ENGLEHART - It will be 114 years of fall fair exhibits and fun this year in Englehart.

The pride in produce, baking and other skills in Englehart and area will be on display at the Englehart and Area Community Arena Complex from 6:30 p.m. Thursday, September 7, to late Saturday afternoon September 9.

The Englehart and District Agricultural Society, headed by president Brian Smith, will be opening the doors to the public Thursday at 6:30 p.m.

Smith says this year the event will be "bigger and better" with more vendors and more exhibits. The entire floor of the arena will be lined with vendors, he said in a telephone interview.

There will also be food vendors outside in front of the arena.

Behind the arena there will be sheep, goats and poultry livestock displays, and inflatables.

There will also be an opportunity to enjoy a horse-drawn wagon ride both Friday and Saturday sponsored by Georgia Pacific.

Thursday evening's entertainment will include dancing by the Northern Square Dancers. Visitors to the arena will also be able to try their hand (and arm) at nail driving, sponsored by Earlton Timber Mart, and at log sawing, sponsored by Wayne Laf-rance Logging. Enthusiasts can test their skill at the two activities again on Friday afternoon.

Top bill entertainment by Rockabilly Joe of Ot-tawa is sure to have people laughing, gasping and

STRENGTHENING KNOWLEDGE

Emily Robertson, visiting Temiskaming Shores from Brantford, received some tips from exhibition worker Pranav Ratra as she tried a hunting simulation game. The installation is part of Indigenous Ingenuity, an interactive, hands-on exhibit now running at the Lawrence "Bun" Eckensviller Community Hall on Whitewood Avenue in New Liskeard. The free exhibition runs until September 17. (Staff photo by Diane Johnston)

EDITORIAL

Back to school safety

Where did summer go?

It doesn't seem real, but it is back to school time in South Temiskaming.

Kids were headed back to classrooms this week in our region.

The first day of school is a special time in a child's life and here's hoping it's a safe one.

It is a good time to remind us of a few basic back to school safety tips involving children and buses.

The number one issue police see on area roads is speeding. Slow down, especially around school zones.

School zones are congested and busy places as buses unload and pick up their precious passengers.

Parents are also dropping off their children and picking them up at the end of the day so this extra traffic adds to congestion in school zones.

Don't unload or pick up kids across the street from a school as this means they must cross a busy street where traffic can be heavy.

Carpooling is always a good option when traffic around schools is heavy.

Be aware that children and parents may be riding bikes or walking to school also.

If a child is biking to school for the first time make sure they have taken the route prior to the first day of school.

It is the law that children must wear a helmet while riding a bike in Ontario.

If your child decides to walk or bike to school make sure you are wearing brightly coloured clothing thus making your child more visible to drivers.

Watch out for crossing guards, always obey their directions and always, always stop when the red lights are flashing on a school bus.

Children should be at the bus stop on time and quickly and quietly take their seats on the bus as well as keeping heads and arms inside the bus at all times.

The bus driver has been trained to get your child to school safely and they are to be respected at all times.

Have a wonderful, safe school year!

Her “joie de vivre”

Sue Nielsen

I was saddened to learn that former New Liskeard resident Marie Desjardins had passed away at 96 years young back on May 31.

I had the pleasure of knowing Marie when I was a friend of her daughter Joanne.

To say Marie had “joie de vivre” might be an understatement.

I admired the way she dressed so sharply and always had her hair done nicely.

She was a hugger and if you were on the receiving end of one of her hugs, you felt like you had been blessed with a ray of sunshine.

On one occasion I was fortunate to have been invited over to Marie’s for dinner.

She asked me what my favourite food was and I replied, “spaghetti with meat balls.”

Of course, I did not know that Marie was famous for her spaghetti, and especially her meatballs.

I was so busy enjoying the meal and the company, that when I complimented her on the spaghetti I forgot to mention the meatballs.

Apparently everyone who ate the meatballs would compliment her on how delicious they were.

Oh mon dieu, I was forgiven

for my meatball blunder because the next time I saw her I made sure to mention she was a fabulous cook. And she was.

She had a spontaneous nature to her and would often sing and dance around her kitchen with a big smile on her face.

Marie took great pride in her Francophone heritage speaking French most of the time.

My inability to converse with her in French was downright abysmal but we reached a détente and she cut me some slack when I promised to learn how to speak French in my retirement years.

And since then I have tried to improve my French but it is a work in progress. Marie was hard working, tough and

smart. She had to be because she lost her mother and father as a child.

I remember her telling me how she took great pride in being employed at the Eplet Ice Cream Company as a butter wrapper.

Knowing Marie, that butter must have been wrapped to perfection.

