## Truckers' survey adds voice to highway concerns

**Darlene Wroe**

Local Journalism Initiative Reporter

DISTRICT - A recent survey by the Ontario Truckers Association has backed up what the Ontario New Democratic Party and others have already been saying about northern highways and the truck traffic that uses them.

NDP MPP John Vanthof said in a telephone interview that the survey was pointing out "many of the same things that we've been bringing up."

The survey was circulated in the fall among truck drivers of both Highway 11 and Highway 17 and has now been released.

The response from 600 truck drivers shows the top problems they are observing are: unsafe passing by other vehicles (84.32 per cent); lack of truck rest areas (83.84 per cent); poorly trained truck drivers (80); lack of safe passing areas for trucks (79.84); and unsafe trucking fleets (65.12).

The top solutions truckers believe would address concerns are: more truck passing and climbing lanes (78.75 per cent); more truck rest areas (78.75 per cent); better trained truck drivers (78.57); more oversight of unsafe trucking fleets (70.21); and more heated washroom access for professional drivers (59.06).

### HIGHWAY 11

Vanthof said problems on Highway 11 are worse in the winter because TransCanada truck traffic prefers that route over Highway 17 which experiences lake-effect snow and weather.

He said his office hears the horror stories about driving on Highway 11, and he sees them because he drives the road.

"This isn't a political issue. This is an issue that transcends political divides," he said.

## OFFICER OF THE YEAR

**The Mothers Against Drunk Driving (MADD) Temiskaming chapter awarded Ontario Provincial Police (OPP) Constable Jake Murphy the MADD Officer of the Year Award at the Temiskaming OPP station on January 26. He was given the award for his commitment against impaired driving by drug and or alcohol. In 2023, Constable Murphy was involved in several investigations where impaired drivers were taken off the road thanks to his thorough police investigations. Constable Murphy has received training and is now a Qualified Breath Technician, which is necessary to determine the amount of alcohol in a person's body by conducting breath tests. He is also one of the few Drug Recognition experts within the entire OPP Northeast region. From the left are MADD Temiskaming board of directors secretary Patty Burke, vice president Sue Flaxey, Constable Jake Murphy, MADD president Chuck Needham, Constable Martin Thibeault, MADD student volunteer Kamdyn Julien and MADD treasurer Annette Neil. Both Burke and Flaxey said they were impressed with Murphy's dedication to reducing impaired driving and how much he has assisted MADD over the years. (Staff photo by Sue Nielsen)**

# OBITUARIES

## Daniel George Harvey - A Life Well Lived

It is with great sadness that we announce the passing of Daniel George Harvey on Monday, February 12, 2024, after a long, courageous battle with cancer, at the age of 65. He was predeceased by his parents Helen and Paul Harvey.

Despite his long battle, Dan lived by the motto that "Life is Good."

He brought positivity and warmth to every situation. Dan was a generous, hardworking man with a great sense of humour. He appreciated the simple things in life like spending time with his family, fishing on the sand bar, his annual hunting and skidoo trips, and coffee with his "Surprisingly Happy it's Thursday" crew.

As a child, Dan played and excelled at every sport including competitive hockey with his long-time friend Denis Houle.

He went on to graduate from Northern College with a degree in civil engineering and spent most of his 25-year career with the City of Temiskaming Shores as the head of public works.

Dan made an impact on many people's lives as a mentor, teammate, coach and loyal friend. His love for his family and friends was always felt strongly.

He will be greatly missed by his loving wife Susan Harvey; his two daughters Melissa (Josh) Wood and Megan Harvey (Mathieu Houle); and his grandkids Frankie, Ariel and Axel.

He will be missed by his sisters Diane Edgar (Greg Lowns) and Louise (Alain) Cormier, and by his brother Mike (Myrna) Harvey. Dan will be fondly remembered by many nieces, nephews, extended relatives, friends and colleagues.

A visitation will be held at the Timiskaming Funeral Cooperative – Perrin Chapel, 128 White-wood Avenue W, New Liskeard, on Sunday, February 18, from 10 a.m. to 12 p.m. A Celebration of Life will follow in the funeral home chapel.

We are sincerely grateful to the many friends, hospital staff, chemo nurses and Dr. Corneil who supported and comforted Dan over the years.

