Temagami Canada Day includes music, activities

TEMAGAMI - Temagami is adapting to the call for inclement weather on Canada Day weekend.

Plans for a Friday evening concert and Saturday outdoor activities are now being altered and moved indoors.

Temagami parks and recreation co-ordinator John Shymko has advised that the bouncy castles will be brought into the arena in Temagami North, along with everything else, unless the weather forecast changes.

A live concert by the Jesse Thomas Band will now be taking place at the Bunny Miller Theatre at the municipal complex in downtown Temagami. It will be getting underway Friday, June 30, at 8 p.m.

There will be no fireworks in Temagami this Canada Day due to area forest fire conditions, he stated.

Shymko said the concert is being held Friday evening because the bar in town will be having a live band perform Saturday night and the town didn't want to compete with them.

On Canada Day July 1 the centre of activities will be at the Temagami arena in Temagami North.

The festivities were held at the waterfront in past years, but the arena has more space, plus more of the community lives there, said Shymko.

Protect Yourself from the Health Effects of Wildfire Smoke

Before you head outdoors:

Check the air quality forecast by going to https://weather.gc.ca/airquality/pages/index_e.html. This Air Quality Health Index (AQHI) was developed in partnership with Health Canada. It updates twice a day and provides a risk rating on a scale of 1 to 10+. One to three represents a low health risk, four to six is a moderate risk and seven to 10 is considered high risk. Very high pollution levels are considered "10+".

When Smoke is Thick and the Air Quality is Bad:

Stay indoors if possible, closing any potential ways smoke might enter your home. If you have an underlying health condition like asthma, for example, think about asking your health care provider for a renewal of your inhaler ahead of time.

If you do need to venture out on smoky days, you can use a well fitted N95 mask. You can tell that it fits well if, when you breathe in, the mask sucks into your face. If you can feel the air coming around the sides, then it's not a good fit or maybe it needs to be better moulded to your face.

Health Risks:

Your body will try to protect itself against the smoke particles by making more tears and mucous.

Exposure to wildfire smoke can cause:

- runny nose
- scratchy throat
- irritated sinuses
- headache
- cough
- difficulty breathing
- chest pain

Children, older adults, and pregnant women may feel the effects of smoke earlier and have more severe symptoms than others in the community. Smoke exposure can worsen existing lung conditions such as COPD and asthma, and it can also worsen cardiovascular outcomes.

If you have uncontrolled coughing, wheezing or choking, or your breathing does not improve when you go indoors, consult your health care provider or call 811 or chat online at ontario.ca/health811.

Clear the Air

Even after the air quality advisories lift and the skies look clear, there's still work to be done. Smoke can get inside your home despite your best efforts to keep it out. When the air clears again, open all the windows to let any smoky air that's built up inside your house out.

Committed to keeping you as healthy as possible!

EDITORIAL

We are all one people

From the east coast to the west coast, our homeland has been ravaged by wildfires.

People have helped each other through some terrible times of late. Isn't that the Canadian way?

There is sadly a great deal of negativity in the world, which at times outshines the good things in our lives.

There seems to be increasing polarization between left wing and right wing political pundits in this country.

When in reality, all both sides want is the best for their supporters, us Canadians.

We know there are going to be issues that divide us, but there are far more issues that unite us.

Let's keep this in mind as we celebrate and come together this Canada Day long weekend.

At the end of the day let's find that common ground that makes us the country that we are.

As we venture forth into what might be considered a challenging future, with climate change affecting our daily lives on a broader scale, and a world in the throes of a war in the Ukraine, let us set aside the uncertainty of polarization and find common ground.

Extolling what brings us together as Canadians will be charted by our commonalities, not our differences.

As we celebrate the Canada Day long weekend, remember to stay safe, slow down on area roads and avoid alcohol or drugs when behind the wheel of motorized vehicles such as cars, trucks, ATVs, scooters, E-bikes and boats.

May we all work together as Canadians, Indigenous and non-Indigenous paddling down the river of understanding towards a shared truth and reconciliation.

And may we welcome those from around the world who chose to live in our beautiful country.

Happy Canada Day everyone!

This land is our land

“Where peace comes dropping slow”

W. B. Yeats

Sue Nielsen

The forests, the wetlands, the waterways and fields are our landscape.

