MP Anthony Rota resigns House Speaker position

Darlene Wroe

Local Journalism Initiative Reporter

OTTAWA - Nipissing-Timiskaming MP Anthony Rota, who has held the position of Speaker of the House of Commons during the 43rd and 44th Parliaments, has stepped down from the position effective at the end of the day Wednesday, September 27.

Rota resigned after it was revealed that a resident of his constituency, who Rota had invited to attend when Ukrainian President Volodymyr Zelenskyy addressed Parliament Friday, September 22, had previously served in a Nazi unit during World War II, along with other military duties, also fighting for Ukraine in later years. Rota had introduced the 98-year-old resident in Parliament as a former Ukrainian soldier and a war hero. The Members of Parliament, Prime Minister Justin Trudeau, and Zelenskyy all applauded the former soldier.

It was later learned that the Nipissing-Timiskaming constituent had also served during World War II with a Nazi unit.

After the information came to light publicly, Rota apologized before the House of Commons, and on Tuesday announced his resignation from the position of Speaker.

Rota's Communications Officer Matthew Sookram stated in an email that "he is staying on as the MP."

Rota is a member of the governing Liberal Party and was elected to the Speaker post through a vote of all Members of Parliament. He first became Speaker of the House of Commons on December 5, 2019, and has maintained that position to this time, having been elected to the office twice by his fellow MPs.

On Tuesday, September 26, Rota issued a prepared statement from the Speaker's Office.

OBITUARIES

Maurice Ernest Mercier

It is with heavy hearts we share that Maurice Ernest Mercier, better known as Mousy, born in Cobalt, Ontario, went to rest in the early afternoon on Saturday, August 26, 2023.

Facing and conquering illness and injury much of his life, countless times he persevered through an incredible force of will, physical strength, stubbornness, Faith, and Love for and from his family. His story is worth telling.

Born in Cobalt as one of five children, he worked hard to provide for his family, even trying to fight the 1977 fire with a garden hose from the roof of his house. No matter how busy he was, he always made sure to spend quality time with those he loved. He loved and respected nature and instilled this in many. These values were always in practice when fishing and hunting, asking permission to hunt personal lands, generously sharing his catches and as an active and vocal member of the Temiskaming Anglers and Hunters Association.

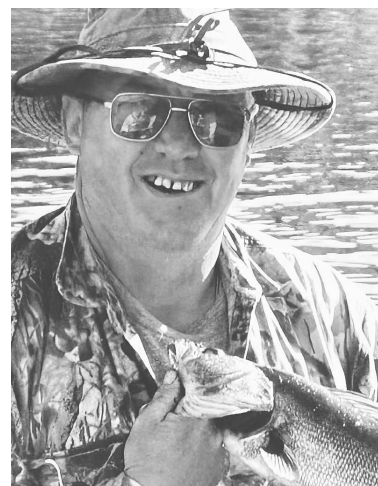

He had a tremendous work ethic and a drive to constantly do more, working as a hardrock miner and respected timberman for 30 years with Silver Fields, Agnico Eagle, and Teck Corona, before being forced to retire due to a mining accident at Detour Lake Mine in 1996.

We have so many fond memories of him: notorious Speedster Broomball defenceman, valued hockey and baseball player and coach, successful fisherman who always knew the best spots, avid hunter, boisterous player of crib with his best friend Beeson, able to find the best areas for blueberries, and always sharing from his passionately tended-to gardens.

Mousy was a beloved husband and father, Poppa to his "Munchkin," friend, teacher, and mentor to so many. Always sharing wisdom, ideas, lending a hand and opinion, he was a man of honour who would literally give you the shirt off his back. From meticulously shovelling snow for many on Dunning Drive (even in a wheelchair), to helping a friend clear wood or ingeniously fixing something, to getting everything ready so his party could fish and hunt impeccably, he was fearless, generous, loyal, and a man of his word who helped so, so many.

Mousy was larger than life, and the strongest person we've ever known. He had the biggest heart, always thinking of his family to the very last moments. We all knew that unmistakable gruff voice and growl, which was usually softened by the twinkle in his eye or mischievous grin.

