DISTRICT -- Across the district many activities are planned for this Canada Day.

While the three-day Bikers Reunion will get underway with its final annual event, and the annual two-day New Liskeard Summerfest will also start up, there will also be activities in Cobalt, Temagami, the Municipality of Charlton and Dack and Matachewan Township.

There will be parades in both Cobalt and Matachewan starting at 11 a.m.

Following the parade in Cobalt there will be a Kiddies Day in the park, with games, music, a magician and cake.

The Temagami waterfront will hum with activities, including a flea market, inflatables, and an ambulance display.

The Temagami Fire Department will invite people to drop by from 10 a.m. until 2 p.m. at the fire hall at 5 Stevens Road.

People can also learn about the Temagami Area Fish Involvement Program at the waterfront. There will also

be a fundraising barbecue.

Little Ray's Reptile Zoo: Endangered Species Show will be at the Bunny Mil-

ler Theatre from 11 a.m. until noon.

There will also be a book sale at the library. See "A day to celebrate" on 3a

City turns down accommodations study

Diane Johnston
Speaker Reporter

TEMISKAMING SHORES – The city won't fund a study into the potential for new visitor accommodations.

On June 21, Temiskaming Shores council discussed commissioning a \$10,000 accommodation development potential study that would be available to prospective developers.

In a report to council, economic development officer James Franks said the sentiment has been expressed several times in the past that an apparent lack of reasonably

priced accommodations is hindering the attraction of events, tournaments and conferences.

Two developments are currently under discussion in the municipality, he continued.

"For the City to support or discourage these investors, it would be prudent to understand the need in the community for such developments rather than relying on anecdotal information," he wrote.

He said a study would also suggest the most suitable locations for developments.

If the projects under consideration

proceed, "that's wonderful," he told council last week.

But if they don't, and the municipality has its own study, it would be able to provide the information to other potential investors, he said.

Mayor Carman Kidd said other municipalities have conducted such studies and are actively pursuing hotel and motel developers.

But council members objected to the idea.

"I'm not sure why we're doing the proponent's business plan," said Councillor Danny Whalen.

DEVELOPERS

Councillor Doug Jelly said developers would have to do their own studies in order to qualify for financing.

"I don't see why we would spend this right now," he said.

Councillor Jeff Laferriere said the council has discussed conducting an economic development study, which would be funded by senior levels of government.

The potential for new visitor accommodations could figure into the larger study, he said.

In the end, council turned down commissioning an accommodations study.

We'll get you safely to all your summer destinations!

Gratitude

Vroom, vroom, I think I hear them coming down Highway 11.

I hear the rumble, rumble of thousands of motorcycles and riders coming to this weekend's New Liskeard Bikers Reunion.

It came as quite a shock to area residents when Bikers Reunion lead organizer Barry Phippen announced this would be the last Bikers Reunion.

I heard some people in the community voicing outrage that the City of Temiskaming Shores has allowed this to happen.

I heard another person say, "North Bay knew ahead of time and they are going to get it."

But really, it has nothing to do with the City or any other organization except the Bikers Reunion organizing committee.

The event is not controlled by any government agency or any private business or special interest group.

It was created and carried out by Barry Phippen and his volunteer army.

Do people realize the scale of the effort put into organizing the event for the last 15 years?

What other mega-sized event in Northeastern Ontario has that much sustained success?

I've heard the comments: "Oh well, we didn't get much business from the bikers", "The bikers didn't spend their money here" and "Who cares? Let them go".

How contrue.

We'll all be a whole lot sadder when the last sign is taken down and the last motorcycle rumbles out of the region.

The mileage this region received from the Bikers Reunion in terms of tourism promotion cannot be rivalled nor can you place a dollar figure on it.

Sue Nielsen

While municipalities across the region struggle to attract visitors and are spending mega dollars to do it, the Bikers Reunion has nailed "visitor attraction" to a tee.

All the shows, the Freedom Ride, vendor alley, the stop at the hospital and the overall spectacle of the Bikers Reunion was unique.

Gratitude is the first word that came to my mind when I first heard the news that this would be the Bikers Reunion swan song.

When we talk about cancer care, there are billions of dollars being raised by agencies in the name of cancer care supporting top-heavy bureaucracies instead of grassroots cancer patients.

This is the most important aspect of the Bikers Reunion.

The Community Cancer Care program supports "the little guy and gal", our family members, friends and co-workers and it is a gift that will keep on giving for years to come.

When the Freedom Ride rolls through the communities of South Temiskaming on Sunday, July 3 there will be a great deal of emotion being felt.

I'll be sitting in front of my house in Cobalt with my neighbours smiling, waving and appreciating the bikers as they rumble past.

I will have lots of Kleenex on hand.

It's time to leave the party. All good things come to an end.

Thank you Bikers Reunion.

Summertime – the reading is easy

EDITORIAL

Happy Canada Day

Several municipalities in the region will be officially celebrating Canada's 149th birthday on Friday, July 1.

Canada Day is a time when people join together to show patriotism, wear red and white clothing and enjoy a barbecue with family and friends and the greater community.

Canada's national flag is waved freely on Canada Day and perhaps this is a time to reflect on what being Canadian means.

Certainly being Canadian means living in a free society as one of the

most respected democracies on the planet.

Being Canadian is something we should never take for granted.

Canada is a mosaic and what makes us strong is our inclusivity when it comes to welcoming people from around the globe.

In a world growing increasingly fearful of immigrants, Canada is a shining example of a country that recognizes everyone's talents and contributions.