If we set aside the human challenges and politics and the disagreements, what remains is the land.

Because of the beautiful shorelines, the colourful sunsets and super moons, I will celebrate Canada Day, being so grateful to live, work and play here.

I will not light fireworks, not even a sparkler because of the fire hazard and the stress they bring to our fur babies.

Our country and this region is incredibly beautiful, luring visitors to our area from urban places.

I have seen more and more canoe-style ads in Northeastern Ontario tourism publications that say to me - this land is made for you and me.

The canoe is an important icon of Canadian culture.

However we must not lose sight of the fact the canoe is the brainchild of our Indigenous peoples and a gift to us.

We know water travel opened up the north as early pioneers paddled up Lake Temiskaming during the fur trade days.

On Canada Day, I will be somewhere close to water and forests, hopefully in silence away from the din of motors and machines and productivity.

People need time away from the routines of life to clear their heads and hearts.

Walking along an old growth trail near the

Temagami fire tower gives one clarity in a forest-bathing way.

Walking the boardwalk in New Liskeard at dawn, before anyone is up, is indeed a pleasure.

There are many local lodges and campgrounds that have everything you need to enjoy time in nature, including canoes, motorboats and kayak rentals.

Paddling a northern lake with the mist rising up surrounded by birdsong is a temple. A temple to worship at the altar of nature, our beautiful land.

During the COVID-19 pandemic, when we were restricted in our movements, people suddenly discovered the natural world around them and began to reconnect with nature.

Ontario Parks were overloaded with bookings as people escaped the concrete jungles to commune with this majestic land of ours.

This summer we are free and campgrounds are bursting with eager campers looking for their healthy living fix.

The fact that we have virtually untouched wilderness in our region is a bonus.

Wild places aid in our relaxation, as W. B. Yeats so poignantly said, “where peace comes dropping slow” in his poem called *The Lake Isle of Innisfree*.

The wild world is a poem worthy of reading.

May you spend some of your Canada Day outside, thankful to be living in such a majestic country as ours.

Happy Canada Day everyone!

Developing a taste for haskaps

TEMISKAMING SHORES (Staff) – You may have seen them or heard about them.

On July 8, you'll have a chance to taste them.

Grower Graham Gambles will have two or three varieties of haskap berries available for visitors to try at the Saturday morning Riverside Farmers' Market.

Gambles has also provided berries to six market vendors who will have products available that incorporate the deep blue berry.

The July 8 event ties into National Haskap Days, a Canada-wide promotion of the unique berry.

Meanwhile, Gambles is also inviting visitors to drop by his haskap acreage on the West Road outside Haileybury.

From 1 p.m. to 5 p.m. July 3 through 7, visitors can drop by for an informal tour and see haskap varieties at different stages of maturity.

"Do a bit of comparative taste-testing on the side and learn how to both pick the berries and identify if they're actually ripe," said Gambles in an email.

Visitors may also be able to pick their own berries, but only if the weather cooperates.

Picking wet berries turns into juice manufacturing, he said.

CITIZENS OF THE YEAR

Over 100 members of the 100+ Women Who Care Temiskaming Shores and More gathered at their May 31 meeting held at the Haileybury Golf Club to accept the CJTT FM Citizen of the Year Award, presented to 100 Women chairperson Laurie Wilson by CJTT's Liz Allen. The women's group has donated upwards of \$180,000 to not-for-profit groups in South Temiskaming to date. (Staff photo by Sue Nielsen)

With the money received, the organizing committee was able to promote the tournament for its 10th anniversary and prepare for future years. Special thanks to

Les profits du Tournoi Lafond sont partagés entre les paroisses où le père Lafond a œuvré, et cela depuis les débuts de l'événement. Pour sa 10^e édition et pour reconnaître l'aspect rassembleur du tournoi, les organisateurs ont décidé de faire un don à un organisme de la communauté. Le choix s'est arrêté sur Zack's Crib qui veut enrayer l'itinérance dans notre région.

Sur la photo, 5 des 6 membres du comité organisateur du tournoi (absente Jacque Lévesque), Gaston Leduc, Michelle Gagné, Firmin Lafond, Gérard Vachon et Michel Massie offrent un don de \$1500 à Yves Paillé, responsable du regroupement Zack's Crib.

