TEMISKAMING SHORES — Terry Fox represented the best that Canadians have to offer and New Liskeard Public School students and staff were inspired to do the same during their annual Terry Fox Run held on September 26.

The event was filled with music, enthusiasm and cheers as

500 students and staff walked or ran around the schoolyard. Every single student and teacher had on a Terry Fox Run T-shirt, gifted to the school by the Terry Fox Foundation.

"This year is extra special because every single one here is wearing a Terry Fox T-shirt. The Terry Fox Foundation picked a few schools to give T-shirts to and we were one of them. You can keep your T-shirt and take

it home," said NLPS teacher and run organizer Kelly Howard to the student body.

She told the students before the walk/run began that it is important to remember Terry Fox above and beyond the raising of money each year.

"It helps to keep Terry's dream alive," she said.

"The run began at our school in 1997, that is a long time, and we have raised \$42,000 so far.

That's impressive."

This year the run was able to raise \$4,188.80 for the Terry Fox Foundation for cancer research in support of Terry's dream.

Teacher Jamie Norris spoke enthusiastically to the students and staff about the importance of the run.

He said to the students and staff, "When I say Stinger you say strong," referring to the

name of the school's teams.

He talked about how important it is to be strong in the face of cancer and he got choked up as he spoke about the people who are, have been, or will be dealing with cancer.

Together, students and staff ran or walked 1,100 kilometres (km) on the day and for each 100 km covered an environmentally friendly balloon was released.

Thunder slam dunks 100 Women donation

TEMISKAMING SHORES — The 100 Women Who Care -Temiskaming Shores and More continue to grow their numbers and, as a result, their donations keep getting bigger.

It's all to benefit not-for-profit groups in South Temiskaming.

The big orange ball will bounce a lot further for area youth as a result of the 100 Women's latest donation.

The newly formed Temiskaming Thunder youth basketball program has received \$14,000 from the organization.

The decision was arrived upon at their August meeting at the Haileybury Golf Club.

The cheque was presented at a ceremony outside of Temiskaming District Secondary School September 14.

Temiskaming Thunder president Morgan Johanson expressed her gratitude for the sizeable donation that will help with registration fees and other costs the program will incur in the coming months.

"We deeply appreciate the sponsorship from 100 Women Who Care as it comes at a pivotal moment for our newly established not-for-profit program," said Johanson in an email interview with The

Speaker.

"It will support us in our mission to provide affordable high quality basketball for youth in Northern Ontario. As a new program, we require financial support to cover start up and ongoing expenses, including equipment, uniforms, insurance, training and other essentials."

She mentioned the donation will help Temiskaming Thunder to keep its costs at a minimum for players and their families in Temiskaming Shores, Englehart and area.

This financial boost will cover the cost of a registration fee for the 2023-2024 season.

"This sponsorship extends beyond sports, benefitting youth development and well-being in our communities. By diversifying recreational options beyond hockey, they are helping us support countless children and teenagers with new and exciting opportunities," added Johanson.

They will be opening a grant program to cover the cost of playing in the program for one male and one female rep player who demonstrates strong leadership skills and who is in financial need.

The list of recipients of the 100 Women group's assistance, which is now at 200 members, is long and varied.

To date, 100 Women have

The newly formed Temiskaming Thunder basketball program scored a big win when 100 Women came on board to help with expenses by donating almost \$14,000. donated almost \$200,000 in four years. The next meeting of members will be November 29 at the New Liskeard Golf Club, marking the group's fifth year of fundraising prowess.

"Bring a friend next time. They can either participate or simply observe. We have many new members each meeting," said 100 Women chairperson

Laurie Wilson.

Recipients have included the Northdale Manor, Coats for Kids, local food banks, the Temiskaming Nordic Ski Club, the Temiskaming Shores Rotary Splash Pad, an ECG machine for Care Close to Home at the Temiskaming Hospital, the Community Bike Exchange program, the TDSS Closet,

Zack's Crib, a Ukrainian family sponsored by the Rotary Club of Temiskaming Shores and Area, Keely's Epic Battle-Kendra Lacarte, the Tri-Town Ski and Snowboard Club, Project Lifesaver, the Pavilion Women's Centre and, during the COVID-19 pandemic, members donated \$6,000 to a charity of their choice.

Lions start their regular season October 14

TEMISKAMING SHORES — A new hockey year brings with it renewed hope and confidence for the New Liskeard Lions.