In memory of Dan, the family is requesting donations to Community Cancer Care, at <https://communitycancercare.ca>.

Condolences may be made at [www.timiskamingfc.com](http://www.timiskamingfc.com).

## Cornelis "Corrie" Huisman

Cornelis "Corrie" Marinus Huisman was a caring husband, father, grandfather, brother, and friend.

He left this world suddenly and yet peacefully in his home on January 18, 2024, at the age of 76. As per his wishes, he has been cremated and will be laid to rest next to his wife Diane.

Corrie was born to Ernst and Teuna Huisman December 7, 1947, in Bleiswijk, Netherlands.

On January 30, 1952, he landed in Canada and grew up in the small town of Smithville, Ontario.

He found the love of his life, Diane, while working at a grocery store. He married Diane in July 1968 and proceeded to bring two boys into the world with her.

In 1976, Corrie and Diane started a new chapter of their life when they moved north to purchase a small general store attached to their new home. Two years later, another boy joined the family.

Over the next five decades Corrie and his family flourished as part of the community. Many knew him through his passions for his motorcycles and woodworking as well as his presence at the store and community gatherings.

Corrie will be missed by his children Glenn (Guylaine) and Adam, daughter-in-law Donna, grandchildren Jacob and Angela, as well as his "adopted" sons Ron Lyman and Aaron Greenwood. He was predeceased by his wife, Diane, and his oldest son, Allan.

The family will receive friends and family at the Timiskaming Funeral Cooperative – Perrin Funeral Chapel on Saturday, February 17, 2024, from 12:30 p.m. until the service commences at 1:30 p.m. After the funeral, a small gathering will be held at the legion hall.

If desired, donations to Animals First – Temiskaming Shores and Area Animal Services would be appreciated.

Funeral arrangements entrusted to the Timiskaming Funeral Cooperative– Perrin Chapel.

# What is Glaucoma?

Glaucoma is a chronic progressive eye disease characterized by a degeneration of the optic nerve. This can lead to serious vision loss if not detected and treated early. Glaucoma is one of the leading causes of blindness in Canada.

### Who Gets Glaucoma?

Glaucoma most often occurs in people over the age of 40. There is also a greater risk of developing glaucoma when you have diabetes, high blood pressure or a history of eye injuries.

### Will You Go Blind from Glaucoma?

If diagnosed at an early stage, eyedrops and laser treatment can control glaucoma and little or no further vision loss should occur. If eyedrops are prescribed, they must be used always to control the eye pressure. If left untreated, peripheral vision is affected first, followed by central vision loss during late stages of the disease. Complete blindness may occur.

### How is Glaucoma Detected?

A thorough eye examination is the first step to detecting glaucoma. Your optometrist will do a simple and painless procedure called tonometry during your routine eye exam, which measures the internal pressure of your eye.

### How is Glaucoma Treated?

Treatment will depend on the type, severity and progress of the disease. It cannot be cured, but it can be controlled with daily eyedrops. Laser surgery is also an effective way to control glaucoma and maintain your remaining vision.

In more complicated cases, surgery may be needed to completely bypass the eye's natural drainage system. Once vision is lost due to glaucoma, it cannot be restored. This is why **regular preventive eye exams with your optometrist are important.**

### How Often Should You Have an Eye Exam?

Most eye care professionals recommend a comprehensive eye exam every one to two years, depending on your age, risk factors and whether you currently wear eyeglasses or contact lenses. Children need regular eye exams to detect vision problems that may interfere with learning.

# EDITORIAL

# Trusted news source

It may come as a surprise to some people that National newspapers like the Toronto Star, the Globe and Mail, the National Post and the Toronto Sun are no longer available in this region.

Apparently, information on those newspapers' websites say it just isn't profitable to deliver newspapers to Northern Ontario, where readership is low.

This is not good.

And Bell Media just announced layoffs and cutbacks in their television news offerings.

Thankfully, you can still pick up The Temiskaming Speaker and The Weekender on local newsstands.

Have we become a society that values social media over credible print journalism?

Have we become a society that would rather pay a few bucks a month to watch streaming television shows than find out what's happening in our communities, province and country?

With the focus on online news and social media, is it any wonder that conspiracy theories, disinforma-

tion and fake news run rampant in the absence of credible news sources?