Marie and her husband,

Jerry Desjardins, had one of the first successful Franco-phone businesses to operate in New Liskeard beginning in the 1940s.

Their business was called Jerry’s Meat Market, located on Whitewood Avenue.

They say life is circular and so it shall be when I attend her funeral this coming weekend.

I first met Marie and Joanne

at a funeral in New Liskeard a while back at her precious Eglise Sacre Coeur parish. She was the 50-year choir director at that beautiful church.

I offer my deepest condolences to her family, Louise, Michel, Joanne, grand boys and her friends.

May she rest in the arms of the angels.

WEAR A HAT
A large-brimmed or legionnaire-style hat is a must to protect your face, ears and neck during outdoor activities.
Choose a hat made of breathable material to avoid overheating.

Forests Ontario plants 2.5 million trees in 2023

BARRIE (Special) – Forests Ontario and its partners planted approximately 2.5 million trees across the province this season as part of its 50 Million Tree Program.

This brings the charitable organization's program total to almost 40 million trees planted, creating more than 18,400 hectares of new forest on nearly 8,000 project sites.

“As we continue to see the effects of climate change – including unprecedented wildfires across Canada and around the world – it is imperative that we do everything we can to combat it,” said Forests Ontario CEO Jess Kaknevicus in a news release.

“This includes the creation of healthy, new forests as well as managing and improving the diversity and health of existing forests.

“We are proud of our accomplishments this year and know full well they wouldn't have been possible without our incredible planting partners and the generous support of individual donors, corporate partners, and both provincial and federal levels of government.”

Forest Ontario said its 50 Million Tree Program significantly reduces the costs of tree planting, making increasing forest cover easier and more affordable while ensuring the right trees are planted in the right place for the right reason.

“At Forests Ontario, we like to say that we don't just plant trees, we grow healthy, diverse forests,” said Forests Ontario chief operating officer Elizabeth Celanowicz.

“We can say that because we have a comprehensive network of planting partners with the expertise to manage every aspect of tree planting, from seed collection and growing seedlings to tree planting and maintenance, ensuring our new forests are healthy and thriving.”

Landowners who would like to take part in the 50 Million Tree Program need enough space to plant a minimum of 500 trees, which is typically at least half an acre of open land or 1,000 metres for a windrow or riparian buffer planting.

More information about the 50 Million Tree Program is available at www.forestsontario.ca.

This event is sponsored by the Town of Englehart and can be taken in by visitors Friday at 11 a.m., noon, 1 p.m. and 2 p.m., and then again on Saturday at 10 a.m., 11 a.m., 12:30 p.m. and 2:30 p.m.

Friday evening's entertainment will be by New Liskeard country rock band Blind Side, and entertainment will be provided by Chrissy Peters on Friday afternoon.

There will also be facepainting by Mandy Wakefield Laurilla from 4 p.m. to 6 p.m. on Friday and from 11 a.m. to 1 p.m. on Saturday.

A Harvest Dinner will be held Friday evening beginning at 6:30 p.m. and those interested can acquire a ticket in advance at Garlin's Gift Gallery Plus in Englehart, Mother Earth EST, or Kingston's Service Centre.

An antique car show will be taking place outside the arena on Saturday afternoon from 11 a.m. to 3 p.m.

Proud parents can also enter their babies, 18 months or younger, in a baby show Saturday at 1 p.m. All youngsters can bring along their favourite stuffed toy to take part in a Stuffy Parade following the baby show.

Smith said the local elementary schools have indicated they will be bringing their students over to enjoy the fair on Friday.

Taking place in the nearby baseball diamonds will be the annual Englehart Class Fall Slo-Pitch Tournament, organized separately by the Englehart Special Events Committee, but traditionally taking place at the same time as the fall fair.

Smith commented of the fair board that "new members (came) on board this year as associate directors," and he projects that the next year will be even bigger and better than this year.

The Englehart Fall Fair had come close to ending in 2018 but Smith organized a new board and in 2019 the event took place once again. Through the pandemic, different tactics were tried, including a virtual fair, to keep the event alive through the difficult time.

Now that the pandemic is over, Smith feels optimistic about how the fair has regrown.

"The community is coming behind us. The town is coming behind us," he said.

An overdose means having more of a drug (or combination of drugs) than your body can handle. All drugs can cause an overdose, including prescription medication. It's important to know the right amount and the right time to take your medication. It's also extremely important to know what drugs should not be mixed, and to get help if you feel you are not in control of your drug use.

