Cobalt reviews needs in 2018 budget

Darlene Wroe
Speaker Reporter

COBALT - Cobalt council spent Tuesday evening, March 13, discussing capital needs in the 2018 budget.

Chief administrative officer Michelle Larose will investigate funding sources to determine means of financing identified needs.

Cobalt public works lead hand David Adshead submitted a request for a new loader.

A new loader has an estimated cost of \$200,000.

Mayor Tina Sartoretto expressed the opinion the town should address the need for a new public works building this year.

A cost estimate on that project has not yet been given.

Councillor George Othmer suggested the addition of a wash basin for the vehicles would add to their lifespan by removing corrosive materials. He also suggested installation of thermal heating, which he acknowledged is expensive to install, but has benefits over the long term.

There is a collapsing sewer line from Ruby Street to Pyrite Street, and the replacement is estimated at \$30,000.

Replacing a sewer line at the trailer park has an estimated cost of \$25,000 and would include installation of another manhole, Adshead commented.

See 'Long list' on 6a

ENJOYING THE TRAILS

It was a quiet afternoon for a ski along the trails of the Temiskaming Nordic Ski Club March 10. Allan Manninen (left) of Stittsville, Ontario, has been visiting family members in New Liskeard and he and his niece Anna Walker (right), of New Liskeard, took some time to enjoy the popular local attraction. (Staff photo by Darlene Wroe)

DID YOU GET THE SPEAKER THIS WEEK?

Here are some of the stories in our MARCH 14, edition...

- The future of the New Liskeard Business Improvement Area is under review.
- The city has slashed road resurfacing plans for 2018 after its application for additional provincial funding was rejected.
- The proceeds generated from a second hand store in New Liskeard will help to create a new pet rescue centre in the South Temiskaming region.

- The Temiskaming Lodge held its annual Spring Fling Meet and Greet on Friday, March 9.
- Not many schools have an outdoor rink but Kerns Public School does and they are proud of it.
- The Cobalt and Coleman Lions Club is proposing to host a Good Old Days Festival September 8 in Cobalt.
- A classroom can easily be a shop floor.
- Sixteen of the best young curling teams from across Northern Ontario were swept up in the action at the Horner Granite Curling Club March 8-11.

- Teams, and coaches in particular, will often say that getting into a championship through the back door is never as satisfying as earning it with a win as the Ebert Welding Bantams know.
- It was fitting on Family Day weekend that the Jibb Family remember one of their own at the 8th annual Dawson Jibb 3-on-3 Memorial Cup Hockey tournament.
- Our C-front this week features a story and photos on a school renewal project at Ecole catholique St-Michel.

CITY BULLETIN

Application for a Minor Variance Notice of Complete Application And Notice of Statutory Public Hearing Committee of Adjustment

Under Section 45 of the Planning Act, R.S.O. 1990 c.P.13
The City of Temiskaming Shores has received the following Minor Variance application:
File #: A-2018-01(NL)
Applicant: John G. Brown
Property: 205 McKelvie Street

A public meeting will be held to consider the Minor Variance application:
Date: Wednesday, March 28, 2018
Time: 1:30 p.m.
Place: Haileybury Boardroom at City Hall, 325 Farr Drive, Haileybury

The owner is requesting relief from the provisions of the City of Temiskaming Shores Zoning By-law to permit the construction of a 4.53m x 7.62m (12.7' x 25') carport attached to the south side of the existing dwelling. The following relief is requested:

| Provision | Zoning By-law | Subject Property |
|---|---|--|
| Section 6.4 – Residential Zone Requirements | Minimum interior side yard of 1.2m on either side where there is an attached garage | Construct carport 0.66m from south property line |

The property is designated Residential Neighbourhood in the City of Temiskaming Shores Official Plan and is zoned Low Density Residential (R2) in the City of Temiskaming Shores Zoning By-law 2017-154.

Additional information about the minor variance application is available for inspection between 8:30 a.m. and 4:30 p.m. at City Hall or by contacting the undersigned.

For more information about this matter, contact the undersigned.

Dated this 14th day of March, 2018.

Jennifer Pye
Secretary-Treasurer, Committee of Adjustment

Recreation

Lifeguards/Swim Instructors
Parks Labourers
Marina Attendants

Public Works

Building/Property Maintenance Labourer
General Labourer

Applications can be found at City Hall, the Pool Fitness Centre or on our website, www.temiskamingshores.ca

COMPLETED APPLICATIONS ARE TO BE SUBMITTED TO:

Shelly Zubyc, Director of Corporate Services
City of Temiskaming Shores
Box 2050
Haileybury, ON P0J 1K0
Email: szubyc@temiskamingshores.ca

DEADLINE FOR SUBMISSIONS:

March 16, 2018 at 4:30pm

PLEASE NOTE: In order to apply for a summer student position, you must currently be enrolled in full-time studies and returning to full-time studies in the fall of 2018. All applicants must also complete an application form and submit said application by the above noted date.

