## Fledgling Niska Park hoping for Heritage Fund support

**Diane Johnston**  
Speaker Reporter

TEMISKAMING SHORES – Volunteers anticipate digging into a new park on the Haileybury waterfront this month.

Landscaping, excavating and tree planting at the new Niska Park is expected to begin this month, wrote project manager Felicity Buckell in a letter to city council.

However, the committee behind the project is hoping for up to \$150,000 in financial help from the Northern Ontario Heritage Fund.

The committee would cover the remaining \$50,000 of the budget to create the park.

The park was proposed by friends and family of Nicole Guertin as a tribute to the Haileybury entrepreneur and community leader who died in 2021.

“Niska” is Cree for “goose,” and the committee has adopted the name as a symbol of the synergy exhibited by a flock of geese in flight.

Prior to her death, Guertin and partner Jocelyn Blais established the Niska Fund to help finance the not-for-profit Centre de Leadership Niska Leadership Centre. It will support entrepreneurs and social enterprises in the Northeast, and the park is its project.

The city approved the creation of the park last year on one acre of vacant municipal property south of

## 25TH ANNIVERSARY

**Ecole publique de Navigateurs celebrated the 25th anniversary of its school board, Conseil scolaire public du Nord-Est de l'Ontario, on September 8. Parents were invited to come to the school to have lunch with their children while students could take part in a number of games as well as signing a banner with their names. From the left are Grade 7/8 students Tyson Lamarche, Michael Jolin Berube, teacher Natalie Simpson and, in front, Isabella Gardner all signing the large banner offering congratulations on reaching a 25-year milestone. The school currently has a healthy enrollment of 125 students. “We have come a long way from the portable classrooms we had in Haileybury,” said Simpson. (Staff photo by Sue Nielsen)**

## Ministry to consider roundabout among options

**Diane Johnston**  
Speaker Reporter

**TEMISKAMING SHORES** – The Ontario Ministry of Transportation will consider a roundabout as it looks at options for the intersection of highways 11 and 65 East in Temiskaming Shores.

“We understand the city has previously discussed the potential of a roundabout with ministry staff,” wrote Herb Villneff, the ministry’s director of Northeast operations in North Bay, in a letter to Temiskaming Shores mayor Jeff Laferriere.

“Based on preliminary investigations, traffic data does not indicate operational issues at this intersection.

“However, as part of the design process, many factors will be reviewed and considered, including options to improve the operations at the intersection, such as a roundabout.”

Two separate projects are

planned on Hwy. 11 in the vicinity of Temiskaming Shores.

Villneff said the design assessment of the Hwy. 65 East intersection is expected to begin next year.

“We look forward to discussing options for this location in further detail as the design progresses,” he said.

There’s a lot of traffic at that intersection, and city representatives have spoken to experts in the field, said Laferriere after council met August 8.

Councillor Mark Wilson, a road safety advocate, has also provided information “to support a change in what we see as the design there,” he said.

The city has forwarded its recommendations to the ministry, he said.

“We would like to see a roundabout put there to really slow down traffic, and really making sure it’s safe for everyone,” he said.

# Kidney disease can hit anyone, anytime

(NC) - A myth about kidney disease says it only affects people with high-risk factors such as diabetes and high blood pressure.

But it can affect people who seem otherwise perfectly healthy and fit, including children and teens.

It’s estimated that nearly four million Canadians suffer from kidney disease, and about 4,000 die from it annually.

Because kidney disease can progress without any noticeable symptoms, many Canadians are unaware they have any issues until permanent damage has occurred and life-saving treatment is necessary.

For those in later stages of

the disease, dialysis is the go-to treatment. It often leaves patients and families physically and emotionally overwhelmed. Dialysis can involve four to six hours of treatment, three to six days per week for the rest of the patient’s life, often with distressing side effects. This extensive treatment also uses significant resources and dollars from the health care system.

But dialysis is just a bridge to help people get to the best treatment option: a donor kidney. Almost 80 per cent of Canadians on the waiting list for an organ transplant are waiting for a kidney. Currently, wait times for kidneys

from deceased donors are four years or more, meaning most patients die before receiving a transplant.

However, there is a life-saving alternative: living organ donors. You do not need to be related to the recipient to be a match. If you are healthy enough, you could be a match for a neighbour, friend or stranger.

If you have a medical condition that increases your risk of kidney disease, speak to your doctor about monitoring your kidney function.

Find more information about kidney disease and living organ donation at [kidneyalliance.ca](http://kidneyalliance.ca).