Profits from the Lafond Tournament are shared between the parishes where Father Lafond served and have been since the event's beginning. For its 10th edition, and in recognition of the tournament's unifying aspect, the organizers decided to donate to a community organization. The choice fell on Zack's Crib, which aims to end homelessness in our region.

In the photo, 5 of the 6 members of the tournament organizing committee (absent Jacqueline Lévesque), Gaston Leduc, Michelle Gagné, Firmin Lafond, Gérard Vachon and Michel Massie offer a \$1500 donation to Yves Paillé, head of Zack's Crib.

HOROSCOPE

WEEK OF JULY 2 TO 8, 2023
The luckiest signs this week:
Pisces, Aries and Taurus

March 21 - April 19

ARIES You'll take advantage of the summer holidays to get a few projects out of the way, both at work and at home. Don't forget to rest and make time for yourself.

April 20 - May 20

TAURUS This week is all about fun! You'll have plenty of opportunities to celebrate in one way or another. Now is the time to choose what you'll be doing on summer vacation; the choice won't be easy. Be careful not to overlook certain responsibilities.

May 21 - June 21

GEMINI Change is needed! You can't put it off any longer. You'll start a business project or look for a better job. It may also be time to update the decor in your home.

June 22 - July 22

CANCER You'll attend training courses or conferences and participate in negotiations at work. If you're in a relationship, your partner must pull their weight. You can't wait on them hand and foot. With sympathy and understanding, you'll be able to change bad habits at home.

July 23 - August 22

LEO Summer holidays are fast approaching! However, you may not be able to disconnect from work because certain tasks may require you to check in every so often. If you're single, you'll have to wait after a first date before getting back in touch.

August 23 - September 22

VIRGO You'll tie up all the loose ends that have been bothering you and finish everything you've been putting off. Don't improvise your entire summer vacation. Some tourist spots sell out quickly, so make your reservations now.

September 23 - October 22

LIBRA You'll want to spend your summer vacation at home. You'll fill your days off with landscaping projects, like redoing the flower bed or other fun activities. This could be how your vacation pans out.

October 23 - November 21

SCORPIO Travel is on the horizon! Always make a list before you go grocery shopping. Otherwise, you may have to go back a few times. You'll be easy to talk to, but some people may be stubborn.

November 22 - December 21

SAGITTARIUS You love to travel and don't want to miss out on anything this summer. Make a budget so you can do everything you want! You must coordinate with work, family and your significant other to have your dream holidays.

December 22 - January 19

CAPRICORN You'll be recognized for your sense of initiative. At work and in your social life, you'll create opportunities and exploit them to their full potential. You'll be bursting with energy during exciting activities.

January 20 - February 18

AQUARIUS You may flip-flop on what to do before going on holiday. You have some anxiety about the cost of living. Don't forget that happiness is worth its weight in gold. Love will creep into your life when you least expect it.

February 19 - March 20

PISCES You'll be reunited with loved ones. It's also time to slow down at work. For example, try taking a longer lunch break to socialize with colleagues, employees, bosses or associates.

Timmins now offers 10-day passport service

TIMMINS (Special/Staff) – The expansion of 10-day passport service to Timmins has a stamp of approval from the region's MP.

"People are travelling all the time," said Timmins-James Bay MP Charlie Angus in a news release.

"People require a passport turnaround time that meets the needs of Northerners. It is not fair to have to travel to Southern Ontario to get these services," said the New Democrat MP.

The expansion of 10-day service to Service Canada centres in Timmins as well as Dryden took effect June 21.

It means Canadians can apply for a passport and pick it up in 10 business days or receive it by mail (mail time not included).

In Ontario, ten-day service is also available at Service Canada locations in Sudbury, Sault Ste. Marie, Barrie and Kingston.

Angus said ten-day service provides certainty for those who must travel on short notice.

"We have pushed for regional centres to ensure fairness across the country. I have long argued the merits of putting this service in Timmins, and I thank the government for working with us on this important addition to passport services."

Canadians who need their passport in less than 10 business days must visit a passport office that offers express or urgent pick-up service.

For mail-in applications and applications submitted at regular Service Canada centres, the goal is 20 business days.

Since March 21, Canadians have been able to get real-time updates, 24 hours a day, on the processing of their applications through the online Passport Application Status Checker.