The City of Temiskaming Shores appreciates the interest of all applicants however, only those selected for interviews will be contacted. The City of Temiskaming Shores is an equal opportunity employer that provides equality of opportunity for employment without discrimination, consistent with The Ontario Human Rights Code. The City of Temiskaming Shores is committed to providing accommodations in all parts of the hiring process. If you require accommodations, we will work with you to meet your needs.

RECYCLING PROGRAM

Residents of the City of Temiskaming Shores continue to ensure our diversion rate is maintained or increased by the recycling efforts they have done since the program started in 2014.

However, the processor of the City's recyclables has recently noticed an increase in the amount of garbage or non-recyclable materials in our shipments.

Non-recyclable materials can cause problems during the sorting process and are expensive to dispose of, as the processor hand sorts the materials to get the garbage out. Mixing garbage with recycling significantly increases program costs, and ultimately the cost to the taxpayer.

Beginning immediately, random inspections will be completed by looking inside the recycling bins to check for garbage. Recycling bins found with unacceptable materials will be tagged to identify why the notice was issued, and to ensure the bin is not collected. Further occurrences may lead to fines or the suspension of collection services.

Please help to reduce the amount of garbage found in our recycling, and do not place the following prohibited materials in the blue recycling bin:

- Batteries • Extension Cords
- Clothing, shoes, other fabric materials
- Garbage Bags and Diapers
- Christmas Lights • Garden Hoses
- Diapers • Plastic Shovels, Toys, Buckets
- Electronics • Large Plastics: Tarps, Pool Covers/Liners
- Wood • Yard Waste: grass clippings, leaves, sticks, branches

Prior to setting out your recycling bin for collection, please ensure all of your mixed recyclable materials are placed in the bin loosely (except for shredded paper packaged in a clear plastic bag). Any items received at the processing facility in garbage bags are considered non-recyclable, as these bags are not opened and the contents are not sorted.

Residents can find guidelines regarding curbside garbage and recycling collection on the City's website at www.temiskamingshores.ca or by contacting City Hall at (705) 672-3363.

Attention Residents of Temiskaming Shores

The City of Temiskaming Shores has received reports of frozen water services within our distribution system due to minimal snow cover and the recent extreme cold temperatures.

If you have had a frozen water service issue in the past there is a potential risk for freezing at this time. As a result, the Public Works Dept. is requesting that you run your cold water, until further notice, with the flow being the approximate diameter of a pencil.

We thank you for your cooperation. Should you have any questions contact the Public Works Department at 705-647-6220.

2017 REPORTS WATER TREATMENT FACILITIES

The 2017 Annual Compliance/Summary Reports for the New Liskeard and Haileybury Water Treatment Facilities as prepared by Ontario Clean Water Agency in accordance with Schedule 22 of Ontario Regulation 170/03 under the Safe Drinking Water Act, 2002 are available for inspection by the public during normal office hours at City Hall, 325 Farr Drive, Haileybury or on our website at www.temiskamingshores.ca.

Public Consultation

The Temiskaming Shores Public Library Board and the City of Temiskaming Shores are conducting Public Consultations about Library Services in the City of Temiskaming Shores

Haileybury: City Hall, Tuesday, April 10, 2018 at 2:00 p.m.
New Liskeard: Community Hall, Wednesday, April 11, 2018 at 7:00 p.m.

New Liskeard: Community Hall, Thursday, April 12, 2018 at 2:00 p.m.

What library services do you currently use? What is on your library wish list? How do you get to the library (what transportation do you use)? What time of day do you usually access library services? What prevents you from accessing library services?

We want to hear from you!

The City of Temiskaming Shores is planning to replace the playground equipment at Shaver Park and we would like your input!

Be Heart Healthy...

DID YOU KNOW?

- Every 7 minutes in Canada, a life is taken by heart disease or stroke
- More than 1.6 million Canadians are living with the effects of heart disease and stroke

EAT TO LOWER CHOLESTEROL

Chances are you've heard a thing or two about cholesterol. Having high blood cholesterol is a risk factor for developing heart disease, but did you know you can reduce your cholesterol level by making smart food choices? It's true!

