\$33 million budget proposed for Temiskaming Shores

Joe O'Grady
Local Journalism Initiative Reporter

TEMISKAMING SHORES - City council was presented with various scenarios for a \$33 million municipal budget during its special Committee of the Whole meeting on November 19.

Based on the presentation by treasurer Stephanie Leveille, a home assessed at \$193,000 could see a total tax bill increase ranging from \$52 to \$149, depending on whether council approves a levy increase between zero to four per cent. Even if council freezes the levy at last year's rates, there will be a four per cent increase in water/wastewater rates which alone would mean an extra \$52 on the median

tax bill.

"For 2026, the City is proposing a total combined budget close to \$33 million, representing minimal net change in general operations, a three per cent increase in environmental operations, and capital expenditures that are just over three times higher than in 2025," Leveille said in her presentation to council.

"While the increase in capital spending appears significant, it is primarily driven by three major projects, of which approximately 92 per cent are funded through external sources. These projects reflect the City's continued success in leveraging funding programs to support housing-enabling infrastructure and strategic community investment."

The capital budget, she said, continues to

prioritize infrastructure renewal and housing-enabling projects "that position the city for long-term growth."

"In 2026, 40 per cent of the total municipal budget is dedicated to capital investment - an increase of approximately \$8.8 million over the previous year as the City moves forward with several major housing-enabling and other priority projects. Approximately 75 per cent of the 2026 capital program is funded through government grants, partnerships, and donations, with the remaining balance supported by reserves and the tax levy."

Capital projects budgeted include \$1.6 million for Dawson Point and Peters Road, with the city responsible for about \$615,500. Work on the second phase of Golf Course Road

bridge is also budgeted at \$750,000, with the municipal cost \$50,000. The budget also proposes \$1 million to improve pool/fitness centre energy efficiency, with the municipal share forecast for \$204,000.

Replacement of the Don Shepherdson Memorial Arena roof is also budgeted for \$764,000, with the city's share projected to be \$182,000.

"In summary, the preliminary 2026 budget reflects a balanced approach - maintaining service levels, advancing housing-enabling infrastructure, and managing inflationary pressures through careful prioritization and strategic use of external funding," Leveille said.

City council will continue deliberations before the budget is finalized.

LETTER TO THE EDITOR

Lots to talk about

Dear editor,

After reading Darlene Wroe's fine article about the Diwali Festival, and Lord Rama ("Diwali festival of light celebrates good over evil" – Weekender October 31), I could not help thinking what would happen if Lord Rama and Lord Jesus met today. How would they get along? What would their conversation be like? What would they talk about?

We have a record of Jesus meeting and talking with Moses and Elijah. At that time they were talking about Lord Jesus' upcoming death on the cross (Gospel according to Luke 9:28-36). But what would the two lords be discussing these days? Just wondering.

Stop the carnage

Sue Nielsen

It has been ages since I have left the region to travel south to North Bay or Toronto or west to Sudbury.

I decided I would go to North Bay to see a friend recently. That was a mistake.

I started out around 9 a.m. that morning leaving on Highway 11B then moving onto Highway 11. I could not believe the amount of week-end traffic and how long I had to wait at the Coleman/Cobalt turnoff just to get onto the highway.

High volumes of trucks going north and south and the car traffic were insane that day.

It reminded me of the traffic congestion in Toronto or other large cities to the south of us.

Since when is it safe for so many trucks travelling on Highway 11 to be at such high rates of speed, one after another?

Those trucks are bashing the heck out of our roads as they speed through our district.

Our roadways have be-

come like death traps with all that increased traffic.

I finally stopped in Temagami because I was tired of 18-wheelers passing me on corners and double lines and tailgating me.

It was there that I met up with a friend who said she avoids travelling south on Highway 11 because of the immense volume of trucks and the high rates of speed being displayed.

It wasn't even the deadliest time of year, the winter months when the highways are ice and snow covered and you literally take your life in your hands leaving the region.

I tip my hat to Timiskaming-Cochrane MPP John Vanthof, who recently stood up in the legislature asking the provincial government to do something about the dangers of Highways 11 and 17.

What if we move Queen's Park to Timmins and have the premier and the MPPs drive up Highway 11 to see for themselves the dangers of our roadways?

These aren't roadways we can avoid travel on either, they are the main arteries in and out of the north.

It feels like there is a serious accident on our highway between North Bay and the Tri-Towns on a daily basis, which means the only route in and out of the north becomes blocked.

And people are being seriously injured and killed in these incidents.

I daresay, if the people of Southern Ontario had to risk their lives like we do on their roadways, things would change.

The lives of northerners matter and it's long overdue that the Ford government take the unsafe condition of our roads and the heavy traffic seriously.

Carney wants a build project, how about four-laning Highway 11?

Highway 11 can be a death trap and it needs better winter maintenance, truck drivers who are licensed properly, more passing lanes and rest areas and lower speed limits.

Crohn's and Colitis Awareness

Crohn's disease and ulcerative colitis are diseases that inflame the lining of the gastrointestinal tract and disrupt your body's ability to digest food, absorb nutrition and eliminate waste in a healthy way. One in every 150 Canadians is living with Crohn's or colitis.

What causes Crohn's and Colitis?

The causes are not well understood. Diet and stress may aggravate the disease, but they do not cause the disease on their own. Currently, it is believed that a genetic tendency and a trigger in the environment combined set off inflammation in the gut. The chronic (life-long) result is Crohn's disease or ulcerative colitis.

What are the symptoms?