He fought many illnesses, injuries, and the effects of working in mines for 30 years, he then battled cancer and its effects for over 20 years. He fought quietly, privately, and valiantly; told he would never walk again in 1996, not only did he walk again but he went back to work succumbing shortly after to the injury and retiring as a result. He learned he had cancer in early 2000, did

not stop fighting to the end; 20 plus surgeries, countless appointments and treatments, loss of multiple organs, multiple heart surgeries, and on and on ... but always surrounded by those who loved him and always miraculously pulling through ... which is why this is a shock to many of us.

After finding out his cancer had returned in June of this year, he almost gave up, but those of you who know him know that giving up was not in his character. He fought with every ounce of his strength and as a result we, and he, are blessed to have spent nine beautiful weeks following that final diagnosis together

enjoying every moment he had with close family and friends. We laughed at past stories, went fishing on the river, had meals and treats, ate fish he caught and cooked for us, played crib, had great discussions, worked in his garden, rode the four-wheeler, watched TV and were grateful ... together.

At 74 years of age, he leaves his beloved wife Emilie Mercier, son Darcy Mercier and his partner Carley Lay, daughter Rosanne Cummings and her husband Kenneth Cummings, his granddaughter Faith Cummings (aka "Munchkin"), daughter Li-ane Mercier and her husband Jeff Burke, and countless friends and family members all of whom will miss him dearly.

Surrounded by family and close friends in the last weeks and moments, he enjoyed a fulfilling life, and we are all richer and better for having known him.

Family first was his motto, and we continue to honour this in his memory, therefore a Celebration of Life will be announced and held at a later date, while the family processes this loss and to ensure all those from his family circle can attend in person.

Donations can be sent in his honour to the Temiskaming Hospital, North Bay Hospital or Sudbury Hospital. He was always grateful for the wonderful care he received from these and all our local Health Teams, including the Cobalt Medical Practice, the Day Medicine Team, Life Labs, Community Home Care, Findlay's, our local Ambulance Service and many more (forgive us if we miss anyone who crossed his path and we have not mentioned, we are grateful to you and appreciate your understanding).

Mousy, the only ones who are ok with this are the fish ... rest in Peace ... your Memory will forever burn brightly.

Mousy's final care has been entrusted to the Buffam Leveille Funeral Home - Haileybury Chapel.

A memorial mass will be celebrated in the spring of 2024 at Saint Patrick's Catholic Church in Cobalt. The date and time will be posted on this site when confirmed.

Condolences and memories can be left at www.buffamleveille.com.

In Memoriam – Michael J. Doupe – Message to clients of Doupe Law

It is with heavy hearts that we announce the passing of our esteemed colleague and founder, Michael Doupe on Sunday, September 24th, 2023. Mike was a dedicated lawyer who left an indelible mark on his firm and the legal community at large. His legal journey was one of controversy and conviction, a path that shaped him into a mentor, a boss, and an advocate who always fought fiercely for his clients' rights.

Mike's legacy is one that transcends mere professional success; he was a force to be reckoned with, leaving no one indifferent to his spirited personality, bold perspectives, and outspoken ways. While his methods often sparked debate, there was no doubt that his passion and his commitment to his clients were unwavering. His presence in the legal arena challenged norms and paved the way for new avenues of thought. As a mentor and boss, Mike's impact was immeasurable. He believed in nurturing legal talent, guiding aspiring lawyers and staff on their journeys, and fostering an environment of growth. Many owe their success to his guidance, his tough love, and his relentless pursuit of excellence. His dedication to his profession and his people served as a beacon of inspiration, pushing all of us to excel in our work.

In the wake of this loss, we extend our deepest condolences to Mike's four children – Jacob, Micah, Abraham and Michael – his grandson Solomon, siblings, friends, and family. As we mourn together, we also celebrate a life lived with purpose and determination, leaving behind a legacy that will live on.