KEEP EATING SIMPLE

For a healthy balanced eating plan choose:

- Whole grain breads, barley, oats (including oatmeal) quinoa, brown rice, bulgur, etc.
- Add more vegetarian options like beans, lentils, tofu and nuts to your weekly meal plans. And opt for lean cuts of meat, poultry and fish.
- Choose lower-fat dairy products with no added sugar. Pick 1% or skim milk, plain yogurt and lower fat cheeses.
- As a rule of thumb, steer clear of highly processed foods, even if they are lower in fat content. Low-fat or diet foods are often loaded with calories, sodium and added sugar.
- Read Nutrition labels and choose foods that contain no trans fat. Avoid foods that contain partially hydrogenated fat or vegetable shortening.

COOK AT HOME

Home-cooking is usually more nutritious and wallet-friendly than eating out. By choosing your ingredients, you're in control of the flavour and can avoid excess sugar, salt and fat.

SNEAK MORE FIBRE INTO YOUR DIET

Studies show eating fibre, especially the soluble type that's found in oats, barley, oranges and eggplant, can help lower unhealthy cholesterol levels.

The next time you're feeling hungry, snack on fruit – with the skin on – for a sweet treat. And ditch the juice; you won't find fibre there. Raw veggies are another awesome source of fibre, among other good things, and low calorie to boot. You can get creative by sneaking kale, spinach or arugula into your next meal.

To learn more about eating heart healthy, feel free to call the office at (705) 569-3244 to make an appointment with our registered dietitian.

AN EVOLVING IDEA

Renewal

It is a dull, dreary March so far but spring is arriving faster than we can say blackflies.

The mud is glistening and the deflated Christmas ornaments in people's yards are showing signs of weariness.

My thoughts are flowing to warmer days, a crackling campfire and the peace of wild things.

Author Wendell Berry's poem, *The Peace of Wild Things*, describes my feelings to a tee.

When Berry feels despair he goes to a quiet, peaceful place near water. In the presence of wildlife, water and the stars he feels restored.

Sometimes the events of this world are too much (children being gunned down, leaders lying through their teeth).

There are few things that restore my faith in life more than paddling a canoe.

While some may feel escapes to the forest and water are a cop out from the real world, I have come to understand them as a homecoming.

A coming home to what is real, organic and true.

When I step into the stern of my canoe, sit on the cane of the seat, settle myself in and grasp my paddle I am preparing for a rush of joy and freedom.

I ease from the shoreline with a gentle push and feel the buoyancy of the boat. I am leaving the heaviness of a busy life on the shore.

When we focus on what's in front of us we let the voices telling us who we should be fade away.

Sue Nielsen

The ritual of the sun passing on the day's light to the moon or the sudden appearance of a family of mergansers on a northern lake is an encounter with the peace of wild things.

Quite often I spot the great blue heron in meditative stillness along the marshy areas of the lake.

Life slows down as your paddle dips over and over again into cool waters.

I begin my spring canoe outings with ceremony.

I smudge to set my intentions so in essence my ceremony is prayer.

Ceremony brings together the power of the elements - fire, water, earth and air.

As I get older I understand it is not about what I look like or what I own. It is about the person I've become.

In the canoe I lift my paddle and so goes my spirit.

Spring will arrive soon on the wings of the red-breasted robin.

Plump and energetic from the berries and worms of their winter homes they will grace us with cheery song.

I find it fascinating that migratory birds travel by starlight for thousands of hours to grace us with their presence.

The spring migration is the miracle that comes every year.

Let us celebrate the life force of renewal here in the north.

Wild things are teachers to all of us.

EDITORIAL

Protection of property

How far should anyone go to protect his or her property?

In the wake of Saskatchewan Indigenous youth Colten Boushie's shooting at the hands of farmer Gerard Stanley, this question is being asked, especially in rural communities.

Stanley was acquitted in the death of the 22-year-old Boushie.

And since we live in a predominantly rural region it might be a good time to think about the topic of protection of property and what a life is worth?

Stanley shot Boushie when he drove onto his farmyard on August 9, 2016.

Stanley said he thought Boushie and his friends were about to steal his quad SUV parked in the yard and that he feared for his life and that of his wife.

When the case went to court Stanley was asked why he didn't just set the gun down or if he had taken firearms safety training.

For farm people their yard is their cas-

tle, as the saying goes. They work hard for what they have and they will defend their property to the maximum.

We can easily understand also the frustration of those rural residents on Lake Temagami who went through a rash of break-ins on their lakeside properties.

There have been a great amount of studies on the usefulness of guns as security.

Citing the New England Journal of Medicine's 1993 study: "Although firearms are often kept in homes for personal protection, this study shows that the practice is counterproductive. Our data indicate that keeping a gun in the home is independently associated with an increase in risk of homicide in the home."

Is a quad ever worth a life?

Introducing guns into a volatile situation is never a good idea and heaven forbid we adopt a U.S.-style usage of guns here in Canada.

