## THE SPEAKER'S WEEKEND EDITION

Vol. 23 – No. 39 FRIDAY, NOVEMBER 1, 2024 Visit us on 

### POPPY CAMPAIGN BEGINS

From the last Friday in October to Remembrance Day on November 11, Royal Canadian Legions across the country sell poppies, with the monies raised going to support local veterans. On October 25, Branch 54 in Haileybury officially kicked off their poppy campaign with a flag raising at Temiskaming Shores City Hall. From the left are Poppy campaign chairperson Kathryn Pirie, Councillor Danny Whalen, Legion District K Commander Marianne Sowinski, Mayor Jeff Laferriere, Branch 54 President Don Martin, First Vice President Hank Moorlag and long-time Branch 54 member John Hill. Moorlag thanked the City for supporting the campaign and for helping with the Banner Program that has 62 banners depicting the service of World War I and II veterans from the region hanging in Haileybury for all to see. "This is a great tribute to our veterans and thanks to Kathryn Pirie for being our poppy campaign committee manager. We look forward to seeing everyone at our November 11 Remembrance Day services," noted Moorlag. (Staff photo by Sue Nielsen)

### RockWalk Park bench a family legacy

TEMISKAMING SHORES – A stone as distinctive as the RockWalk Park itself is now making the Haileybury venue a little more comfortable for visitors.

The children of Jack and Gloria Frey have donated a stone bench to the park, located on Northern College's campus, in memory of their parents.

The bench is made of black granite from River Valley Granite Quarry in the District of Nipissing.

The quarry northwest of River Valley "is the only current source of black granite in Ontario," said Graham Gambles, chair of the RockWalk Park organization.

It's commercially known as Dana black granite, and is sold internationally for panels, pavers and other stone products, explained Gambles in an email.

"It is unique in its small grain and crystal sizes, making it stronger than most granites," he said.

The bench is the latest addition to the park, which showcases almost 200 large samples of ore from across the country.

The bench also enhances the park's arboretum,

- The Pavilion Women's Centre is looking for property in the area to be used for second-stage transitional housing.
- Canada Post delivered scam cards purported to have been sent out by the federal government.
- A former Haileybury resident, Debbie Dickson, has written a book about children's grief.
- Cross-country runners from this region will be heading to the Ontario Federation of School Athletic Associations (OFSAA) Cross-Country Running Championships next week.
- The Timiskaming District Secondary School Saints battled hard to win the South North Eastern Ontario Athletic Association (SNEOAA) Junior Basketball Championship.
- The New Liskeard Cubs lost a close game to the Kapuskasing Flyers 5-4 in Great North U18 League action. They are playing again Friday, November 1, at home against the U16 North Bay Trappers.

**FLEET RESPONSE**

When Cobalt Mayor Angela Adshead, at right, dropped by an open house at the fire hall October 26, Cobalt Fire Chief Shawn Hearn pointed out some of the features on the newest addition to the fire department's fleet. Hearn said the 2024 pumper offers the latest in emergency lighting, enhanced safety features, space to store equipment out of the weather, and seating capacity for six firefighters. It responded to its first call, a trailer fire on Galena Street, in mid-October on the night before it officially went into service. (Staff photo by Diane Johnston)

a botanical garden devoted to trees that are native to the area and some that will test the limits of what can be grown in the region.

There's also a story to the bench.

Jack Frey, who died in 2002 at the age of 75, taught at the Haileybury School of Mines from 1954 through 1967. In 1968, he took over as dean, a position he held until he retired in 1989.

His wife Gloria died in 2020. From the bench, one can see the former Frey home at the corner of Rorke Avenue and Probyn Street.

The idea for the bench came after the sale of the family home, said the Freys' daughter Janice in an email.

A memorial tree and a memorial stone recognize her father's contribution, she said.

But she said nothing paid tribute to her mother, who had been active in a few charities, most notably the CNIB and the March of Dimes.

"She taught ballroom dancing well into her 70s. There are many couples that remember their lessons as a 'night out,'" she said.