## Seventy years of hockey pride

As the puck is about to drop on another season of Great North U18 League Triple A hockey, let's think about the value of the New Liskeard Cubs to our community.

It's the team's 70th year of hockey operations.

There are celebrations planned for the upcoming 2023-2024 season.

Claude Denomme, a former player and coach, is the club president and the coaching staff of the Cubs is headed by Jonathan Blier, John Zubyck, Jeff St. Cyr, Pierre Rivard, Brandon Salerno, Jamie Norris, Alex Date, Marty Roy and Marco Maurice.

That is a star-studded lineup in itself of generous volunteers and community-minded individuals who know and understand the game of hockey.

And they know and understand how important it is to have young people take part in a hockey program like the Cubs present.

When we think about the longevity of the New Liskeard Cubs hockey club we must highlight one word - team.

It takes a team of individuals, businesses, media, parents, players, coaches, supporters and volunteers to keep a hockey club viable.

And that's what we have seen with

the Cubs, that many hands have been involved in keeping this team on the ice year after year.

It truly is a community achievement in which everyone can take great pride.

You cannot mention the Cubs without thinking about Don Shephardson, and his wife Ruth, who for decades gave their hearts and souls to the club.

And you will still find Ruth in her favourite corner of the rink on Friday nights during home games.

Fittingly, the New Liskeard arena has been named after Don Shephardson.

It is that kind of overall dedication, that kind of love for the game, that has kept hockey alive in our region.

Because at the end of the day, there have been some fine hockey players come through the Cub system, some who even made it to the National Hockey League.

Wilfred Paiement recently spoke about the Cubs when they renamed the Earlton arena in honour of him and his brother Rosaire, both NHL alumni, after both caught the attention of the scouts when they played for the Cubs.

Thank you to everyone over the years who dedicated their energies to the New Liskeard Cubs organization.

# Bigger is not better

Sue Nielsen

We learned last week that the Timiskaming Health Unit (THU) and the Porcupine Health Unit (PHU) are engaging in a voluntary merger in the coming months.

Just prior to the COVID-19 pandemic in 2019, the Ford government proposed Ontario's public health units to be reduced from 35 to 10 in an attempt at modernization.

Modernization is double-speak for the dismantling of public services.

That means that for northerners, we will now have a public health unit that covers an area from Temagami in the south to Hearst in the north.

But Northerners are already underserved in terms of health care.

I was a former THU board member and whenever the idea to merge the two health units came up the board unanimously rejected that move.

We had a strong board rejecting the provincial government rolling us over.

In my opinion, having one entity to manage the important role of public health over such a vast geographic area is not good for the public in public health.

Strong public health units have always been the bedrock of health in any region, and since the pandemic we know those services are invaluable.

Where was the public consultation process in this public health merger?

Residents in this region fund public health with their tax dollars and they do not want reduced services in order to save the Ford government money.

The Northern Ontario population has higher rates of cancer, cardiovascular disease, stroke, respiratory disease and diabetes, says a report from the North East Local Health Integration Network (LHIN).

Now is not the time to reduce health care services because of government directives that quite often fail to understand the geographical, political and

physiological needs of the north.

The people of the north should not accept the gutting of public health via this merger, which may compromise the needs of a widely dispersed population and an increasingly older population.

Northern public health units at present are scrambling to meet the needs of their already vast territories.

The government said it would give increased fund-

ing to health units that merge ahead of a forced merger down the road.

So in effect, the government is exploiting the meagre financial resources of northern public health units and bribing them with one-time funding increases.

It appears to have worked locally.

This merger leaves just two health units for all of Northern Ontario. Think about that.

Northerners deserve better.

This really bugs me. I hope people will not take this merger lightly.

### Arthritis Awareness

Arthritis is Canada's most prevalent chronic health condition – for which there is no cure

#### Fast Facts:

- Arthritis strikes people of every age, from infants to adults, and stays for life.
- Arthritis is a complex disease with over 100 different types. Major types are inflammatory arthritis (like rheumatoid arthritis, childhood arthritis, ankylosing spondylitis, psoriatic arthritis, and gout), and the most common form, osteoarthritis. Fibromyalgia has similar symptoms to arthritis.
- Arthritis results in painful inflammation and stiffness in joints, limiting the ability to move.
- Left untreated, arthritis can cause permanent joint damage and/or changes.
- A significant proportion of people with arthritis are overweight or obese and are physically inactive, adding undue stress to their joints.
- Some types of arthritis can affect the heart, eyes, lungs, kidneys and even the skin.
- A significant proportion of people with arthritis also have other serious diseases like heart disease or diabetes.

