coaching staff, the players and their fami-

lies, we gratefully acknowledge the sponsors who supported our team for the NOHA Tournament of Champions. Thank you Bumstead Trucking, Socket Electric, Tri-Town Toyota, Poly-Ure Castings and Marc Fortier. A special thank you to our team sponsor Fotografiks and the Temiskaming Shores Minor Hockey Association for support throughout the season,” noted Rioux.

Photografiks play their first game on Friday against the North Stars at 10:20 a.m.

Then they take on the Express at 4:20 p.m.

On Saturday, March 18, they play the host Blue Devils at 11:20 a.m. and later that day play Timmins at 5:20 p.m.

On championship Sunday, March 19, the second place team plays the third place team at 9 a.m.

The first place team would then play the winner of the morning game at 1:30 p.m. for the gold.

## Celebrating

digenous change-makers.”

She pointed to the ongoing violence and obstacles facing Indigenous women, and the efforts to push forward and make their voices heard.

“The women in our communities have faced an indescribable amount of discrimination and violence, and yet we push forward.

“They tried to take away our culture, and yet today we celebrate it because we are resilient.

“They steal our sisters, and yet we continue to search and fight for them because we are strong.

“They try to keep us out of the decision-making rooms, and yet we walk in and take our seat at the table because we are determined.

“We are the life givers, the knowledge keepers, the community builders. We are powerful.”

## EDITORIAL

# Profits over people?

One of the most talked about topics these days at the water coolers and on the street is the high price of groceries.

The billionaire president of Loblaw, Galen Weston Junior, told MPs recently that he is not making excessive amounts of money from selling food items.

But by the company's own admissions it earned a profit available to common shareholders of \$529 million. Its fourth quarter revenues rose 10 per cent to \$14.1 billion.

He and others spoke in front of a parliamentary hearing in Ottawa on March 8.

MPs wanted the big grocery chains to answer questions about why they are allegedly driving up food prices to make record profits.

The big grocery chains say suppliers are raising prices and costs are going up so their prices have to follow suit.

They claim the record profits grocery companies are making come from the sales of non-grocery items like cosmetics, clothing and pharmacy items.

The big grocery chains can spin it any way they want, the facts are that prices are way up and they are making billions in profits after expenses.

This is no different than the bread fiasco a few years ago.

Loblaw was one company among others that was found guilty of price fixing bread prices in 2019.

Many people shuddered when our federal government gave Loblaw \$12 million of our hard earned tax dollars to purchase energy efficient freezers in 370 stores in 2019.

The bread fixing company says it is not making excessive grocery profits off the backs of ordinary Canadians.

Canada's food price index predicts Canadian families (average of four people in the family) will spend \$1,065 more on food in 2023, says Canada's Food Price Report.

What about the people on fixed incomes, social assistance, disability pensions and on and on?

In order for people to remain healthy and vibrant, they need to eat a well-balanced diet that includes fruits and vegetables.

Poor diets will result in illness and this will place stresses on our already overburdened health care system.

The number of Canadians accessing food banks has risen by 20 per cent, says a national survey from the University of Saskatchewan.

Is this the Canada we wish to live in where the rich get richer and the poor get sicker because they can't afford to eat well?

# Don't promote misinformation

I picked up my mail last week and in it was a publication that can be loosely called a "newspaper."

I hesitate to call this rag a newspaper, because the only thing credible about it was the paper on which it was printed.

It was full of anti-vaccine views and conspiracy theories with an anti-Asian, anti-Muslim slant.

A cowardly publication that blames minority groups for what is happening in our country and elsewhere.

The anti-vaccine freedom pundits are getting tiresome as they lag behind reality.

My goodness, it was a struggle to read what was printed on the first page let alone what was inside this publication.

The underlying theme of the publication was there is too much government and the CO-

VID-19 pandemic was a hoax.

The authors seem to be the authorities on health, education and well-being, although I wonder whether any of them has a doctorate in anything but writing junk.

I will be the first person to defend free speech, but that right comes with an obligation to get the facts straight and present credible information.

This publication has hateful messages not-so-covertly aimed at minority groups.

I think this publication is the poster child of misinformation and the hate we see circulating these days on social media platforms and elsewhere.

They say, in the meantime, international world elitists were meeting in Dubai for the 2022 World Government Summit.

Of course those evil world leaders were plotting to take over

our hearts and minds - bwa, ha, ha.

In terms of attacks on minority groups, we have a One Light in Temiskaming Shores group that recently formed to bring people of different cultures together in a spirit of love and inclusion.