Happy Canada Day Temiskaming!

Final ride

The July long weekend New Liskeard Bikers Reunion is about to take place.

Barry Phippen and his organizing committee have promised this last Bikers Reunion will be one for posterity.

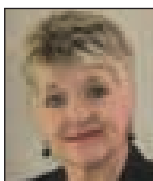

They are asking everyone in this region and beyond to come celebrate the 15 years of the Bikers Reunion and make the final event one to remember.

The Temiskaming Speaker wishes the Bikers Reunion and Summerfest the best of weather, record crowds, and a safe and happy event.

It's been a heck of a ride. We'd like to thank the Bikers Reunion for the tremendous effort they've put into hosting the reunion for so many years and for putting Temiskaming Shores on the motorcycle event map.

Take care and all the best.

Spirometry Screening for Asthma and COPD

Spirometry is a common and effective diagnostic test that can easily be done in your health care provider's office. Spirometry is the most reliable way to test your lungs for COPD (chronic obstructive pulmonary disease) and asthma. The earlier it's done, the earlier lung disease can be detected and treated.

Who should have spirometry testing?

People with asthma

Spirometry is an important diagnosis and management tool for people with asthma. If you have asthma and have never had a spirometry test, please talk to our respiratory therapist about spirometry.

Smokers and former smokers

If you are over 40 and smoke or used to smoke, you may have COPD. Take this quick test:

- | | | |
|---|-----|----|
| | Yes | No |
| 1. Do you cough regularly? | | |
| 2. Do you cough up phlegm regularly? | | |
| 3. Do even simple chores make you short of breath? | | |
| 4. Do you wheeze when you exert yourself (exercise, go up stairs)? | | |
| 5. Do you get many colds, and do your colds usually last longer than your friends' colds? | | |

If you answered "Yes" to one or more of these questions, you may have symptoms of COPD. See our respiratory therapist to find out what is causing your symptoms

Why should I see a respiratory therapist? Can't it wait?

If you get early treatment for COPD you can slow down the damage to your lungs.

If you are a patient of the Temagami Family Health Team, referrals to our respiratory therapist can be initiated through Dr. Goddard, our nurse practitioner, registered nurse or through self-referral by calling (705) 569-3244 to request an appointment.

Early detection and intervention contribute to the best possible health outcomes!

ARTIST, MEET ART

When Linda Mustard came across some watercolours lying in a drawer, she decided to transform them into *Just Call Me Art*. "He makes people laugh," said Ms. Mustard. It's part of the *Artfully Recycled* exhibition at the Englehart and Area Historical Museum. When members of Englehart Area Artists were challenged to recycle objects into new work, they responded using items as diverse as broken china, fabric scraps, rocks and plastic bottles. The show runs until July 10. (Staff photo by Diane Johnston)

Five spots left for Cobalt Artists Colony

Darlene Wroe
Speaker Reporter

COBALT -- This year's Northern Ontario Art Association (NOAA) Cobalt Artists' Colony is approaching quickly, but there are still five spots available for anyone who would like to participate.

With support from the Temiskaming Foundation, the Cobalt Artists' Colony will have Art B. Cunanan of Collingwood as this year's instructor.

Mr. Cunanan has a Bachelor of Fine Arts degree, and is an elected member of the Canadian Society of Painters in Water Colour.

Twelve participants have already

signed up.

Remaining openings are available by contacting Irish Shields at 705-648-2500 or by email at shields.iris@gmail.com.

Registration is \$200 a person for the July 11 to 15 event.

Mr. Cunanan will be leading participants in plein air exercises in which the group will be going outdoors to find scenes to paint.

Mr. Cunanan, who has a strong interest in capturing the nuances of light, will be focusing mainly on watercolours and acrylics, but is also familiar with oils, said Ms. Shields.

The classes will be centred at the Golden Age Club in Cobalt.

Temiskaming Wedding PLANNER & GUIDE

An outdoor wedding? Be prepared

Are you dreaming of a wedding in the sunshine and a reception under the stars? For your big day to be as magical as you'd hoped, you're going to have to think of everything beforehand.

THE LAYOUT OF THE SITE

Choose an easily accessible area that is as flat as possible to avoid wobbly tables or runoff if it rains. Also, be sure to notify any neighbours of your plans so they can be respectful of your need for a peaceful ambiance.

THE WEATHER

Don't bury your head in the sand; the weather could thwart your plans in lots of different ways. Choose heavy decorations that will stay in place if it gets windy. A warm, sunny day would be fantastic, but a heatwave could make your guests feel really uncomfortable. For a summer wedding, make sure you have some shady corners, parasols and cold refreshments.

In case of rain, a marquis tent or other shelter is essential for guests, musicians and caterers. Be sure to organize a supply of umbrellas at the entrance, as well as mats and towels. The evening could be cool, so providing shawls or blankets for your guests is also a good idea. And don't forget that mosquitoes could turn up at the party uninvited; it's another thing to think about and prepare for.

THE FACILITIES

Toilets, water, and electricity: do you have everything you need? The caterers may need to rent a refrigerated truck, so be sure to let them know which facilities will be at their disposal. Set up a sturdy dance floor as well for all those ladies in stiletto heels.

Next comes some ambient lighting: strings of fairy lights, candles with covers for the flames and lanterns will set the mood. And don't forget to light the paths to the toilets and parking area.

Make sure you plan enough time and helping hands to set everything up. Transforming a backyard into an idyllic reception area isn't something that can be done overnight.