In the 2022–23 fiscal year, Service Canada issued 3.35 million passports.

It forecasts that between 4.3 million and 4.9 million passports will be issued in the 2023–24 fiscal year.

How to involve your dog in your wedding

If you're getting married and want your pooch to be a part of the wedding, here are three ways you can incorporate your canine companion into the big day.

1. **AS A RING BEARER** Place your wedding rings in a small box and attach it to your dog's collar. During the ceremony, call your dog to the alter or have someone guide Fido up the aisle to present the rings.
2. **AS A GUEST** If some of your other guests have dogs, you may want to set up a fenced-in area where all the pooches can play together. However, it's probably best to place this area away from the main party.
3. **AS A MODEL** Pets are photogenic. Why not include your dog in your wedding photos? Your pup is sure to enjoy the time away from the party.

Remember, your dog should look their best for your big day. Consider making an appointment with your pet's groomer.

Prepare a grab bag for your dog with their treats, bowls, toys, food and anything else you think they might need. It's also a good idea to designate someone to take care of your pooch during the day's events.

We can accommodate up to 600 people on the arena surface and up to 90 people in the lounge. We also have a modern fully equipped kitchen and offer a licenced bar with professional bartending services.

Our facilities are available for:

- Weddings
- Trade Shows
- Conferences
- Meetings
- Special Occasions, etc.

Is it time for your next COVID-19 booster? Use the chart below if you have completed your primary series and are aged 5 and older.	Le moment est-il venu de recevoir votre prochaine dose de rappel du vaccin contre la COVID-19? Utilisez le tableau ci-dessous si vous avez terminé votre série primaire et que vous êtes âgé de 5 ans ou plus.
<p>Start</p> <p>Have you received a booster dose since Sept 1, 2022?</p> <p>No Get your booster now.* Immunity decreases over time and bivalent boosters protect against the newest circulating variants.</p> <p>Yes Do any of the following apply to you? • Aged 65 and older • Resident of a long-term care home, retirement home, elder care lodge, and other congregate living settings for seniors • Aged 18 years and older living in a congregate care setting for people with complex medical care needs • Pregnant • Aged 18 and older and moderately to severely immunocompromised • Aged 55 and older identifying as First Nations, Inuit, or Métis and non-Indigenous household members aged 55 and older</p> <p>Yes Get your booster at least 6 months after your last dose.* Because of your risk factors, the protection you have may have decreased so you need a "boost in protection."</p> <p>No There is no evidence that you need another booster dose. For most people, protection against becoming very sick from COVID-19 is long lasting so you do not need another vaccine dose right now. More recommendations will come for future doses.</p>	<p>Début</p> <p>Avez-vous reçu une dose de rappel depuis le 1er septembre 2022?</p> <p>Non Obtenez votre dose de rappel maintenant.* L'immunité diminue avec le temps et les doses de rappel du vaccin bivalent protègent contre les nouveaux variants en circulation</p> <p>Oui L'une des catégories suivantes s'applique-t-elle à vous? • Âgé de 65 ans et plus • Résident d'un foyer de soins de longue durée, d'une maison de retraite, d'un pavillon de soins pour personnes âgées et d'autres établissements de soins collectifs pour personnes âgées • Âgé de 18 ans et plus, vivant dans un établissement de soins collectifs pour les personnes ayant des besoins de soins médicaux complexes • Personne enceinte • Âgé de 18 ans et plus, modérément ou gravement immunodéprimé • Âgé de 55 ans et plus s'identifiant comme membre des Premières Nations, Inuit ou Métis et membre non autochtone du ménage âgé de 55 ans et plus</p> <p>Oui Obtenez votre dose de rappel au moins 6 mois après votre dernière dose.* En raison de vos facteurs de risque, la protection dont vous bénéficiez peut avoir diminué et vous avez donc besoin d'un « renforcement de la protection ».</p> <p>Non Rien ne montre que vous ayez besoin d'une autre dose de rappel. Pour la plupart des gens, la protection contre les maladies graves causées par la COVID-19 est de longue durée et vous n'avez donc pas besoin d'une autre dose de vaccin pour le moment. D'autres recommandations seront émises pour les doses ultérieures.</p>