The Nickel District U18 Hockey League team is set to get its regular season underway Saturday, October 14, at the Don Shepherdson Memorial Arena.

"The team looks like it's going to be very competitive, we should be in for an exciting, fun season," said manager Al Roy in an email message to The Speaker.

The Lions completed a pair of exhibition games against the South Porcupine Gold Kings, winning 4-2 on September 30 at The Shep but losing the next day 5-3

in Porcupine.

This year's team roster has been set for 2023-24.

Forwards are Chase Bigelow, Skyler Kudjick, Pacey Lachapelle, Damien Plante, Eli Polson, Ezechiel Roussel, Isaac Saint, Jackson Smith, Tyler Therrien and Jayden Wabie-Delorme.

Defencemen are Rory Duquette, Caleb Hetu, Jack Lundholm, Tanner St. Louis and Kian Wilson.

In goal will be Shawn Gerber and Ben McLean.

The Lions will host

the Powassan Hawks for a doubleheader on Saturday. Game one is at 12:50 p.m., game two is at 6:30.

New Liskeard will travel to Porcupine October 27 to compete in a tournament.

STRAIGHT FROM THE HIP

After the overrated Toronto Blue Jays went down in two straight games at the hands of the Minnesota Twins, their only consolation prize was to see the other three series also end in two games as Tampa Bay, Milwaukee and Miami joined them.

Changes will be made for this disappointing franchise and it should start from the top down, beginning with Atkins, Shapiro and Schneider for sure, followed likely by the hitting coaches and then a handful of players that are now free agents.

What a dumb move taking pitcher Jose Berrios out of the game after his great start and from there the game went totally downhill, from strikeouts to base stealing to downright stupidity by a handful of players. I was on the Jays' bandwagon until they lost four straight to the Texas Rangers last month, and

then when they got in the back door as a wild card, followed by a champagne party and loud music. Then reality set in and the naysayers were proven right watching this final series with the Twins.

Even the hometown media couldn't believe it and, as for your average fan, something must and will be done before spring training begins in 2024. If you call this team and ownership one big happy family guess again as we all should see within the franchise this month. Losing is one thing, but the mental mistakes have been piling up, which in turn ended the 2023 season quickly.

Finally, this is not about the ordinary fans turning their backs on this team, it's all about the people who produce the product which was shabbily handled and an ownership that let it happen, but now hopefully

Mike McArthur

are doing something about it.

Blue Jays fans deserved a lot more than \$1 hot dogs or bobble-head days, so please build a playoff team or forget it all.

OVERTIME

- the other train wreck was at the Ryder Cup which the European golfers won again and was over from day one, even with a mad attempt on the last day by the USA, but were just too far back for an upset. Captain Zac Johnson put on a good face for the U.S. before and after the event, but once again it was a European cakewalk. I also once again thought the media coverage was at times biased

for the Americans until they realized Europe was that much better.

- before the oddsmakers start forecasting what NHL awards certain players and teams will receive next year remember: for starters, these are the same folks who predict what the Blue Jays etc. will win in baseball including the World Series, NBA and NFL. It's complete nonsense as most picks are out to lunch. Already they're predicting how many points McDavid will score, will Matthews win the Hart trophy, etc. Forget it as these guys' crystal balls are full of you

know what.

- if you're a Raptors fan you must be concerned about what team President Masai Ujiri has done - or rather not done - to improve this team for the 2023-2024 basketball season. So far the experts and Toronto media are wondering when this guy will act.
- and finally, if you can't afford to see Taylor Swift in concert it's a godsend to the NFL as ticket sales are off the board when she appears in any stadium at any time. So, who needs to hear her as just seeing her present seems to work for millions.

Radon: An invisible radioactive gas that causes cancer

(NC) When there is an obvious danger in your home, like a water leak or a fire, you do what you can to fix it. But some dangers are not visible to the human eye. Radon gas is one such hazard that could be lurking in your home undiscovered and according to Health Canada, radon is the leading cause of lung cancer in non-smokers.

Here's the scoop on what it is, why it's so dangerous, how to find out if it's a problem in your house and what you can do to fix it.

What is radon?

You can't see it or smell it. Radon is an invisible radioactive gas formed by the natural breakdown of uranium in the ground. In outdoor air the gas naturally disperses quickly and is not a concern. But, when it seeps into enclosed spaces like your home, it can accumulate to a level that becomes a serious health risk over a long time. In fact, about eight people a day die from lung cancer every year in Canada due to radon exposure. It's not something to take lightly.