When I read some of the stories I immediately thought of how divisive the publication was.

And how it didn't present an inclusive, multi-cultural platform that is so badly needed in our communities.

This publication is surely a slap in the face to public health officials and medical workers across our region and country who worked tirelessly to help people cope with the virus.

And I could not help but reflect on the hundreds of thousands of deaths attributed to the COVID-19 virus and all those families

grieving for lost loved ones.

To date there have been 51,624 deaths attributed to the virus in Canada, says Health Canada.

Deaths linked to COVID-19 in our region are at 35 according to the Temiskaming Health Unit data.

Sue Nielsen

I promptly put that publication where it belongs, in the recycling bin.

### March is Colorectal Cancer Awareness Month

Colorectal cancer (CRC) is the second most common cause of cancer deaths in Canadian men and women. Colorectal cancer incidence and mortality rates in Ontario are among the highest in the world.

#### Early Warning Signs:

If you notice any of the following, be sure to inform your doctor as soon as possible:

- Unexplained changes in bowel habits, such as constipation or diarrhea
- Change in size/shape of stools, such as being narrower than usual
- The urge to have a bowel movement but nothing passes
- Rectal bleeding
- Blood in or on the stool, ranging from bright red to dark black
- Persistent abdominal pain/discomfort including bloating, fullness, cramps, gas pain
- Unexplained weight loss
- Weakness and fatigue
- Anemia, caused by iron deficiency

Many of these signs may also be caused by other less serious gastrointestinal conditions, such as ulcers, Crohn's disease or hemorrhoids, but they should always be discussed with your doctor to receive the correct diagnosis.

The good news is that there is now a simpler colorectal screening test!! The fecal immunochemical test (FIT). FIT replaced the fecal occult blood test (FOBT) for people at average risk of getting colorectal cancer. Average risk is defined as people ages 50 to 74 with no first-degree relative who has been diagnosed with colorectal cancer. First degree relative refers to a parent, brother or sister or a child.

FIT offers several advantages over FOBT:

- FIT is a more sensitive screening test, which means it is better at detecting colorectal cancer and pre-cancerous polyps;
- There are no medication or dietary restrictions (including anticoagulants and vitamin C);
- FIT is simple to use and helps reduce contact with stool; and
- Only one stool sample is needed compared to the previous 3 sample requirement

#### What do You Have to Do?

Your primary care provider will fax a requisition to LifeLabs for you when you are due for this screening test and LifeLabs will mail a FIT kit to you directly.

Once completed, it's important to either drop it off or mail it to Lifelabs within two days of collecting it. It's that easy!

## DIFFERENT STROKES

Is it not wonderful, a March Break where we can visit, plan an outing and just be out without worrying. COVID-19 has finally subsided, giving us these opportunities, and hope-

fully it's gone for good.

The Temiskaming Shores Skating Club Ice Show held at the Shelley Herbert Shea Arena was one of those good signs, with over 100 skaters getting together, having fun, and showing their expertise.

Our Theme this Year was "Come to the Circus" and what a great job of decorations, music, and costumes - our coaches teaching all the right moves - and our very special Ring Master Alex Bain made sure all our little animals followed his rules from the Popcorn group to our Strong Men to our beautiful leading ladies.

Thank you to everyone who helped with set-up and decor and to all our amazing audience who make it so special. We truly look forward to next year's Ice Show.

Our CanSkaters received

**4 perfect  
 locations to hold  
 your wedding**

Are you looking for a wedding venue that reflects your spirit as a couple? Here are four venue ideas that may inspire you.

- 1. Yacht.** Space limitations may force you to limit your guest list to your absolute nearest and dearest. However, the fresh air and breathtaking views will ensure your intimate wedding at sea is truly memorable.
- 2. Public building.** The stunning architecture of older buildings lends itself well to the decorum of a wedding. Imagine a couple of book lovers getting married in a stately library or a pair of art lovers tying the knot in the gallery where they had their first date.
- 3. Converted industrial building.** Many old factories and warehouses have been given new lives as event spaces. Although you may need to spend more on decorations to offset the industrial backdrop, the funky surroundings will give your celebration playful energy.
- 4. Vineyard or brewery.** Are you particularly fond of a local brewer or winemaker? A romantic vineyard is perfect for a sophisticated celebration. Go with a casual brewery space for a laid-back vibe.