#### Warning Signs of Inflammatory Arthritis

There are many forms of inflammatory arthritis; signs that are typical for most include:

- Pain, swelling and stiffness in one or multiple joints
- Morning stiffness in and around the affected joints lasting at least one hour
- Pain and stiffness that worsens with inactivity and improves with physical activity
- Reduced range of motion
- Sometimes fever, weight loss, fatigue and/or anemia

#### Treatment

Arthritis affects everyone differently so treatment planning should be tailored to individual needs with guidance from members of your healthcare team (e.g. family doctor, rheumatologist, surgeon, physiotherapist, occupational therapist etc.).

For the over 6 million Canadians living with arthritis, pain is one of the many challenges they face on a daily basis. And though medication is only one option in terms of arthritis treatment, it can provide pain relief (and slow joint damage in many cases of inflammatory forms of arthritis). Keep in mind that many lifestyle changes, such as healthy eating, exercise and treatments such as physical therapy, should also be explored.

If you are living with arthritis or think you may have undiagnosed arthritis, please call our office at (705) 569-3244 to schedule an appointment with your primary care provider and/or our Occupational Therapist.

# Federal funding assists two Haileybury locations

TEMISKAMING SHORES (Special) - Nipissing-Timiskaming MP Anthony Rota has announced funding of \$100,000 for the Haileybury Golf Club and funding of \$96,250 for the Haileybury Beach Motel.

Rota recently visited the Haileybury Golf Club (HGC) and the Haileybury Beach Motel to view the upgrades and plans at the two locations.

The HGC received \$100,000 from the Department of Diversity, Inclusion, and Persons with Disabilities, through the Enabling Accessibility Fund. The money will be used to install an accessible elevator and accessible washroom in the clubhouse.

"It was great to see how these two investments are benefitting small business owners in Haileybury," said Rota in a press release.

"The funding the Haileybury

golf course is receiving will make a huge difference in making their space more accessible for persons with disabilities."

HGC manager Paul Gordon said, "The accessible lift will provide opportunities for all family members to participate in family celebrations at Haileybury Golf Club."

He stated stairs and washroom facilities for those with mobility restrictions will make it possible for them to easily participate in events in the dining hall.

"The support of the federal government in making this a reality has been greatly appreciated and we were pleased to show MP Rota our planning for the fall," he said.

The second investment, announced in 2022 through FedNor, was a \$96,250 non-repayable investment for the Haileybury Beach Motel through the

Tourism Relief Fund.

"The Haileybury Beach Motel was able to use the money to modernize the motel and improve the tourist experience," said Rota.

"Those improvements will help strengthen local tourism and the economy by drawing more tourists to the area."

Motel owner Vimla Menezes said the funding "helped us upgrade our facilities and create a take-out restaurant, Beach Bitez, within our premises. The guests who stay with the Haileybury Beach Motel now have a more comfortable living space and hot breakfast provided with their stay. The take-out is also open to the residents and visitors of the Temiskaming Shores area," she said.

"We have also partnered with local organizations and businesses, museums, golf

# Organizations join forces to connect youth with more mental health support

TORONTO (Special) – Kids Help Phone, Canada's only 24/7, free, multi-lingual e-mental health service for youth, and Cam's Kids, which supports post-secondary students with anxiety, are partnering to help students across Canada with a wider range of mental health support.

In a news release, the organizations say the partnership will expand Kids Help Phone (KHP) programs to more post-secondary schools from coast to coast to coast through student ambassadorship programs and mental health awareness.

Both KHP and Cam's Kids provide tools, resources and a peer-to-peer community for young people to learn how to navigate their mental health.

The family of Cameron Hicks, who lived with anxiety, founded Cam's Kids eight years ago to support other young people living with anxiety.

Cam's Kids has trained over 150 students who've received mental health certifications and trained over 2,100 students to become ambassadors for the program.

It operates a crisis text line and has teams at a number of post-secondary schools, including Laurentian University, Nipissing University and Canadore College.

KHP operates a crisis line staffed by trained volunteer crisis responders.

It said it has supported young people almost 16 million times since the onset of the pandemic.

It said 76 per cent of young people report something to KHP that they've never shared with anyone else, and 88 per cent report feeling better after connecting with it.

"Every single day, Kids Help Phone hears from courageous young people across Canada who share that anxiety is challenge for them," said KHP president and CEO Katherine Hay.