Is your home safe?

Some amount of radon exists in every building in Canada, and that's normal. But the only way to know if your home has a dangerous level of radon gas is to test for it.

A do-it-yourself kit costs roughly \$30 to \$60, or you can hire a professional to measure for you. Either way, Health Canada recommends using a long-term test over three months, ideally during fall and winter. You can get a more accurate reading this time of year because the amount of radon in your home can vary over time, but it's typically highest in the colder months. Homes are usually sealed up more tightly against drafts in fall and winter, so less of the gas can disperse out of open windows and doors.

What can you do about radon?

If your test results are below the limit, you can rest easy. The government recommends testing again if you do any major renovations or energy efficiency retrofits, as this can increase your radon level.

If your test shows a high level of radon, then it's important to reduce it to lower your long-term risk of lung cancer. You can hire a certified radon mitigation professional to install a radon reduction system. Typically, it's a one-day job with similar costs to getting a new home appliance.

Find more information about radon gas, as well as lists of certified test kits and professionals, at takeactiononradon.ca.

EVERY SECOND COUNTS!

PLAN 2 WAYS OUT!

If a fire occurred in your home tonight would your family get out safely?

A fast, pre-planned escape is critical to survival. There are **no second chances** in a fire.

Follow these simple steps:

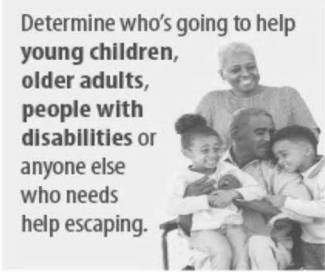

Test your smoke alarms—every month!

Discuss with everyone in your home how each person will get out in a fire. Practice your plan!

Know **two ways out** of each room, if possible.

Determine who's going to help young children, older adults, people with disabilities or anyone else who needs help escaping.

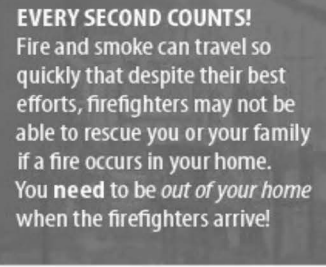

Have a **meeting place** outside your home.

Call 9-1-1 or your emergency number from outside the home.

GET OUT, STAY OUT!
Never re-enter a burning building!

EVERY SECOND COUNTS!
Fire and smoke can travel so quickly that despite their best efforts, firefighters may not be able to rescue you or your family if a fire occurs in your home. You need to be out of your home when the firefighters arrive!

ACROSS THE YEARS

100 YEARS AGO

From the October 11, 1923, issue of the New Liskeard Speaker and Temiskaming News-Letter.

MASONIC TEMPLE DEDICATED

The people of the District extend congratulations to the Masons of Haileybury for the successful culmination of their efforts in the building of their new Temple, which was dedicated last week by special services, over which District Deputy Grand Master, Jas. Paterson, of Englehart, presided....

During the banquet, music was provided by the Liskeard Orchestra, which was full of snap and much appreciated by those present. After the banquettters had satisfied themselves with the good things so bountifully provided, Worshipful Master Day called the gathering to order and proceeded with a lengthy toast list, which proved of much interest to those present. All the prominent toasts of the Craft were proposed and responded to in a most able manner by the various speakers, amongst whom were Wor. H. A. Day, W. Bro. LeHeup. R. W. Bro. Haentachel, in addition to D.D.G.M. Jas. Paterson, W. Bro. Attig, and other prominent Temiskaming Masons.

The Temple is, so far as we are aware, the best north of Toron-

to, and is a structure of which any community might be proud. Costing close to \$19,000, the building is equipped in every way for the purpose for which it is intended. Large ante rooms lead into the Lodge Room on the main floor, while the basement is so arranged as to give full accommodations for any event. The heating is of the latest design, while the safety vault is erected for both convenience and as a store vault for the valuables of Lodge. The kitchen and other accommodations are in keeping with the rest of the building, so that the members of Haileybury Lodge have every reason to expect that their new Temple will be one of the bright spots of the community.

In complimenting the members of Haileybury Masonic Lodge, we might suggest that they have set a pace which will be an incentive to the other lodges of the District, and one which is sure to work out for the good of the Craft.