**When booking a unique venue, don't forget to check with local authorities regarding crowd size, noise restrictions and alcohol service regulations.**

## GETTING PAID

Riley Lalande landed herself some cool cash during the search for money in the hay game played on Sunday morning, March 12, during the Temagami Shiverfest event. She found a toonie wrapped in tape, which won her a special prize as well. (Staff photo by Sue Nielsen)

## DANGLING DONUTS

The Temagami Shiverfest Donut Eating Contest was a huge success on March 12, held upstairs at the Temagami Community Centre. Jasmine Picard takes a bite out of her donut during the competition won by Barb Schell in the women's category. Shiverfest was a four-day winter carnival bringing the community together to enjoy plenty of fun activities. (Staff photo by Sue Nielsen)

WEEK OF MARCH 19 TO 25, 2023  
The luckiest signs this week:  
Aries, Taurus and Gemini

<p>March 21 - April 19</p> 	<p><b>ARIES</b> The week will start somewhat chaotic, and you'll feel like your head is in the clouds. With the arrival of spring, you'll leap into action. To break up your everyday routine, you'll gear up for outdoor activities.</p>
<p>April 20 - May 20</p> 	<p><b>TAURUS</b> Fatigue will catch up with you this week. Let yourself be pampered by those close to you, especially your significant other. You have every right to be spoiled by those you love.</p>
<p>May 21 - June 21</p> 	<p><b>GEMINI</b> You'll receive invitations to participate in several exciting activities. If you're single, there'll be some competition to win your affection.</p>
<p>June 22 - July 22</p> 	<p><b>CANCER</b> You'll be excited about a new project. You're someone who likes taking on new challenges from time to time. Your family will support you when life gets tough.</p>
<p>July 23 - August 22</p> 	<p><b>LEO</b> You're feeling some seasonal fatigue. Winter has been hard on you. This will prompt you to look for deals on a last-minute trip or getaway.</p>
<p>August 23 - September 22</p> 	<p><b>VIRGO</b> You'll finally be motivated to complete all the tasks you've been putting off. You must re-evaluate your circle of friends. Avoid crowds if it's not safe to go out.</p>
<p>September 23 - October 22</p> 	<p><b>LIBRA</b> You'll get a promotion at work. You could be given some rather imposing responsibilities. Keep your head up! If you're in a relationship, your partner will demonstrate their commitment.</p>
<p>October 23 - November 21</p> 	<p><b>SCORPIO</b> Don't be afraid of change at work. Although you must participate in a training course that requires much of your time, you'll benefit from the change and feel great pride.</p>
<p>November 22 - December 21</p> 	<p><b>SAGITTARIUS</b> It's almost time to renew your lease. This will prompt you to look for a new place or buy your own home. A big dream will come true.</p>
<p>December 22 - January 19</p> 	<p><b>CAPRICORN</b> Be careful about what you say. It could be misinterpreted. If only to clear your head, you'll do a major clean-up or freshen up the paint at home.</p>
<p>January 20 - February 18</p> 	<p><b>AQUARIUS</b> Many stores already have discounts on spring fashion, and you can't resist sprucing up your wardrobe. You won't spare any expense. It's an investment in yourself, after all.</p>
<p>February 19 - March 20</p> 	<p><b>PISCES</b> You'll feel like conquering the world and going on a beautiful adventure. You'll be full of ideas and propose several to your family and colleagues.</p>

# DON'T WAIT— Check the Date!

## How old are your smoke alarms?

Smoke alarms don't last forever. *They usually last 10 years.*  
Check the manufacturer's date on your smoke alarms today!  
**Replace expired alarms.**

### CHECK THE DATE.

Look at the back of the smoke alarm for the date of manufacture. The expiry date is usually 10 years from that date. **Replace expired alarms.**

### TEST YOUR SMOKE ALARMS.

Once you've checked the date, test your smoke alarms by pressing the test button.

### INSTALL SMOKE ALARMS ON EVERY STOREY OF THE HOME AND OUTSIDE ALL SLEEPING AREAS.

For added protection, install smoke alarms in every bedroom.

### HOME ESCAPE PLANNING

It is **vital** that you know what to do when the smoke alarms sound in an emergency:

- Sit down with everyone in your home and discuss how each person will get out in a fire.
- **GET OUT & STAY OUT!** When the smoke alarms sound, get out immediately and call 9-1-1 from outside. Never re-enter a burning building.

Despite their best efforts, the fire department may not arrive quickly enough to save you from a fire. **You need to be outside when the firefighters arrive.**