We wish to advise clients of **Doupe Law Professional Corporation that the practice will be closing, effective October 3rd, 2023.** In honoring Mike's memory, the firm he founded will carry forward under a new name – DBC Law Professional Corporation – under the ownership of Mike's associate, Danielle Bélanger-Corbin. Her offices will remain at 7 Armstrong Street in New Liskeard and the firm's coordinates will remain the same. In addition, the current staff from Doupe Law will be joining her practice, allowing for continuity with clients' legal matters, should they decide to transfer over to her. DBC Law Professional Corporation – operating as DBC Legal – will be offering a wide range of legal services. Further information on her legal firm can be found on her website at dbclegal.ca. You can also reach the firm by email at reception@dbclegal.ca or info@dbclegal.ca.

We ask that clients of Doupe Law contact us at 705.647.9411 or visit our offices in person, to advise us as soon as possible to how they would like to proceed and if required, to obtain copies of their open or closed files, original wills or power of attorney documents, corporate property and records, other valuable property or documents, and funds held in trust.

As we remember and reflect upon Mike's life and accomplishments, let us also remember the lessons he taught us: to never shy away from controversy, to fight relentlessly for our clients, and to always speak from the heart, even at the risk of ruffling some feathers.

Farewell, Mike. Your spirit will forever guide us.
Sincerely, Danielle, Janet, Melissa and Brittany – Doupe Law

National Day for Truth and Reconciliation

Saturday, September 30, marks the National Day for Truth and Reconciliation, a federal statutory holiday, coinciding with Orange Shirt Day.

It is a day set aside to commemorate the residential school survivors and the Indigenous children who were taken from their families and who never returned home.

It is estimated over 150,000 First Nation, Metis and Inuit children were forced to leave their parents and their communities to attend residential schools.

The residential school system was operated from the 1800s until 1996, in large part by our government at that time and by the Anglican, Catholic, Methodist and Presbyterian churches.

The physical and emotional abuse that took place in those schools has scarred generations of Indigenous people.

It is estimated that 6,000 children died in the residential school system, according to Justice Murray Sinclair, who headed up the Truth and Reconciliation report.

We know there are ongoing searches at former residential schools across Canada where they are identifying suspicious sites on school grounds that may contain unmarked graves.

The Indian residential school experience is a dark time in Canada's past and hopefully we learn that we are all one song, one drum, one soul and we need each other.

Two thirds of Canadians say they knew nothing about the residential school experience from a survey completed by the Canadian Race Relations Council.

It's long past the time that we all educate ourselves on the physical, sexual and emotional abuse heaped on the children who attended those schools.

And that we come to a greater understanding of how we can live together in a respectful, harmonious way recognizing the inherent rights of all Canadians.

Live your life

"I didn't fall in love. I rose in it." Toni Morrison

Sue Nielsen

I was sitting on my bed recently in a T-shirt and tights, (thank goodness for elastic waist bands), thinking about the recent circumstances of my life.

I was pondering this world and the meanness and hate we see because people feel entitled to bad behaviour.

I would like to celebrate good people this week.

Some people make us understand love because they offer it unconditionally.

Others shower us with praise and attention just so we can stand taller.

Still some folks offer up encouragement helping us to put out our proverbial fires.

They show us that we cannot do things to anyone else like what they have done to us.

We turn the other cheek.

Some don't and won't support our actions and that gets us fighting for what we want in life.

Some folks hold our hand when bad things happen and they lift us up so high that we get to touch the stars.

Every single person in our lives teaches us different

things. I have come to view people as gifts. Not that I did not do this before, but since I had the unfortunate incident of having my camera equipment stolen, I know that good wins over bad every time.

The people who reached out to me during the drama of my recent camera equipment theft were nothing short of incredible.

Everything that came my way having to do with the theft was about love.

It does us a world of good to forgive people for what they have done, but also ask that our streets and our communities be made safer.

Love doesn't win because we yell at the top of our lungs, or send cards, or hug people. It wins when we do better and be better human beings helping each other when times are tough in this thing called life.

We all get to choose how we want to live. Those choices affect our family, our friends, our neighbors and our com-

munities.

Let's be good human beings caring for each other, but especially offering love to the poor, the addicted, the lonely and the down and out.

I wish to send love and condolences to the families of Mike Walton, Michael Doupe and Mousy Mercier this week as they navigate the waters of grief.