"We're honoured to join forces with Cam's Kids and are committed to supporting the mental health of even more young people in schools and communities, in person and virtually, across Canada with any issue, no matter how big or small."

Our goal is to make this region the destination of choice to the tourists and attract more visitors, thereby indirectly benefitting local businesses. We are truly grateful to the federal government and more specifically MP Anthony Rota for their support to the Haileybury Beach Motel and the regional tourism industry," said Menezes.

investments by the government "continues to help in creating opportunities for small businesses owners and build towards a thriving economy across Nipissing-Timiskaming. I want to congratulate Paul, club president Denis Lacroix, and their staff at the Haileybury golf course, as well as Vimla and her team at the Haileybury Beach Motel, and wish you all good luck in your future endeavours."

## Public Notice of Application for Consent Clause 53(5)(a) of the *Planning Act*

The Minister of Municipal Affairs and Housing has received **Application No. 54-C-229762** for consent in the unincorporated township of Robillard, District of Timiskaming. The application proposes to sever approximately 71 hectares with frontage on Doggit Road from Lots 1 & 2 Concession 1, using Sunday Creek as the northern boundary line (PINs 61285-0001, 61285-0002, and part of 61285-0010 would be severed from PINs 61285-0012 and the remainder of 61285-0010).

The proposed retained lot of approximately 123 hectares with frontage on Ainsley Road has an existing residential dwelling with private water and sewer services, and a barn. The proposed severed lands are currently vacant and used for agriculture. They would continue to be used for agricultural purposes only.

Other than a fence to be installed along Sunday Creek, no construction or site alteration is proposed on either the severed or retained lots.

**The purpose of this notice** is to inform the public of the nature of the application, invite public input, advise on how to make comments on the application and advise the public of future notification and appeal rights.

If you wish to comment, please note that your personal information may be used in the decision-making process on this proposal, and it may be used to contact you if clarification of your comment is required. It may be shared (along with your comment) with other Ontario ministries for use in the decision-making process.

**Inquiries, Written Submissions**, and requests to see additional information can be made to Alissa Moenting Edwards, Planner, at (705) 618-5059, via email at [alissa.moenting@ontario.ca](mailto:alissa.moenting@ontario.ca), or by mail at:

Appeal of a decision of the Minister in respect of this consent may be made by a specified person or any public body not later than 20 days after notice of the decision is given. If you wish to be notified of the decision of the Minister in respect of the proposed consent, you must make a written request to the Minister at the above address. If a person or public body that files an appeal in respect of the proposed consent does not submit written comments to the Minister before the Minister gives or refuses to give a provisional consent, the Ontario Land Tribunal may dismiss the appeal.

## Avis public de demande d'autorisation

### Alinéa 53 (5) a) de la *Loi sur l'aménagement du territoire*

Le ministre des Affaires municipales et du Logement a reçu la **demande d'autorisation no 54-C-229762** pour un bien-fonds situé dans le canton non constitué en municipalité de Robillard, district de Timiskaming. La demande vise à retrancher approximativement 71 hectares donnant sur la Doggit Road des lots 1 et 2, Concession 1, en utilisant le ruisseau Sunday comme limite nord (les cotes foncières 61285-0001, 61285-0002 et une partie de 61285-0010 seraient retranchées des cotes foncières 61285-0012 et du reste de 61285-0010).

Le lot que l'on propose de conserver, d'une superficie d'environ 123 hectares donnant sur l'Ainsley Road, contient une habitation résidentielle bénéficiant de services privés d'eau et d'égout et une grange. Les terres que l'on propose de retrancher sont actuellement vacantes et utilisées à des fins agricoles. Elles continueraient d'être utilisées à des fins agricoles uniquement.

Hormis une clôture qui sera installée le long du ruisseau Sunday, aucune construction et aucune modification au site ne sont proposées sur les biens-fonds, aussi bien le lot conservé que le lot retranché.

**Le présent avis a pour but** d'informer le public de la nature de la demande, de solliciter ses commentaires, de lui indiquer comment faire des commentaires sur la demande et de l'informer de ses droits concernant les avis ultérieurs et les appels.

Veillez noter que les renseignements personnels des personnes qui soumettent des commentaires pourraient être utilisés dans le processus décisionnel lié à cette proposition et pour contacter ces personnes afin de leur demander des précisions le cas échéant. Les renseignements personnels et les commentaires reçus pourraient être communiqués à d'autres ministères de l'Ontario dans le cadre du processus décisionnel.