Trust in all kinds of established institutions is at an all time low, including the media.

Meanwhile, some who are in positions of power have purposely acted to erode the trust in the role journalism plays in society.

When the leader of one of the largest democracies in the world calls the media "fake news," we know free speech and democracy are at risk.

These are dangerous times where fear and hate are being spread to destabilize people for political gains.

Journalism champions the public interest and we give people the facts to make up their own minds about how to view the world.

We will continue to provide a worthwhile, credible space in which to read and comment about the issues of the day.

We are proud of our over 100-year legacy of delivering quality news to you, our valued readers.

# Dear Canoe

I have missed you these last few months.

You no doubt will recognize my feet when I climb aboard the next time I see you.

And you will surely know the dimensions of my backside, which may have increased a tad bit over the winter.

I have sat in your stern seat for quite a few years now.

Together we have travelled both near and far exploring what's around the next bend and discovering the wild places of this province.

When I clean and oil you at the end of each season, you surely recognize my tender loving care of your yoke, gunnels, bow and stern seat, exterior and interior.

You must know you have changed the course of my life.

When my marriage went south, my mother had just died and when my daughter left to travel around Europe, I felt a bit lonely.

I felt the need for some kind of vision quest experience as I

stared middle age squarely in the face.

So I bought you and ever since that day, the canoe has been the apropos metaphor for my life.

I try to keep the open end up and the bow pointed forward and my paddle in the water.

Because of you, I joined outdoor groups with like-minded people and made life-long friends along the way.

Remember my friend, Ann, whom you graciously took for a ride one day at Bass Lake and then again at Bon Echo Provincial Park? She is still my valued chum even though she lives in San Diego now.

We share the bond of friendship, a love of nature and a love for the canoe and water.

Yes, canoe, you have opened up a whole new world of travelling possibilities for me.

Remember that time you took me around Lady Evelyn Provincial Park during the long weekend in September?

And how about that wonderful trip we took to Blueberry

Sue Nielsen

Lake to visit that unique ecosystem that exists there?

Canoe, you have placed me at the doorway to the temple and I am eternally grateful.

Each lake and river may look the same once we are out on the water, but they are all beautiful.

They lift my mood, rejuvenate me, challenge me and enrich my connection to the wild world.

I will always seek you out when I need to raise my heart rate or clear my head and heart.

You have been the salve, the elixir, the bomb and the joy in my world.

And I know this joyful experience is not exclusive to us, it happens to kayakers, sail and motor boaters and SUP enthusiasts. You and I both know it goes beyond a simple journey - it is a journey of the heart and soul through seasons of inner growth and refining vision.

See you soon and thank you so much.

# Truckers' survey adds voice to highway concerns

*Continued from Front*

"Many parts (of Highway 11) haven't had any really major redesigns in a long time. The highway system is starting to show its age. You see trucks can't pull over on the shoulder because they'll never make it back on."

He commented that it bothers him a little when he sees highway signs noting that fatigue kills and drivers should take a break, but there are few places for drivers to pull over when on Highway 11.

"The government is not following their own advice."

## "A LOT OF STRESS"

While it is known that increased driver training is needed for some truckers, Vanthof added that "there are very many truckers who are really conscientious and really professional." But all truckers are being pushed to reach their destinations because they have electronic logs, he pointed out.

They may also be seeking a safe place to park and unable to find one.

"If there's no place to park they've got to keep going until they can find a place to park safely and that puts a

lot of stress on them and also on the people they share the road with."

Vanthof agreed that some movement has been made by the province in bringing change to the problems with truck driver training but "overall there hasn't been a lot of changes to address those issues. The driver training issue has been an issue for a long time."

Vanthof said he has asked the Minister of Transportation Prabmeet Sarkaria if they have made any movement on that issue and "we really haven't heard anything on that."

There have been several announcements that rest areas are coming, he said, and some existing rest areas have been opened for the winter months, but there has not been much movement on that issue.

The survey has provided an opportunity to convince the government that action is needed, he explained. As the official opposition, the NDP is hoping that it can unite its voice with the Ontario Truckers Association.

"We're hoping that if we

can unite that we will finally have the critical mass to make the government listen, because so far the political will from both the Liberals

and now the Conservatives hasn't been to fully address the situation that we're facing on the TransCanada highway north of North Bay."