Those men were gifts.

We know tomorrow is never promised so live life to the fullest each and every day.

From time to time I ask myself, "Who did I speak kindly to this week? Whose sorrow did I acknowledge and whose pain did I ease?"

I'm no martyr but looking out for others I believe comes back to you in spades.

We have a ton of good people in this region who help others behind the scenes. Bravo to them!

Have a wonderful week everyone!

Prostate Cancer Awareness

Did you know?

- Prostate cancer is the most common cancer to affect Canadian men;
- One in eight men will be diagnosed with the disease in their lifetime;
- Over 90% of prostate cancer cases are curable if detected and treated in their earliest stages

Signs and Symptoms of Prostate Cancer

- Difficulty urinating
- Urgent need to urinate
- Frequent urination, especially at night
- Burning or pain when urinating
- Inability to urinate or difficulty starting or stopping urine flow
- Painful ejaculation
- Blood in the urine or semen

Risk Factors

While any man can develop prostate cancer, you may be at a higher risk if you are...

- **Over 50:** Age is the strongest risk factor for prostate cancer. Your risk increases starting at age 50, and most cases are diagnosed in men over age 65. Depending on your risk, your health care provider may recommend that you think about testing at an earlier age – as young as 40.
- **Have a family history of prostate cancer:** Your risk is higher if a first-degree relative (father or brother) has had prostate cancer. Your risk increases with each additional first-degree relative who has the disease.
- **African or Caribbean:** Prostate cancer is more common among men in these ethnic groups. (Men of Asian descent have lower risk.)

Don't Ignore Symptoms

The sooner symptoms are reported to your health care provider, the sooner testing to help diagnose and treat the problem can begin. Symptoms may be caused by prostate cancer or by another health problem.

Symptoms are not always present especially in the early stages of prostate cancer. If detected and treated in its earliest stages, the chances of survival are greatly increased. If you have questions about whether or not you should have a PSA test, talk to your doctor or nurse practitioner. Early detection is key!

THU clearing the air on vaping and young people

TEMISKAMING SHORES (Special/Staff) – The Temiskaming Health Unit wants to clear the air when it comes to vaping.

In a recent news release, the health unit said youth smoking rates are declining.

But it said that vaping – the use of e-cigarettes, battery-powered devices that turn a liquid into an aerosol that is inhaled – is on the rise.

On its website, the health unit says the heating process can expose users to harmful chemicals and contaminants.

Vaping even for a short time, it said, can cause coughing,

wheezing, shortness of breath, chest pain, mouth or throat irritation, headaches, dizziness and nausea.

The 2021 Ontario Student Drug Use and Health Survey found that 15 per cent of participating students in grades 7 through 12 reported vaping.

That's down from the 23 per cent reported in the 2019 survey, but up from the 11 per cent in the 2017 survey.

In contrast, only four per cent of respondents reported using tobacco cigarettes in 2021, and five per cent in 2019.

Nicotine continues to be

the substance most commonly vaped. In the 2021 survey, 84 per cent of e-cigarette users report vaping nicotine.

“The long-term effects of vaping are currently unknown, but we do know that nicotine addiction is real,” said Dr. Glenn Corneil, the health unit's acting medical officer of health, in a media release.

“Using nicotine during the adolescent years can have harmful effects on the teen brain, which continues to develop until about age 25,” Corneil said.

“Using nicotine during ado-

Keeping fire extinguishers healthy

(NC) - Fire extinguishers are an integral part of a home fire safety plan.

Here are some expert-recommended tips to keep in mind:

EQUIP YOUR HOME

“Fire extinguishers should be placed on every level of your home and in common spaces like the kitchen, laundry room and garage,” says Ashley Gocken, a First Alert fire safety expert with Resideo Technologies.

“Make sure to store extinguishers in easily accessible places, like under the kitchen sink or mounted on the wall.”

KNOW YOUR ABCS

Fire extinguishers have specific ratings that indicate what kind of fire(s) they are designed to stop.