THE GAME SEASON

Although some persons seem to have imagined that the open season for partridge started weeks ago, they were quite wrong, for really the season does not open until Monday next, the 15th, and one person may kill only 10 birds. Better read this carefully and keep the

PLOWING MATCH 2013

From the front page of The Speaker September 11, 2013: “Adam Loach from Dymond Township competed in his second Temiskaming Plowing Match on Saturday, but it was the first for the team of Tom and Thunder. Mr. Loach’s uncle Glenn acted as coach and made some helpful measurements to keep the team on track. This year’s event was held September 5-8 in Armstrong Township.” (Speaker archive photo)

law, or Overseer Read will be likely to read the riot act to you. This week two young men were fined a total of \$37, besides losing their guns, for violations of the Game Law. We understand that game when taken out of season, if found in an automobile, it may be confiscated as well as the gun or guns.

BOWLING NOTES

The special prize offered last week at Walton’s Amusement Parlors for the high three-string score in ten pin bowling, was won by C. Thompson, with

a high score of 604 for the 3 games. Up until Saturday evening the high score was held by Jay Perrault at 600....

Cobalt bowlers have asked the Liskeard boys to enter two teams in a proposed Temiskaming League, to consist of two teams from Cobalt, one from Haileybury and two from New Liskeard. It is expected the locals will put in the teams asked for, one representative of each of the local alleys.

Both ten and fifteen pin leagues are expected to be or-

ganized in town for the coming winter, and the management of the alleys desires all who intend to take part in either of these series to turn in their names at once, so that teams may be drawn up.

\$10,000 ADDED TO HOSPITAL TO BRING TOTAL TO \$35,000

During the last week the addition of more than \$10,000 in cash and pledges pushed the grand total of receipts for New Liskeard’s new hospital to \$35,311.08...

The committee is now in the course of arranging a canvas of the townships and the smaller municipalities of the surrounding area who will be benefitted by the erection of the new hospital here.

NONOGENARIAN MRS. JOHNSTON DIES SUDDENLY

Sutton Bay Lady Was Pioneer in Temiskaming

Funeral services were held Tuesday afternoon for Mrs. William Johnston who died suddenly at her home in Sutton Bay last Friday evening.

Mrs. Johnston had recently contracted a severe cold and

could not combat it in her weakened condition. She would have been 90 next month.

A resident of Temiskaming since 1910, Mrs. Johnston was well known in the Sutton Bay area where she and her husband managed the post office for the past 28 years and she had many friends in the district.

Born in Auchinbrae, Scotland, on Nov. 3, 1868, she was married there at the age of 20 to William Johnston of Aberdeen on Sept. 7, 1888. Last month Mr. and Mrs. Johnston celebrated their 60th wedding anniversary with family and friends and recently they received a message of congratulations from the Governor General of Canada, Lord Alexander.

Mrs. Johnston was one of the real pioneers of this district. She and her husband settled at the Casey Mine when the entire surrounding area was thick bush. They lost their home in the 1916 fire and rebuilt, only to have it destroyed again when the big

fire of 1922 swept the country.

THREATENS TO SUE OVER ROAD CONDITION

The New Liskeard Council was informed at its meeting Tuesday night that unless steps were taken to repair Whitewood Avenue, legal action for damages might ensue.

Charles McKenzie, in a letter to the council claimed that ever since the road had been re-surfaced last year a pool of water formed in front of his home after every shower. He claimed further, that a crack had appeared in the foundation of the house and he attributed this to seepage.

“Unless something is done, I will be obliged to take action for damages,” the letter concluded.

The matter was referred to the Works Committee.

JIM BROWN TO JUDGE HORSES AT “ROYAL”

One of Northern Ontario’s best known horsemen, J. W. Brown of New Liskeard has been appointed to act as a judge at the Royal Winter Fair which opens

466 LAMBS GET TOP PRICE AT UNO PARK Canada Packers Buys 466 Lambs After Annual Fair

Despite a downpour of rain that lasted all day, the Temiskaming Sheep Breeders’ Association staged another successful Lamb Fair at Uno Park, Saturday, October 9th. While the attendance and exhibits were not as large or numerous as last year, 22 exhibitors brought out 466 lambs, that graded 337 number ones, weighing a total of 31,689 pounds, 90 number twos, weighing 8,149 pounds, and 39 heavies, with a weight of 4,797 pounds.