He added that he thinks that "unless you've been on the TransCanada north of North Bay you really don't realize what's going on here."

# February is Heart Month

## HEART AND STROKE

Cardiovascular disease or heart disease is the number one killer in Canada. It is also the most costly disease in Canada, putting the greatest burden on our national health care system.

**A number of factors, individually or in combination, can lead to heart disease:**

- Smoking; • Diets rich in saturated fat; • Physical inactivity; • Stress;
- A family history of heart disease; and • Being overweight.

Medical conditions such as high blood pressure, high blood cholesterol, obesity and diabetes are also potent risk factors.

Men are generally more likely to develop heart disease. An increasing number of women are experiencing heart disease but they are under-diagnosed. For both sexes, the risk of heart disease increases with age.

For more information on symptoms and health effects of stroke and how to minimize your risk, consult *It's Your Health* factsheet on stroke.

## HEART HEALTHY TIPS

### DON'T SMOKE.

Not smoking or quitting smoking reduces your risk of developing heart disease and not smoking may help to increase the "good" cholesterol in your blood. It also reduces your risk of having a heart attack, stroke, and common cancers.

### EAT A WIDER VARIETY OF FOODS.

According to Canada's Food Guide, as part of a balanced diet, we should enjoy a variety of foods and choose lower-fat foods more often.

### GET MOVING.

As little as 60 minutes a day of accumulated physical activity will help keep your heart in shape. Not sure how to start? Try the Physical Activity Guide for some ideas.

Eating well and staying physically active will help you to control your weight. Avoid fad or miracle diets.

**Have regular medical check-ups that include measurement of your blood cholesterol level.**

You can also be tested for diabetes, one of the major risk factors for heart disease. If you have any concerns about your heart health, be sure and ask your doctor.

“ As a proud graduate of Northern College’s Hotel/Motel Administration and Food Services Program in 1972, I continue to support the college in any way that I can.

I’ve had many rewarding experiences as a volunteer for various projects and events the college has hosted throughout the years.

More recently, I’ve been helping with their fundraising efforts through their partnership

with the Timmins Charitable Gaming Association by volunteering at their monthly bingo sessions at Jackpot Time Gaming Entertainment.

By doing so, I help support the college’s SBA (Scholarships, Bursaries and Awards) program with the funds that are raised through this partnership.

Thank you, Northern College, for the many opportunities you have provided me with over the years. I will be forever grateful for all the memories and great people I have met along the way.”

# Art installation and novel shares experience of schizophrenia

**Darlene Wroe**

Local Journalism Initiative Reporter

TEMISKAMING SHORES - The Spirit of the Arts gallery at Foto Shop in New Liskeard welcomed an art exhibition February 7-8 illustrating the first of a series of novels by Marten Hoyle, an author, cinematographer, photographer and musician who lives in of Boise, Idaho.

Hoyle's recent novel, titled *Voces Animarum* (*Voices of the Souls*), has been published by Marie Moldovan.

Moldovan explained that she wanted to do something for Hoyle to bring to life the novel he has produced.

Moldovan explained that Hoyle suffers from schizophrenia and used the book to illustrate what goes through his mind, meaning the story is "non-fiction in a fiction format."

Moldovan, who lives in both Larder Lake and Gravelbourg, Saskatchewan, met with Iris Shields of Foto Shop to discuss using her gallery as one of the local venues for the exhibition.

A Canadian Forces veteran, Moldovan suffers from complex post-traumatic stress disorder, and "felt comfortable with Iris because she is a very helpful and supportive individual."

*The art exhibition relating to the recently published novel *Voces Animarum* by Marten Hoyle was at the Spirit of the Arts gallery at the Foto Shop in New Liskeard February 7 and 9 and then went on to the Stope in Kirkland Lake February 9 and 10. Pictured here from left to right are publisher and artist Marie Moldovan of Larder Lake, Foto Shop Spirit of the Arts gallery owner Iris Shields, and literary agent and artist Joe Mykut. Moldovan also arranged for exhibitions at other spaces in Larder Lake, Virginiatown and also at the Stope (multicultural centre) in Kirkland Lake where a larger version was on display February 9 and 10, along with *The Colour of Collaboration*, which Moldovan is curating, and had 46 participating artists exploring the idea that peace can be achieved through art.