- Extinguishers with a Class A rating can put out fires caused by wood, paper, fabric and other common materials.
- Class B rated extinguishers are intended for fires fueled by flammable liquids such as gasoline.
- Class C rated extinguishers are meant for fires caused by electrical equipment, such as frayed cords.

For reliable protection, a multi-purpose, or ABC-rated, extinguisher is recommended, such as a rechargeable home model from First Alert.

REMEMBER TO PASS

Using a traditional fire extinguisher is simple if you remember the acronym PASS:

- Pull the pin. You hold the extinguisher with the nozzle pointing away from you and release the locking mechanism.
- Aim low. Point the nozzle of the extinguisher at the base of the fire.
- Squeeze the lever slowly and evenly.
- Sweep the nozzle from side-to-side.

ASSESS THE FIRE

In the case of a fire, assess

the situation before using your extinguisher. If the fire is big or uncontrollable, evacuate your home and call 911 immediately. If the fire is small enough for you to manage with a fire extinguisher, use the PASS technique to put it out. Remember, the most important thing is that you and others safely evacuate the home.

INSPECT EXTINGUISHERS REGULARLY

Regularly examine your fire extinguishers to help ensure they will function properly in the event of a fire emergency. Check your extinguisher's pressure gauge. If the pointer is in the green zone, your extinguisher is properly pressurized and ready for use. If the pointer is in the red zone, your fire extinguisher should be serviced or replaced. Remember, a fire extinguisher that has been discharged should never be stored without proper recharging by a certified professional.

A PLACE FOR FAMILY TIME

Megan Giroux and her daughter Keira Laramee, 9, and other family members were regulars at the Bass Lake Resort in Coleman Township this summer. Giroux said they came by every day to enjoy the park. The Bass Lake Resort includes beach, playground, cabins, picnic areas, and more. (Staff photo by Darlene Wroe)

MP Anthony Rota resigns House Speaker position

Continued from Front

"It is with a heavy heart that I rise in the House today to inform Members of my resignation as Speaker of the House of Commons.

"It has been my greatest honour as a parliamentarian to have been elected by you, my peers, to serve as the Speaker of the House of Commons in the 43rd and 44th Parliaments.

"I have acted as a humble servant of this House, carrying out the important responsibilities of this position to the very best of my abilities.

"I want to thank you, colleagues, for your support and collegiality during my tenure in the Chair. The work of the House is above any one of us; therefore I must step down as your Speaker.

"I reiterate my profound regret for my error in recognizing an individual in the House during the joint address to Parliament by President Zelenskyy.

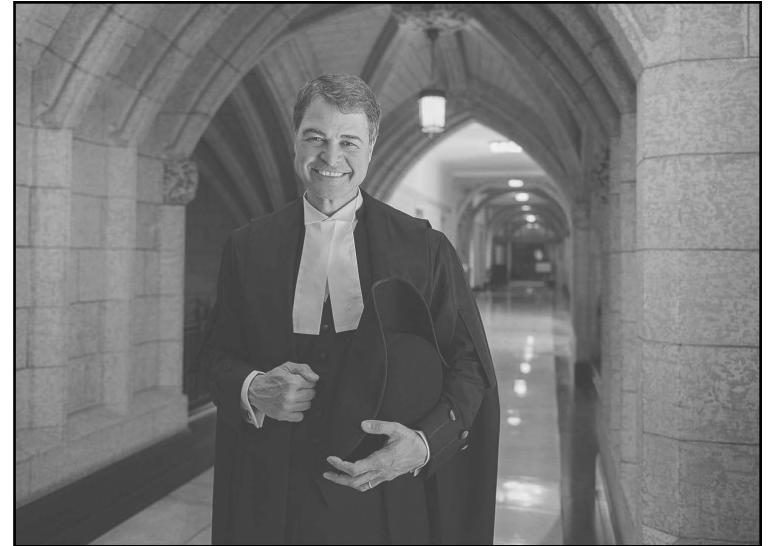

"That public recognition has caused pain to individuals and communities, including the Jewish community in Canada and around the world, as well as to survivors of Nazi atrocities in Poland and other nations. I am deeply sorry.

"I accept full responsibility for my actions.