On peut communiquer **des questions, des observations écrites** et des demandes de renseignements additionnels à Alissa Moenting Edwards, aménageuse, au 705 618-5059, par courriel à [alissa.moenting@ontario.ca](mailto:alissa.moenting@ontario.ca), ou par la poste à :

# Quick tips to save money on energy spending

(NC) - Saving energy doesn't need to be complicated or expensive. With a few simple upgrades and changes in daily habits, you can make your home more energy efficient and help lower utility bills.

## NATURAL LIGHT

Take advantage of natural light during the day. Open curtains and blinds to let the sunshine in. You won't need to turn on as many lights, plus it will make your home brighter and more inviting. Keep in mind, this can heat up your home on hot days, but the extra heat is a good thing as the weather cools down.

## LED LIGHTS

When you do need to turn on lights, choose energy-efficient LEDs. They use less energy and last significantly longer than traditional incandescent light bulbs. By switching to LEDs, you can reduce both

your energy use and the number of bulbs that end up in landfills.

## ADJUST YOUR THERMOSTAT

Save energy without sacrificing comfort. During cooler months, lower your thermostat by a degree or two and put on an extra layer of clothing. In summer, raise the temperature a bit and use fans for added cooling. Also consider a smart thermostat to automatically adjust temperatures based on your schedule.

## UNPLUG AND POWER DOWN

Many electronics and appliances use standby power — also known as phantom power — even when they're turned off. It's a good idea to unplug them when not in use to reduce energy waste. Also think about using power bars with switches to easily turn off multiple devices at one time.

## SEAL ENERGY LEAKS

Are your windows or doors drafty? Use inexpensive weatherstripping and caulking to seal up gaps. This simple step can keep your home better insulated and temperatures more stable. That way, your heating and cooling systems don't have to work as hard to keep your home comfy.

## TAP INTO LOCAL PROGRAMS

Check out programs that help homeowners reduce energy use, such as Home Efficiency Rebate Plus. A partnership between Enbridge Gas and the federal government, it offers rebates for energy-efficient home upgrades, such as insulation, windows, doors and more.

Find more information at [enbridgegas.com/herplus](http://enbridgegas.com/herplus).

# HOROSCOPE

**WEEK OF SEPTEMBER 17 TO 23, 2023**  
**The luckiest signs this week:**  
**Sagittarius, Capricorn and Aquarius**

**March 21 - April 19**

**ARIES** You must make changes at home and work to help you achieve your goals. Intense emotions are essential to motivate this transformation and enable you to take great pride in it.

**April 20 - May 20**

**TAURUS** Be patient! You'll reach a satisfactory agreement with certain businesses or the law. You and your community can then assert your rights. Although it may surprise you, a marriage proposal may come out of the blue.

**May 21 - June 21**

**GEMINI** Work can be a source of considerable stress. However, your partner's love and support will help you relax as you spend quality time together. Making a few changes to your routine could transform your relationship.

**June 22 - July 22**

**CANCER** You'll go above and beyond to demonstrate your full potential. To achieve this, you must take the appropriate steps. Exercise regularly with your loved ones and good friends to stay fit.

**July 23 - August 22**

**LEO** It's not always easy to balance work and family life. Ask those around you to support and help you meet your goals. If your relationship is still new, you'll start thinking about building a life together.

**August 23 - September 22**

**VIRGO** Be careful when you drive! Your loved ones will invite you to participate in fun activities. Take advantage of it! Use your negotiation skills to settle conflicts; your smile is your best asset.

**September 23 - October 22**

**LIBRA** You'll be surprised to find the means to launch your business or to do some work around the house before winter. Improving your home will help you foster a more intimate relationship with your partner.

**October 23 - November 21**

**SCORPIO** You'll kickstart the week with dynamic energy and the ambition to conquer the world. Make sure you manage your stamina to avoid draining yourself. Let the romance flow more freely between you and your better half.

**November 22 - December 21**

**SAGITTARIUS** Before making a commitment, think about and budget for achieving your goals. Stress can be very draining for the fun-loving, passionate person you are; look for moments to meditate.

**December 22 - January 19**

**CAPRICORN** You'll meet a lot of people at work or elsewhere, which can create moments of heightened stress. It's essential to give yourself time to rest to avoid falling behind in projects or other tasks.

**January 20 - February 18**

**AQUARIUS** Time is precious. You need to be more organized and implement more structure. If you do this, you'll manage to get everything done and even take time to rest. Your loved ones will reward you by celebrating your efforts at a party.