RockWalk chair Graham Gambles, at right, was on site as Ken Lauzon and crew completed construction and installation of a Dana black granite bench at the Haileybury park. The bench was donated by the children of the late Jack and Gloria Frey. Their childhood home can be seen from the new bench. (Staff photo by Diane Johnston)

"The bench is just a way to acknowledge the husband, wife and family together," she said.

The Frey children now live in other parts of the province – Janice and sister Carla are in Oakville, and son Steven is an optometrist in Penetanguishene.

"Since we sold the family home, we have visited Haileybury in the summer, staying at a local cottage resort. We hope to be able to spend more time there as our

circumstances allow," she said.

The bench is located near the bus stop at the pedestrian entrance to the park on Probyn.

Gambles hopes it will be enjoyed by both visitors to the park and the college's staff and students.

The RockWalk Park, he added, would welcome more donations of benches and tree sponsors as the arboretum component of the park develops.

### Spirometry Screening for Asthma and COPD

Spirometry is a common and effective diagnostic test that can easily be done in your health care provider's office. Spirometry is the most reliable way to test your lungs for COPD (chronic obstructive pulmonary disease) and asthma. The earlier it's done, the earlier lung disease can be detected and treated.

#### Who should have spirometry testing?

##### People with asthma

Spirometry is an important diagnosis and management tool for people with asthma. If you have asthma and have never had a spirometry test, please talk to our respiratory therapist about spirometry.

##### Smokers and former smokers

If you are over 40 and smoke or used to smoke, you may have COPD. Take this quick test:

	Yes	No
Do you cough regularly?	<input type="checkbox"/>	<input type="checkbox"/>
Do you cough up phlegm regularly?	<input type="checkbox"/>	<input type="checkbox"/>
Do even simple chores make you short of breath?	<input type="checkbox"/>	<input type="checkbox"/>
Do you wheeze when you exert yourself (exercise, go up stairs)?	<input type="checkbox"/>	<input type="checkbox"/>
Do you get many colds, and do your colds usually last longer than your friends' colds?	<input type="checkbox"/>	<input type="checkbox"/>

If you answered "Yes" to one or more of these questions, you may have symptoms of COPD. See our respiratory therapist to find out what is causing your symptoms

#### Why should I see a respiratory therapist? Can't it wait?

If you get early treatment for COPD you can slow down the damage to your lungs.

If you are a patient of the Temagami Family Health Team, the Cobalt Medical Centre or the Latchford Medical Clinic and would like to have spirometry screening with our Registered Respiratory Therapist, please call (705) 569-3244 (Temagami), (705) 679-5466 (Cobalt) or (705) 676-2200 (Latchford) to request an appointment.

## Buying votes

Ontario Premier Doug Ford has come up with a plan to offer Ontarians rebate cheques as part of its fall economic statement. The cheques could amount to at least \$200 per person when issued some-

time early in 2025. They will cost the provincial treasury roughly \$3.2 billion dollars when the payments are made.

And all Ontarians, regardless of income, will receive the payments, even those on the Sunshine List and millionaires.

Surely there should be a basic income level attached to the payments that shows only the vulnerable and poverty stricken receive the funding.

The opposition leaders have described this move as a one-time gimmick aimed at buying votes, if an election is called in the near future.

People facing poverty might view the dispensing

of these cheques as a good thing.

Can there be a greater shame than one of the wealthiest provinces in the country spending so much money to make alcohol more accessible while people are homeless and food insecure?

Premier Doug Ford says he wants to end hallway medicine and make more health care professionals available, but he isn't going to be able to provide those essential services while incurring a massive budget deficit.

Chronic underfunding by governments has led to the thinning of social safety nets and a rising number of people living in poverty.

And offering up politically motivated cheques isn't the answer to people in the north seeking a family doctor, safer highways and more homes for the homeless.

The situation of homelessness, opioid addiction deaths, dangerous highways and long wait times for surgery has gotten worse under the current Ford regime.

While Ford's \$200 rebate cheques may allow some people to buy a couple of extra cases of beer at the corner store, it falls short for the many living hand to mouth in this so-called opulent province.