They were sold to Canada Packers, and the price was \$22.60 for number ones, and \$21.60 for number two, per hundred. The average price per head was \$20.71. Taylor Pipe got the best price for 20 lambs which brought him an average of \$24.90.

INSPECTION OF ALL HOUSES IS POSSIBLE Council Would Have Complete Inspection to Eliminate Fire Hazard

The appointment of a chimney inspector and methods of eliminating fire hazards in homes were discussed when the New Liskeard council met Tuesday night....

A reclamation project to restore the banks of the Wabi River where they had been eroded in the area of the airport was mooted by T. H. McAllister, as chairman of the aviation committee.

He said that four feet of the bank had been washed away during the last year and suggested that a wooden retaining wall should be built and filled with rock ballast. His suggestion was that a small sum should be set aside each year to maintain the river bank and the council approved the motion that the committee be authorized to supervise the spending of \$200 this year for the purpose.

MANY RETAILERS STILL WILLING TO SELL TOBACCO TO MINORS

NEW LISKEARD – Too many Temiskaming retailers are willing to sell cigarettes to minors, concludes the woman responsible for enforcing Ontario’s tobacco law.

“We’re just astonished the people are just that desperate for business,” said Linda Korte, tobacco enforcement officer with the Timiskaming Health Unit.

On September 24 and 25, three teenagers between the ages of 15 and 17 – all under 19, the age at which people may buy tobacco – posed as cigarette buyers at 75 stores across the district.

Mrs. Korte said 20 stores, or almost 27 per cent, were willing to sell to them, despite their age.

“In one place, the kid was a dollar short, and the store owner

said, ‘that’s okay, we’ll give you the dollar,’” she said.

None of the sales were completed, because the purpose of that exercise was checking for compliance.

FARES DECREASED TO IMPROVE TRANSIT RIDERSHIP AND FUTURE OF SERVICE

HAILEYBURY – After the provincial government’s elimination of subsidies to assist transit in the Tri-Towns, the future of the service has been a constant point of increasingly gloomy discussion.

Until now.

Rick Walsh of Walsh Transportation in Haileybury is hoping to save the Tri-Town Transit system “for the area and for the users and for the employees and myself and my company,” he says.

Mr. Walsh has won an agreement with the Tri-Town Transit Committee to allow him to set the rates for users of the transit

service.

As a result, effective October 5, many of the fares have been decreased to boost ridership on the buses.

LAKE TEMAGAMI SKYLINE RESERVE OPENING TO STAKING

TEMAGAMI – In less that two years, the shoreline of Lake Temagami will be opened to claim-staking for the first time in more than 25 years.

Part of the lake bed and the skyline reserve surrounding the lake will be opened to prospectors at 9 a.m., Tuesday, October 27. The islands, however, remained closed to exploration.

But prospectors must follow new guidelines for staking in the sensitive area.

The regulations were drafted to provide “exploration with a light footprint,” explained Gary Grabowski, district geologist with the Ministry of Northern Development and Mines (MNDM) in Kirkland Lake.

“Because this is a sensitive area and you want to make the area around the lake look esthetically pleasing, people on the lake shouldn’t see any evidence of you being there.”

Much of the Temagami area was opened to mineral exploration in the fall of 1996 after more than two decades of land use disputes and a caution filed to support a Native land claim.

The Lake Temagami shoreline had originally been included in the reopening.

But it was quickly withdrawn when the lake residents protested that promised regulations for staking in the environmentally sensitive area had not been formally proclaimed.

LORRAIN VALLEY RESORT CONCEPT TAKES ANOTHER STEP

COBALT – A proposal to build a four-season resort in the scenic Lorrain Valley has taken another step.

A non-profit corporation is

in the process of being formed from the working committee that has been studying the concept.

It will serve as the applicant in any requests for grant money for a pre-feasibility study exploring the idea.

The goal of the study would be to discover whether the project is feasible, said Al Willard, president of the new body and a director of New Liskeard’s Business Improvement Area.

“All I know is, when we visited the area, there’s a heck of a lot of potential down there,” Mr. Willard said late last week.

The proposal, first floated by Cobalt-based Blackstone Development earlier this year, focuses on Beaver Mountain and the surrounding area.

It envisions a resort complex on the scale of Deerpark in the Muskokas, with the potential for four-season recreational use by golfers, boaters, horse riders, skiers, and snowmobilers.