"My resignation will take effect at the end of the sitting day ... Wednesday, September 27, to allow for the election of a new Speaker. Until that time, the deputy speakers will chair House proceedings."

HOROSCOPE

WEEK OF OCTOBER 1 TO 7, 2023
**The luckiest signs this week:
Gemini, Cancer and Leo**
March 21 - April 19

ARIES If you do your work wholeheartedly, your efforts won't go unnoticed; you can expect to be rewarded with a higher salary. Open up to your significant other, too, and you'll reap the benefits.

April 20 - May 20

TAURUS There's a lot of activity around you. Even if you have a lot of tasks to accomplish, opportunities to have fun will spontaneously pop up. Try to strike that happy balance between entertainment and responsibility.

May 21 - June 21

GEMINI It's a time of turmoil and uncertainty. You could try fighting the current, but it's wiser to trust in the signs and follow their lead. Take care of yourself and listen to the messages your body is sending you.

June 22 - July 22

CANCER Making new friends and expanding your network of contacts is possible. With such a busy schedule, you may find it difficult to spend time with your family while also managing your responsibilities. Good organization is essential.

July 23 - August 22

LEO You'll undoubtedly have lots to do in all aspects of your life. Try to complete everything on time. You'll feel better if you take a little time for fun and relaxation. Treat yourself to a little outing — a comedy show, perhaps — to rediscover your smile.

August 23 - September 22

VIRGO Plan a getaway and have fun learning something new. In doing so, you may discover new perspectives for a more stimulating career. Whether you're single or in a relationship, inspiration will guide you away from monotony.

September 23 - October 22

LIBRA Dream big and with passion! Use your determination and daring to achieve your personal and professional goals. Don't try to please everyone. Instead, shape your world according to your unique desires and aspirations.

October 23 - November 21

SCORPIO You'll be in a position to bring colleagues or clients together to celebrate the signing of an important contract or bring a workplace conflict to an end. In romance, you'll receive a sign of commitment from your significant other. If you're single, you'll turn on the charm.

November 22 - December 21

SAGITTARIUS Work or health will take priority; you'll correct one situation or the other, and it'll improve your future. When it comes to your love life, having a deep discussion may help you resolve emotional issues.

December 22 - January 19

CAPRICORN Take care of yourself to earn applause and recognition. Take pride in what you've accomplished. Frequent displays of love and affection will help you light the fire of unending passion.

January 20 - February 18

AQUARIUS You'll discover your inner joy and let it radiate around you. Let every day be filled with moments of pleasure and happiness. Share your joy with your family and loved ones. Watch how that joy spreads.

February 19 - March 20

PISCES You'll need to travel for work and in your personal life. To feel more safe and secure with all the germs in the air, follow basic hygiene rules. In your relationships, your choice of words will reveal your emotions.

THU clearing the air on vaping and young people

lescence can negatively impact the parts of the brain responsible for learning, memory, concentration, and attention. It can also worsen symptoms of depression and anxiety, reduce impulse control, and cause behavioural problems."

The health unit said vaping products were originally marketed as a tool to quit smoking. But the variety of flavours has been criticized by many as encouraging vaping among young people.

The health unit is launching a "Clear the Air" campaign to educate young people and parents about the consequences of vaping and resources to help users quit.

On the consequence side,

the health unit notes that vaping on or within 20 metres of school property is illegal.

Contravening the law may mean a school suspension, a \$305 fine, and a possible court summons.

The fine for providing vape or tobacco products to anyone under the age of 19 is \$490.

The health unit said it's working with school boards on "progressive enforcement" to keep school environments smoke-free and vape-free.

On its website, the health unit offers information about sources where youth and adults can find supports to help them quit tobacco or e-cigarettes.

They include an app known as Quash that offers customized tools to help users quit.

Curious about the air quality in your indoor spaces? The library has CO₂ Sensors for loan. CO₂ is a gas that is produced when people exhale. As more people remain in a room, CO₂ levels increase quickly if there is not enough fresh air coming into the space. High indoor CO₂ levels can cause tiredness, headaches and other symptoms, and indicate that a space is not well ventilated. High CO₂ levels can also facilitate the spread of airborne infections. The devices are not CO (Carbon Monoxide) detectors and are not life safety devices. Contact the library to learn more!