Depressants and Opioids

A depressant is a drug that slows the vital activities of the body including breathing and heart rate. Depressants may also be known as sedatives. Opioids (such as heroin and pharmaceutical opioids like hydrocodone), medications like Xanax or Valium and alcohol all slow the central nervous system to produce a calming effect. When taken in large amounts or in combination with other medications and/or alcohol, these medications can weaken normal functions like breathing and lower heart rate until breathing and heart rate eventually stop, resulting in death.

Alcohol

Usually people don't think of alcohol when they think of an overdose, but alcohol is a depressant and it is possible to overdose on it. Acute alcohol poisoning, usually a result of binge drinking, is an example.

If you drink a large amount of alcohol quickly, the level of alcohol in your bloodstream can become dangerously high. Alcohol poisoning could stop you from breathing, stop your heart or cause you to choke on your own vomit.

Stimulants

It is possible to overdose on amphetamines. Adderall and Dexedrine are both examples of prescription stimulants. Amphetamine overdose increases the risk of heart attack, stroke, seizure or drug-induced psychotic episodes.

When to Call an Ambulance

Seeking emergency help isn't just for when someone is unconscious. You should also seek help when someone is:

- Having a seizure
- Experiencing severe headache
- Experiencing chest pain
- Having a hard time breathing
- Extremely paranoid, agitated and/or confused

It is not necessary for someone to have all of these signs or symptoms for them to be overdosing. Showing signs of one or more could still mean they are in trouble and need emergency help.

Always call an ambulance if you suspect someone has overdosed!!

CRYSTAL CLEAR

The Thomas-Yorke family recently moved to New Liskeard from Listowel and one of the things they were looking forward to exploring was the lakes. They heard about Bass Lake in Coleman Township and it was a hit. Koda, 6, (left) and Khloe, 8, were enjoying the crystal clear water with their parents nearby on August 27. Northern College Celebrates the Class of 2023

TIMMINS (Special) – The fall semester gets underway at Northern College, but not before celebrating the class of 2023.

Across six separate convocations at its four campuses, Northern College celebrated a total of 1,300 graduates, issuing over \$150,000 in graduate bursaries and awards to help set them on a path for success as they enter the working world.

“This is everything for us,” stated Dr. Audrey J. Penner, president and CEO of Northern College.

“Graduation is the culmination of years of hard work and dedication for our students, and for us. It’s the moment that we get to start calling students graduates, knowing that they’ll go out into the world equipped with an education steeped in the values we hold dear at Northern.”

The Class of 2023, in many cases, represents the first graduating class to have begun their studies during the height of the COVID-19 pandemic, overcoming obstacles not traditionally expected when undertaking a post-secondary education.

“This graduating class is unique,” stated Aaron Klooster, senior vice president of Academic and Students Success at Northern. “For so many of them, the majority of their studies were undertaken at a distance, through online classes. The peer-to-peer support, the support from faculty, the connection to the experience, was all at arm’s length.”

“They succeeded, they crossed the stage and now they are on to bigger and better things and we know they’ll handle whatever life throws at them with ease and confidence, thanks to this unique experience,” added Klooster.

All told, 192 students received graduation bursaries and awards, thanks to their outstanding efforts during their studies, including Governor General’s Academic Medal winner Law Clerk graduate, Deniese Morris.

“I am truly excited,” stated Morris, shortly after receiving her award.

“It’s an honour, everybody knows me as the mom, the wife. I have four kids and to be in school at the same time, to graduate with an average of 97 per cent? I am in awe of myself and I am truly grateful to the college for acknowledging that effort.”

The Governor General’s Academic Medal is awarded to the student with the highest-grade average of any student in their graduating class.

“I am continuing my studies. Northern College has a great transfer agreement with Ontario Tech University, so I am going to be pursuing an Honours Degree in Legal Studies there,” added Morris.

“I did not envision this award, but I know I put the work in and it just feels amazing to have reached this milestone.”

TOP 8 REASONS to advertise

IT’S A FACT: when consumers feel personally connected to an advertisement, they’re more likely to support your business. **Here are 8 good reasons to allocate an advertising budget.**

- 1. INCREASE TRAFFIC.** Consumers are more likely to visit a business after seeing an advertisement — and more consumers mean more sales!
- 2. IMPROVE YOUR IMAGE.** Dynamic and engaging advertisements attract consumers, no matter how strained the economic situation or how stiff the competition.
- 3. ATTRACT NEW CUSTOMERS.** The market is always changing, and new consumers are constantly popping up in your region. There you go, a new target audience to inform that your business has what they want.
- 4. BUILD CUSTOMER LOYALTY.** Once-loyal customers may drift away as their options multiply. By advertising, not only do you instill a sense of belonging and trust, but you also encourage them to remain loyal to you.
- 5. IMPROVE YOUR COMPETITIVE EDGE.** The hard truth is that a limited number of consumers are willing to buy your products. Advertising is the best way to convince them that your products are THE best, no matter what the competition says.
- 6. STAY TOP OF MIND.** When you advertise your products, you alert potential customers to your products or services. This increases the likelihood that they’ll think of you when they need the products or services you offer.
- 7. INFORM THE PUBLIC.** When you launch a new product, for example, advertising allows potential customers to find out about it without having to do research.
- 8. INCREASE REVENUE.** Effective advertising attracts customers to your business and improves sales. In short, it increases your success!