# Undecided?

Sue Nielsen

I have been undecided about some things in my life, but not about going to the polls.

Because this is where the rubber meets the road and you have a choice, a glorious choice to decide who will represent you at the council table, at provincial and federal levels of government.

In a democracy, we must never forget voting is a privilege and that it is denied to a good many people around the world.

My goodness, in this country women only earned the right to vote in 1918.

Women in Quebec only earned their right to vote in 1940 and, sadly, First Nation women were excluded from the federal vote until 1960.

And in the Vatican City, Saudi Arabia, Afghanistan, Pakistan, Uganda, Kenya and Oman, women often do not have the right to vote or receive higher levels of education.

So when I saw a report from an American television station saying there are still a high number of undecided voters in America I shook my head.

Americans have the choice of choosing vice president Kamala Harris or Donald Trump to lead them as president.

Here are some things to be undecided about:

Is it butter or margarine? Is it medium rare or rare? Is it iPhone or Samsung? Is it text or call or is it gluten or gluten free?

Undecided is sitting on a fence and you know what can happen to people who sit on the fence?

They get splinters in their rear ends and they can get urinary tract infections and have

bladder issues.

And if you have never had either, whoa, good luck with that.

One thing that should never be undecided is the direction and the heart and soul of a country.

I see trouble ahead for Canada if Trump gets elected. He's already slamming pre-existing free trade agreements we have with the U.S. and he might abandon NATO.

And he has been ramping up his name calling and violent language directed at Harris.

I just don't think recent rally remarks about a floating island of garbage that is Puerto Rico and the reference to Black people peeling watermelons and referring to Harris as a

prostitute with pimp handlers is a winning strategy with the undecided.

Meanwhile, heavy emphasis on the mean, he is a convicted felon and has declared bankruptcy six times. I just don't understand how the American people could vote for someone like that.

We vote with our souls sometimes and hopefully we vote for people who uplift and who do what's best for all people, regardless of gender, ethnicity and social status.

Voting is a right to stand up and be heard. I hope for the world's sake that the American people vote out hate, vote out exclusion and vote for goodness and decency.

# New culvert first step in Harman's Road repairs

**Darlene Wroe**  
Local Journalism  
Initiative Reporter

CHARLTON-DACK/EVANTUREL TOWNSHIP - A new 110-foot culvert has now been installed on Harman's Road in the Municipality of Charlton and Dack.

The project was completed at the end of September and was considered a priority for Charlton-Dack and for their neighbours in Evanturel Township.

The culvert was washed out in a torrential downpour felt across the region in early April. The loss of the culvert ended up stranding Evanturel residents living to the east of the site on Harman's Road.

The residents had no other access out of their properties because a bridge on the road, located in Evanturel, has been closed since June 2022 when an accident occurred as a farm implement was being towed across the bridge. The incident resulted in damage to the bridge which was then closed because it was unsafe.

The two municipalities have been working together to provide access for the residents, and the new culvert will now ensure the road is fully accessible by emergency vehicles when required.

Evanturel Township is now taking steps to get the bridge site shovel-ready for the possibility of finding government funding to assist with the construction of a new bridge.

## STAGES

In a telephone interview, Evanturel clerk - treasurer Virginia Montminy said an engineering consultant has

been chosen to help the township to go through the stages to get ready for the construction of a new bridge.

EXP consulting firm was chosen at Evanturel's September 25 council meeting.

Engineering will be the first

stage of the process.

K. Smart Associates Ltd. prepared the Request for Quotation for Consulting Engineering Services.

The Municipality of Charlton and Dack is also seeking funding for its new culvert based on the fact a

culvert was lost in a major storm, and it is needed for access by local residents.

Clerk-treasurer Vaughn Finch said in a telephone interview that the project needed to take place before the winter season.

"The culvert is just across

the geographic border between Charlton-Dack and Evanturel Township," said Montminy.

"Thankfully Charlton and Dack were very helpful in getting that put together for us."