HUMMINGBIRD HABITAT

The Hilliardton Marsh Research and Education Centre held its grand opening for the new Interpretative Centre on June 3. Part of the Marsh's attraction is the Hummingbird Habitat Garden, with flowers to attract and nourish hummingbirds. Holding a pictorial story of how the Hummingbird garden was created back in 2014 are educators Deborah Murray (left) and Mary Graham. "Many hands created the garden and continue to keep it growing," said Murray. "Thanks to Janie McLaughlin, Eileen Armstrong Fisher and Bev Gordon and many more whose work and creativity created the beautiful garden." (Staff photo by Sue Nielsen)

Clothes Dryer Fire Safety Tips

A leading cause of dryer fires in the home is the **lack of dryer maintenance.**

How do I keep myself and my loved ones safe?

When Installing...

- Have your dryer installed and serviced by a **qualified technician.**
- If you install your own dryer, **follow the manufacturer's instructions** before installing the dryer vent.

Always...

- **Follow the manufacturer's instructions** regarding the safe use of the dryer.
- **Inspect and clean the lint screen** after each load of laundry. The build-up of lint can lead to a fire. Regularly remove lint from ducts and exhaust vents.
- Regularly **inspect the outdoor vent** to ensure it is unobstructed.
- **Turn the dryer off** if you leave home or when you go to bed.
- Keep the area around the dryer **clear of items** that can burn.

Install **smoke and carbon monoxide alarms** on every storey of your home. **Test them every month.**

For more information contact your **local fire department.**

Sharrows

What are Sharrows?

A bicycle sharrow, two chevrons painted above a bicycle symbol on the road, indicates the lane is shared by both bicyclists and motorists.

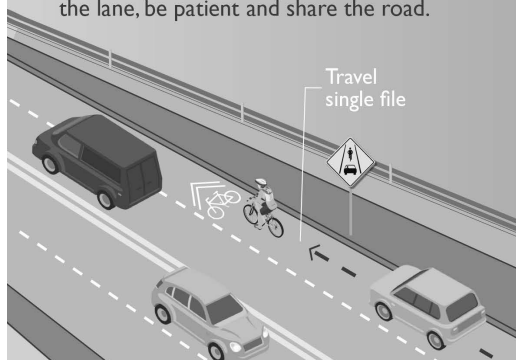

Vehicle and bicycle traffic may be in the lane. Remember sharrows do not mean that the indicated space is exclusively for bicyclists.

Bicyclists

Bicyclists should "take the lane" by riding closer to the middle of the lane to reduce the risk of vehicles passing too closely.

Motorists

Sharrows closer to the middle of the lane remind you that it is unsafe to drive side-by-side with bicyclists. When bicyclists claim the lane, be patient and share the road.

Working towards **VISION ZERO:**
 zero traffic fatalities and serious injuries.

Chevrons vélos

Qu'est-ce que les chevrons vélos?

Les chevrons vélos sont deux chevrons au-dessus d'une bicyclette peints sur la route et indiquent que la voie est partagée par les cyclistes et les automobilistes.

Les automobilistes et les cyclistes peuvent circuler dans la voie. N'oubliez pas que les chevrons vélos ne signifient pas que l'espace indiqué est seulement réservé aux cyclistes.

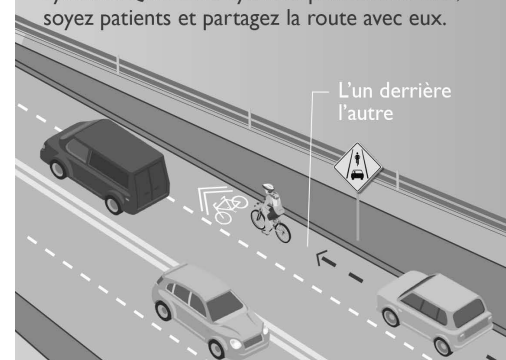

Cyclistes

Les cyclistes devraient prendre la voie en roulant au milieu de la route pour réduire le risque de se faire dépasser de trop près par les voitures.