**February 19 - March 20**

**PISCES** Take a step back and reflect on your career. If you didn't take a holiday this summer, consider doing so. Even a weekend away could help you sort out your ideas and give you a better perspective to make the right decisions.

## TAKING FLIGHT

*What do you want to bring into your life? What do you want to let go of? Kara Arnew added feather-shaped messages written by visitors to a phoenix art installation in the upstairs Living Temagami art gallery. The phoenix – created by Omar De La Serna and Ashly Legacy – and its messages will be burned in an outdoor ceremony at the Temagami train station on the winter solstice December 21. ## Fledgling Niska Park hoping for Heritage Fund support

*Continued from Front*

Temiskaming Shores city hall.

Plans call for a community garden, play areas and a gathering circle, all connected by pathways and art installations.

Harvest and conversation tables will be erected in memory of the late Dawson Durling, who grew up nearby and played there as a child.

Support for the project to date has included a \$25,000 grant from Hydro One's Energizing Life Community Fund and \$3,000 from The Temiskaming Foundation.

On September 5, city council agreed to submit the application to the Heritage Fund on behalf of the Niska committee.

City recreation director Matt Bahm described the application, if accepted, as "an opportunity to ensure that this new greenspace gets created within the City at no cost to ratepayers."

The park would be "a benefit to our community," he told council at its committee-of-the-whole meeting.

## TEMISKAMING SHORES PUBLIC LIBRARY

**Library Hours: Mondays: 10-4; Tuesdays, Wednesdays and Thursdays: 10-8; Fridays and Saturdays: 10-4**

### Scrabble Nights at the Library

Do you enjoy playing or watching Scrabble? Come on out on Wednesday nights at 6:00 pm to take part in Scrabble nights! This is a free drop in program for those who are just learning or those who have played the game before.

### Fall Preschool Storytime

The Library is pleased to bring back our fall session of Preschool Storytime. This program will run on Wednesdays from 10:30 – 11:00 a.m. from September 20 through November 8, 2023. Preschool aged children accompanied by an adult are invited to attend this fun, interactive and social program. This is a wonderful introduction to the library and early literacy for your little one. No need to register, just drop in and enjoy a half hour with some like-minded friends, old and new.

### Family Storytime

The Library will offer two Family Story Times this fall: Saturdays September 23 and October 21 from 11:00 – 11:45 a.m. A number of stories will be read aloud and are suitable for children up to about 8 years of age. Bring your family in for this fun, free, and wholesome program. No registration required just drop in!

### Gadget Helper

Do you need some help with your tablet or device? If so, you can book a FREE Gadget Helper appointment at the library! We offer weekly 45-minute one-on-one timeslots on Thursdays. The Gadget Helper program can help patrons with topics from learning to navigate the basics of a new device to downloading ebooks and accessing

online resources and even troubleshooting hardware and software issues. Call the library to book an appointment!

### PFC Family Pool Passes for Loan

Thanks to a generous donation from the City of Temiskaming Shores' Recreation Department, the Library now has two family pool passes for loan! The passes can be borrowed for 7 days, and allow a family (up to 5 people) free access to the pool at the Waterfront Pool and Fitness Centre. Borrowers may take the passes two times in a 12 month period. Holds can be placed on the passes to plan ahead, but there are no renewals. Call the library for more information!

### CO<sub>2</sub> Sensor Lending Program

Curious about the air quality in your indoor spaces? The library has CO<sub>2</sub> Sensors for loan. CO<sub>2</sub> is a gas that is produced when people exhale. As more people remain in a room, CO<sub>2</sub> levels increase quickly if there is not enough fresh air coming into the space. High indoor CO<sub>2</sub> levels can cause tiredness, headaches and other symptoms, and indicate that a space is not well ventilated. High CO<sub>2</sub> levels can also facilitate the spread of airborne infections. The devices are not CO (Carbon Monoxide) detectors and are not life safety devices. Contact the library to learn more!

**For more information about any of these programs please call us at 705-647-4215, email us at [info@temisklibrary.com](mailto:info@temisklibrary.com) or pop into the library and speak to one of our friendly staff members.**

## PROTECT YOUR EYES

The sun can damage your eyes, especially the retinas, and can increase your risk of conditions like cataracts. To prevent these unfortunate — and sometimes irreversible — consequences, wear sunglasses.

Opt for wrap-around styles that shade the sides of your face. The darker the lenses, the better, as long as they don't impede your vision. Choose models with 60 to 90 per cent UVA protection and 95 to 99 per cent UVB protection.