Moldovan commented that organizing the event has been a journey in stepping forward to help someone else.

Moldovan was assisted by United States Forces veteran Joe Mykut, who was also one of four artists who helped create the art installation for *Voces Animarum*, and is Hoyle's literary agent.

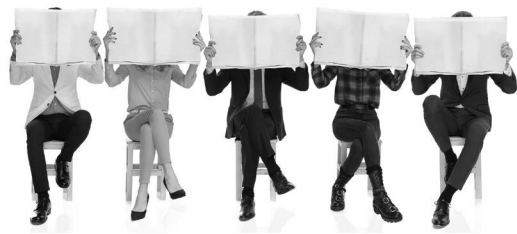

Mykut, who lives in Jasper, Alabama, came up to the area to assist with the exhibitions.

Mykut said that Hoyle created the novel because "he doesn't feel that his personal experience is expressed in the world today enough in regard to schizophrenia. This is his attempt to share his story through a creative process through a literary publication where he is able to touch more on his spiritual journey."

He added it's important for Hoyle "to have the world realize that people with schizophrenia aren't always dangerous as they're portrayed in a lot of mainstream media."

Along with Moldovan, Mykut and Hoyle, artist Alycia Hodge also provided illustrations in the book that were also used in the installation.

### Winter Reading Bingo

We are offering an activity for all ages who come to the library with their library card. They can pick up one of our Winter Reading BINGO sheets and do their best to get 5 in a row to win a little prize. They'll also have the opportunity to read some great books, practice and improve their reading skills and perhaps add some new authors to their list of favourites.

### Blind Date with a book

The Library will be running a Blind Date With a Book program. We are offering you a unique opportunity of mystery and intrigue. Take a wrapped book without knowing what's inside. Once you get it home, give the book a chance, but if things don't work out, simply return it. No hard feelings! After all, not all blind dates work out. You may find yourself, however, in love! Either way, fill out the Rate Your Date form you will have received, and you could win a prize.

### Soup to Tomatoes Seniors' Exercise Group

ARE YOU AN OLDER ADULT? Are you hoping you can keep your strength and stay independent? Do you struggle with mobility, standing, regular exercise? Would you enjoy social time with others? Join us in the Programming Room of the Library for this FREE group chair-based exercise class for seniors.

### PFC Family Pool Passes for Loan

Thanks to a generous donation from the City of Temiskaming Shores' Recreation Department, the Library now has two family pool passes for loan! The passes can be borrowed for 7 days, and allow a family (up to 5 people) free access to the pool at the Waterfront Pool and Fitness Centre. Borrowers may take the passes two times in a 12 month period. Holds can be placed on the passes to plan ahead, but there are no renewals.

**Notice to the Users of the Waterfront Pool Facility**

Our pool cannot operate without our staff members. There have been several incidents of disrespectful behaviour from members of the public towards our staff members simply for enforcing basic safety policies. We take these verbal confrontations very seriously and, in a time when quality part-time and full-time staff are in high demand, we expect our pool users to be respectful and abide by the rules set out. If a user is unable to follow the rules, they will be denied entry and may lose their pool access for a period of time. Our City employees deserve respect when doing their jobs.

**Pool Admission Policy** | All children under 10 years old MUST be accompanied by an adult or guardian (14+) in the pool, regardless of swimming ability. This means adults or guardians must be in a swimsuit, in the pool, within arms reach of their children. This is the standard for pools across Ontario and is in place to ensure the safety of all our young swimmers.

**Pool Capacity** | The capacity of the pool depends on the number of lifeguards on duty. These numbers are stipulated by the Government of Ontario's Public Pools Regulation 565/90.

**0-24 Swimmers** | 1 Lifeguard (if the slide is open: 2 Lifeguards)

**25-56 Swimmers** | 2 Lifeguards (if the slide is open: 3 Lifeguards)

**66-100 Swimmers** | 3 Lifeguards (if the slide is open: 4 Lifeguards)

**101-129 Swimmers** | 4 Lifeguards (if the slide is open: 5 Lifeguards)

**Cell Phone Use** | We understand the desire to take pictures of your own children during public swims. However, due to issues with consent of others and the chance for nefarious behaviour, we do NOT allow cell phone use in the changerooms or on the pool deck. Please put your phone away and be present instead!