HOROSCOPE

WEEK OF SEPTEMBER 3 TO 9, 2023
**The luckiest signs this week:
Gemini, Cancer and Leo**
March 21 - April 19

ARIES A few unexpected expenses will pop up this week. Fortunately, you'll be able to negotiate the terms of a loan with your bank to avoid pinching pennies. To get what you want, you may need to "hog the blanket" in some situations.

April 20 - May 20

TAURUS Things are happening this week! You'll accomplish an incredible feat. A pay raise awaits you after you demonstrate great efficiency. Impulsiveness and impatience have no place in a relationship built on mutual respect.

May 21 - June 21

GEMINI You must carefully think things through before investing in a project. You may not always consult with others, even if your decision involves them. Teamwork is important, even within your relationship.

June 22 - July 22

CANCER This week is punctuated with obligations and stress. You must take time to rest; otherwise, your body will force you to slow down. Groundedness and meditation could do you a world of good.

July 23 - August 22

LEO You have a lot of work and family responsibilities. Take the time to visit loved ones you've been neglecting. You'll enjoy spending lunch hours with your colleagues.

August 23 - September 22

VIRGO If you've been neglecting your relationship due to work, you may take a romantic weekend getaway to reconnect with your partner. You'll resolve a family dispute that's been hurting many people.

September 23 - October 22

LIBRA Emotions are running high this week. You'll be moved by a special event, especially the accomplishment of one of your children, such as taking their first steps, graduating or getting their first job.

October 23 - November 21

SCORPIO Take the time to weigh the pros and cons before making a decision. Even if you think you have all the information you need, your instincts are always right. If you're single, you may be surprised to receive a marriage proposal.

November 22 - December 21

SAGITTARIUS You have a lot of work ahead of you and various details to work out. You'll reach an agreement or settle a dispute that requires organization. This is a most profitable feat that will make you proud over time.