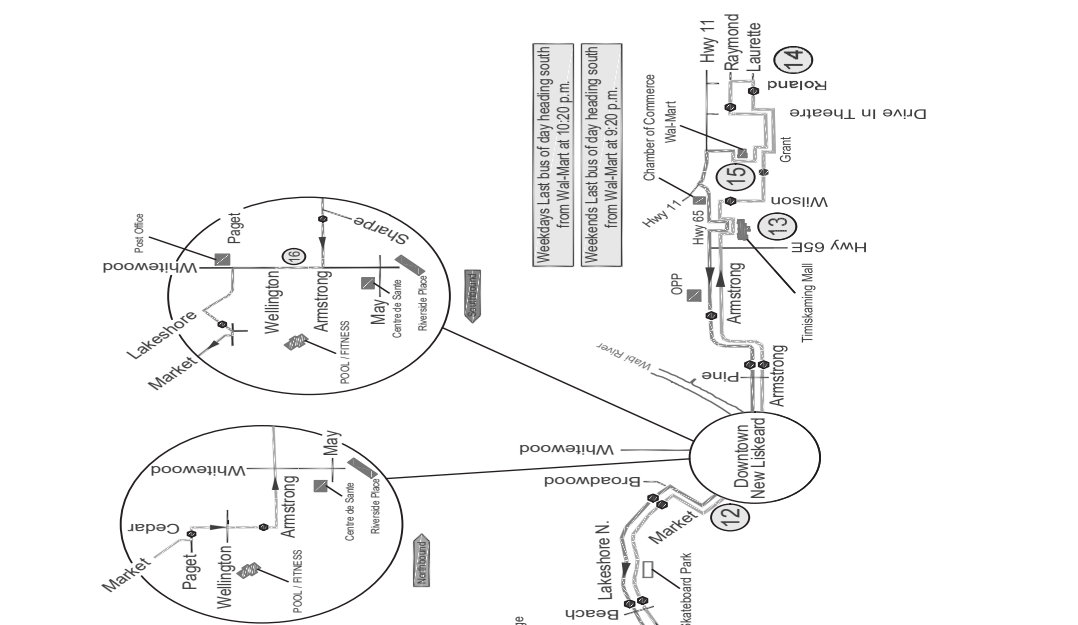

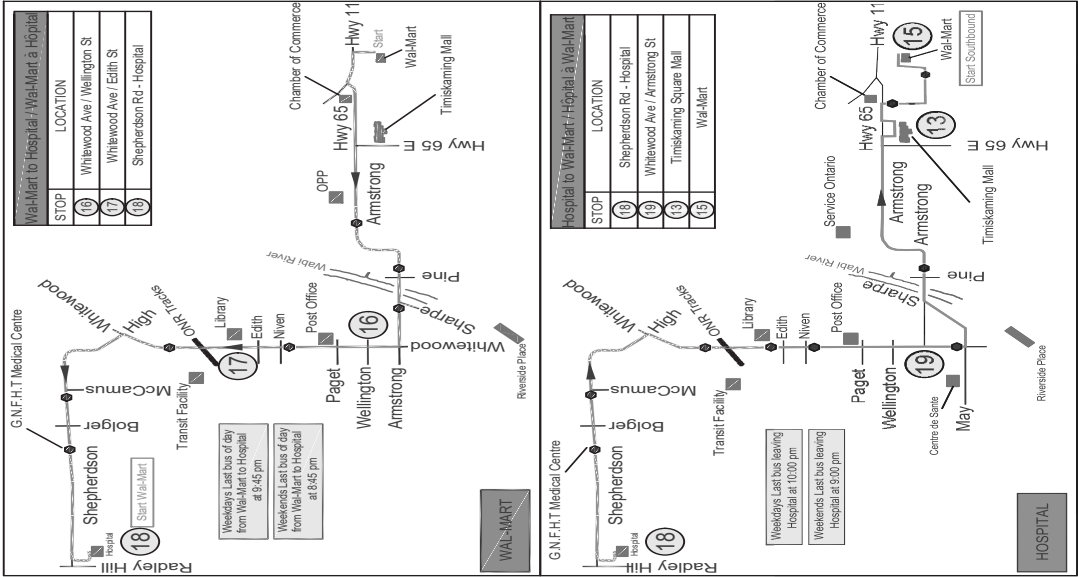

Automobilistes

Lorsque les chevrons vélos sont plus près du milieu de la route, sachez qu'il est dangereux de circuler côte à côte avec les cyclistes. Quand les cyclistes prennent la voie, soyez patients et partagez la route avec eux.

Visez la **VISION ZÉRO :**
 zéro décès et zéro blessures graves sur la route.