- Abdominal pain, cramping, gas
- Bloating
- Diarrhea (possibly bloody)
- Rectal bleeding
- Nausea and vomiting
- Reduced appetite and weight loss
- Fever
- Anemia
- Fatigue

Fast Facts:

- Canada has among the highest rates in the world.
- Crohn's and colitis can be diagnosed at any age, but people are more often diagnosed before the age of 30.
- The number of new cases of Crohn's disease in Canadian children has almost doubled since 1995.
- Males and females are equally affected.
- Crohn's and colitis can affect any race or ethnic group
- There is no special diet for people with Crohn's or colitis.

It's not always possible to tell from symptoms alone whether you have Crohn's disease or colitis. That's why it's important to visit your health care provider for a diagnosis. If you're experiencing symptoms and think you may have Crohn's or colitis, schedule an appointment with your health care provider to find out for sure.

New Liskeard Cubs score in purple for Community Cancer Care

TEMISKAMING SHORES — To honour all those affected by cancer, the New Liskeard Cubs will be wearing purple jerseys ahead of their Friday, November 28, game against the U18 North Bay Trappers at the Don Shepherdson Memorial Arena, start time 8 p.m.

The colour purple is a symbol of support for all types of cancer.

The Cubs previously wore the sweaters during the November 14 home game and will wear them at a public skate on Monday, November 24, at The Shep from 10-11 a.m.

This is the second year in a row that the players will take part in this fundraiser, where the jerseys will be auctioned off after the November 28 game, with all proceeds going to the Community Cancer Care program in New Liskeard, located at the rear of Northern Drugs.

This fundraiser is another way for the Cubs to connect with their community and give back.

ORIGINS

The purple jersey fundraiser was the brainchild of Liam Major and his parents, Greg and Melissa Major.

Liam is a defenceman with the team and it was his idea to auction off the jerseys when suddenly cancer hit home for the Major family.

“We knew many people who were either fighting cancer or know someone that

was, but we never thought that just a few months later my mother would be diagnosed with cancer herself,” said Melissa Major.

“She was diagnosed on February 4, she turned 63 on February 11. She left us on February 14. This year’s auction definitely brings up a lot of emotions. My husband and children have gifted me a Cubs Hockey Fights Cancer jersey with MOM and 2025 the year my mom passed away on the back of the jersey in her memory. I will be wearing the jersey to the games and invite others to wear purple as well.”

Major also encourages people to find out more about the services offered by the Community Cancer Care program by visiting their website.

Last year the fundraiser scored \$7,165 for the pro-

gram and this year the Cubs are hoping to match or exceed that goal.

“I am really hoping that we can match or surpass last year’s amount raised,” said Major in an email interview.

BIDDING PROCESS

Anyone can join the Facebook group called Hockey

Fights Cancer-New Liskeard Cubs Jersey Auction and submit bids on the jerseys.

Major said the jerseys will be worn for the last time on November 28, then signed and posted on the Facebook auction site on December 6.

Bidders will then have 10 days to bid. The auction will close

at 9 p.m. on December 15 and jerseys can then be picked up at the Don Shepherdson Memorial Arena between 7 and 8 p.m. on December 19. You can message Major if you wish to make alternative times to pick up a jersey.

Hog Line Report

With Angus McStone

Did you know that dust and dirt can accumulate between your gripper and shoe bottom? It's amazing how the stuff can creep in around the lip of the gripper or get worn off shoes. To keep the sheets at the Haileybury Curling Club (HCC) in good health, consider taking your grippers home and giving them a good cleaning inside and out.

Use warm water with a bit of dish soap (you know the kind!) and a small scrubber. Scrub the inside of the shoe and watch the muck come out of it. This stuff gets there from your slider. Give the outside a cleaning as well.

You won't regret it, and the ice boys will be pleased.

A Note of Thanks

A quick note of appreciation to the family of former afternoon curler Richard Penner for the donation of Rick's cherished curling broom/stick in his name for a worthy new curler, and to Marcel

Chartrand for the donation of two throwing crutches. These items are already in use and appreciated by their recipients.

Learn to Curl

The second last of the learn to curl clinics goes this Thursday, November 20, at 6 p.m. at the club.

Afternoon Open Curling

Afternoon Open Curling results for the afternoon of November 11:

Two great matches this afternoon, or at least they started great then one fizzled quickly, the other held on to a little more life a bit longer, but succumbed in the end.

Bonney has a shot for four in the fifth to go up one but comes up short to gift L. Olsen a gunnysack full and hand him another W, while C. Camsell and B. McMullan trade ones but the fourth was a knockout end as McMullan scores a big one and sweeps Camsell aside for the first time this year.

Rock Star of the Day: N. Caldwell.

Results for November 14:

Two sheets of play today, and much excitement and enthusiasm abounded.

Olsen continued on his tear putting together another string of uncalled shots to discourage T. Blair, while C. Camsell kept his own record alive with a downing of M. Bonney.

Looking forward to the 2026 return of D. McCarty to help reign in the two big skips.

Today's Rock Star: L. Baldwin.

Mixed Draw

First game of the Thursday Night Mixed Draw results for November 13:

Martin put on a clinic to secure his first win of the season over B. Culp's cast of renowns, while S. Hearn put C. Camsell on the shelf for the first time this season. In the ice maker's matchup, P. Gordon and S. McLean were tied coming

home, Gordon with hammer, and M. Laporte wins the battle of the thirds with an angle raise bump under the Great Wall of China to set up the Gordon win.

Men's Draw

Breaking news: tenth team found, so the bye is off.

Here are the results for the first games of the first Men's Draw of 2025-26 for November 12:

Gordon makes a night of steals to bring T. Eckensviller down in six, B. McMullan makes the easy tap raise to put W. Olsen to sleep in a dazzling eight-end game, F. Chenier and his team start putting things together in a romp to sideline B. Culp, and S. Hearn plays spoiler to his cousin K. Hearn.