December 22 - January 19

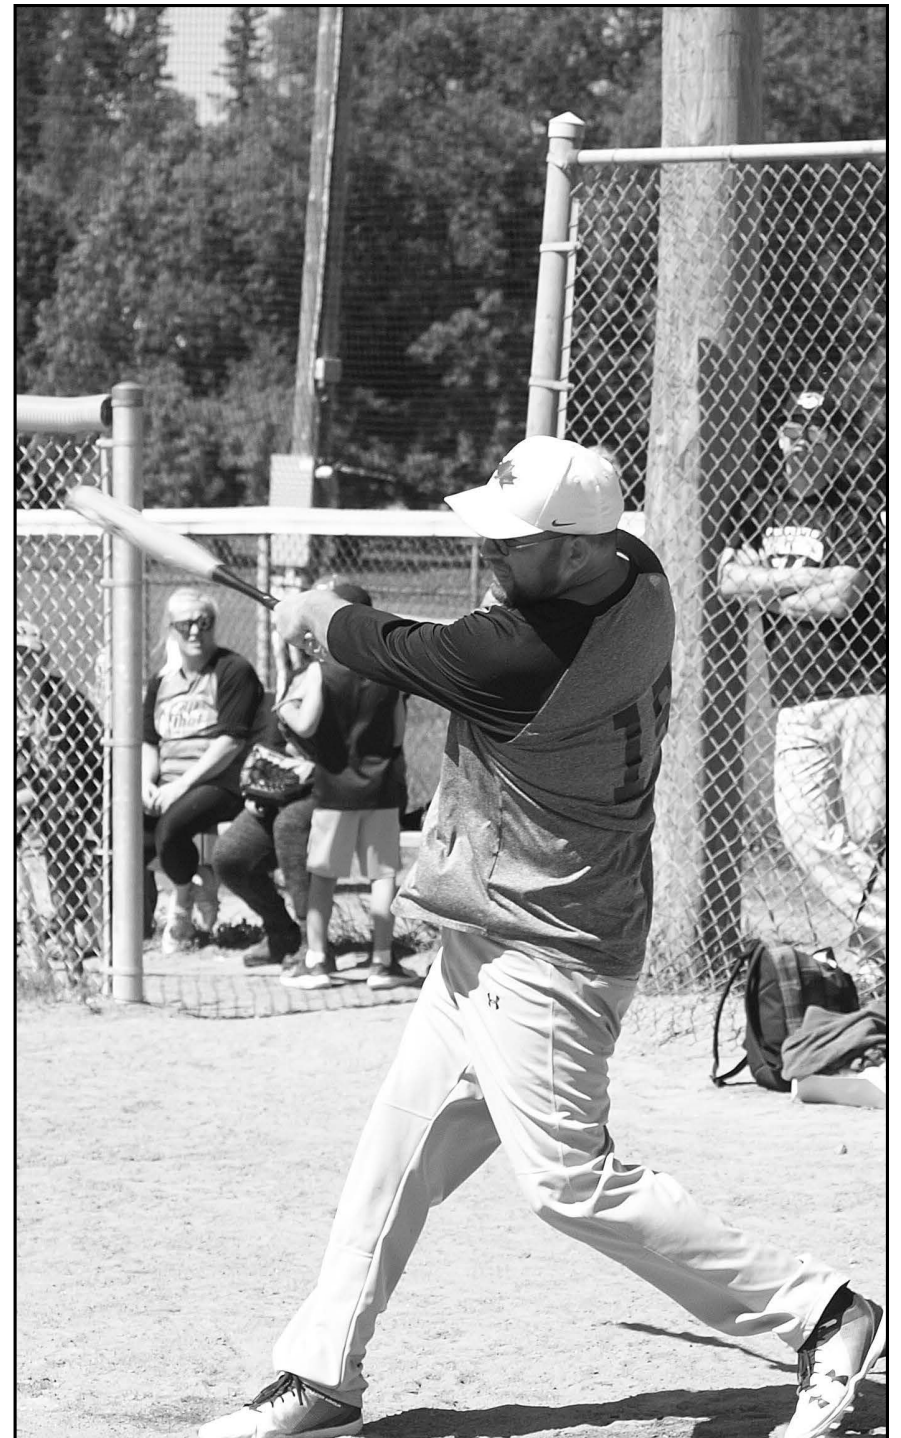

CAPRICORN You'll show off in some way. Your charisma will draw the attention of others. Take the time to spoil yourself, revamp your wardrobe or change your image following a promotion, or do it simply to please yourself.

January 20 - February 18

AQUARIUS You'll spend time with family or at home. You could also engage in enjoyable activities with your loved ones to experience a form of letting go. You may have to negotiate for a long time with some people.

February 19 - March 20

PISCES You'll have a lot to say this week. However, your words could be misunderstood. You must lead by example to be understood or taken seriously. Affection is an important aspect of a happy relationship.

MAKING CONTACT

PROTECT YOUR EYES

The sun can damage your eyes, especially the retinas, and can increase your risk of conditions like cataracts. To prevent these

unfortunate — and sometimes irreversible — consequences, wear sunglasses. Opt for wrap-around styles that shade the sides of your face. The darker the lenses, the better, as long as they don't impede your vision. Choose models with 60 to 90 per cent UVA protection and 95 to 99 per cent UVB protection.

DON'T WAIT— Check the Date!

How old are your smoke alarms?

Smoke alarms don't last forever. **They usually last 10 years.** Check the manufacturer's date on your smoke alarms today! **Replace expired alarms.**

CHECK THE DATE.

Look at the back of the smoke alarm for the date of manufacture. The expiry date is usually 10 years from that date. **Replace expired alarms.**

TEST YOUR SMOKE ALARMS.

Once you've checked the date, test your smoke alarms by pressing the test button.

INSTALL SMOKE ALARMS ON EVERY STOREY OF THE HOME AND OUTSIDE ALL SLEEPING AREAS.

For added protection, install smoke alarms in every bedroom.

HOME ESCAPE PLANNING

It is **vital** that you know what to do when the smoke alarms sound in an emergency:

- Sit down with everyone in your home and discuss how each person will get out in a fire.
- **GET OUT & STAY OUT!** When the smoke alarms sound, get out immediately and call 9-1-1 from outside. Never re-enter a burning building.

Despite their best efforts, the fire department may not arrive quickly enough to save you from a fire. **You need to be outside when the firefighters arrive.**

High indoor CO₂ levels can cause tiredness, headaches and other symptoms, and indicate that a space is not well ventilated. High CO₂ levels can also facilitate the spread of airborne infections. The devices are not CO (Carbon Monoxide) detectors and are not life safety devices. Contact the library to learn more!