For more information about any of these programs please call us at 705-647-4215, email us at info@temisklibrary.com or pop into the library and speak to one of our friendly staff members.

WE DON'T BREW OUR BEER FOR THE AWARDS.

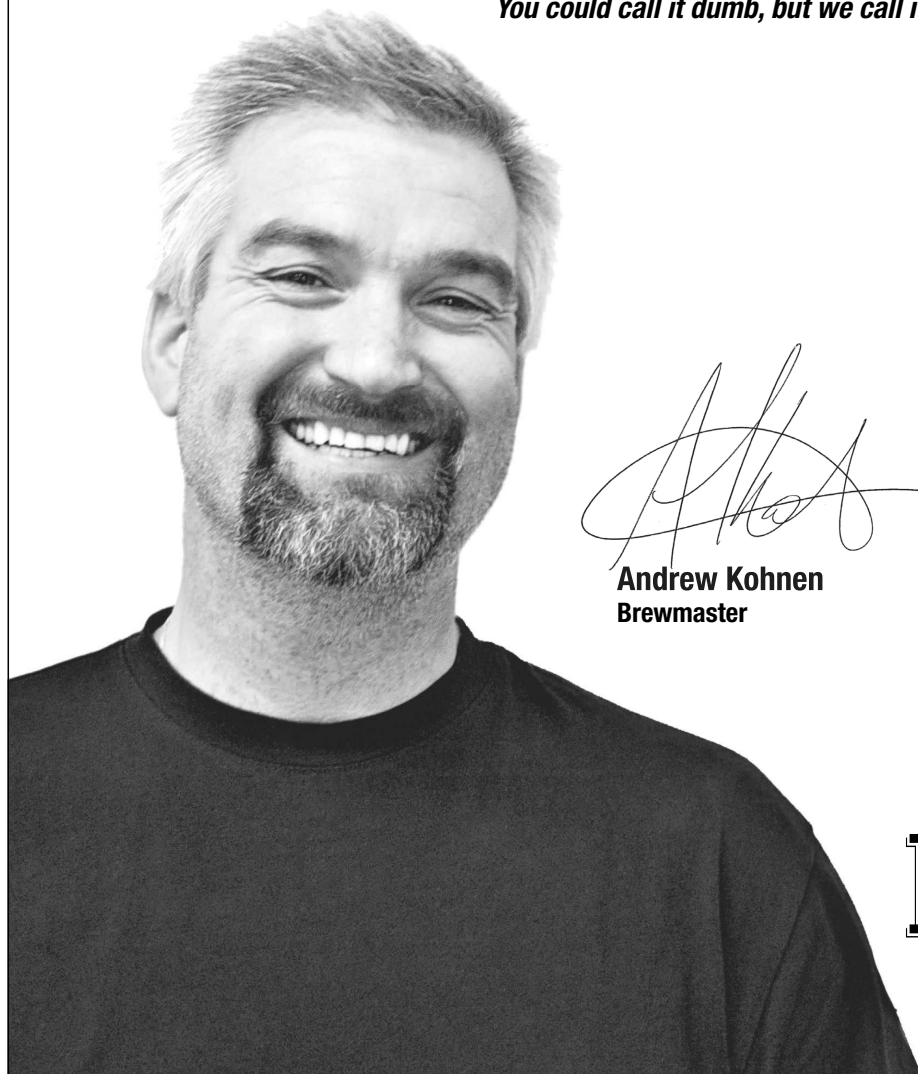

BUT HE DOES!

Our brewmaster, Andrew Kohlen, threw away a successful career in logistics to pursue his dream of reconnecting with the brewing roots of his family. This carried him to the UK's prestigious Brewlab in Sunderland, England, where he procured the alchemy that would drive his signature brewing style.

He took what he could from there and ventured to Scotland, Cornwall, and ultimately to Krefeld, Germany, working in the same brewery that had belonged to his ancestors. He came home to Canada for Hockley.

You could call it dumb, but we call it destiny.