Needs of the north

The thought of Doug Ford becoming the leader of the largest province in Canada come July 1 might be a bit frightening to some.

On the other hand it might be encouraging to others.

When speaking about the north, we would hope that whatever political leader, Ford, Kathleen Wynne or Andrea Hor-

wath, that they have the best interests of the north at heart.

And hopefully they are aware of our needs and not just pandering to us with occasional visits come election time.

Those needs would be improved roads, better public transportation options, improved and enhanced health care, jobs and economic growth.

Boosting funding for small community projects

By Anthony Rota, Member of Parliament for Nipissing-Timiskaming

Infrastructure is the backbone of our communities. It is what makes them good places to live, work, and raise a family.

That's why the Government of Canada is investing \$180 billion over 12 years to build the infrastructure our communities need to help grow their economies and provide a good quality of life for their residents.

Our government is making these investments alongside our provincial, territorial and municipal partners. And we have developed a long-term, predictable, and flexible plan designed to support communities across the country.

Despite all this, we know that for small communities like many of the ones right here in Nipissing-Timiskaming, it is a difficult challenge for a local government to pay for a significant portion of infrastructure projects. Unlike urban centres with large populations, rural communities have a very limited tax base and in the past have often lacked the capital to participate.

As your Member of Parliament, my priority is to represent your interests and advocate on your behalf. In recent months I have been working with my colleagues who also represent smaller communities to ensure that the voices of rural Canadians continue to be heard. I'm very pleased to share with you some exciting news that has resulted from this important work.

On February 16, Minister of Infrastructure and Communities Amarjeet Sohi announced that

for small communities of fewer than 5,000 people, the federal government will be increasing the amount it contributes to infrastructure projects to 60 per cent from 50 per cent. We will also require that the province continue to cover at least 33 per

cent of the project cost, which means small communities will only need to commit a maximum of seven per cent.

By reducing the capital contribution required from small communities, we are reducing the burden on their tight budgets, leaving them better able to direct their funding towards services that residents rely on every day, such as public works, snow removal, and local policing. This decision will also help communities build more infrastructure than would likely have been possible under the previous formula and ensure they benefit from our government's historic investments in infrastructure.

I am committed to continuing to work with local leaders to advocate for more investment in Nipissing-Timiskaming. We are fortunate to represent such dynamic communities and, together, we can ensure that they remain among the best places in the country to call home.

FAQS

Q. Why is the Government of Canada increasing its funding for infrastructure projects in small communities?

A. The Government of Can-

Anthony Rota

ada consulted widely over 2016 and 2017 on the approach to the Investing in Canada plan. During those consultations, we heard from small communities, which said they needed increased flexibility to address their unique needs and a higher

er federal contribution in order to undertake major infrastructure projects.

Q. What does this mean for small communities?

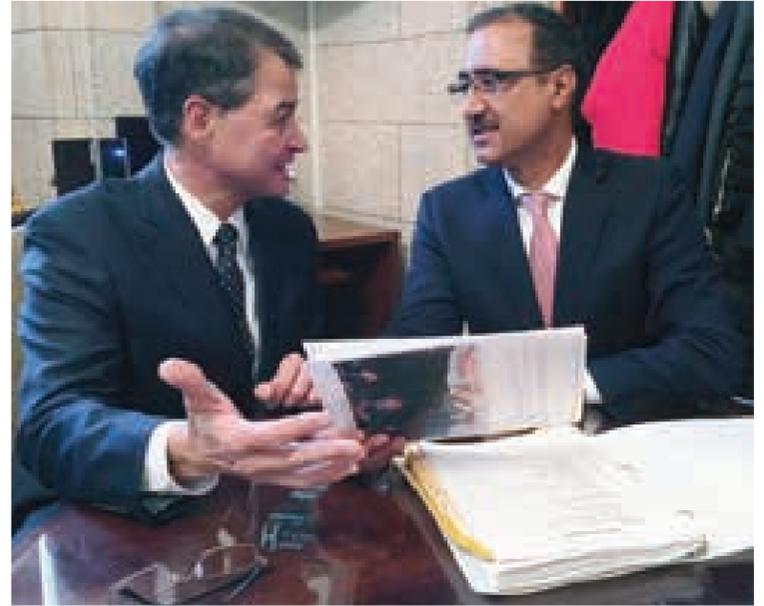

A. This means that more than 3,000 small municipalities will be eligible to receive a higher proportion of federal funding toward their infrastructure priorities for projects submitted under the Rural and Northern Communities Infrastructure program, which was established specifically to address their unique infrastructure needs.

Q. How can smaller communities apply for this funding?

A. The Government of Canada is currently negotiating with provinces and territories to make over \$33 billion available over the next decade. It's expected these bilateral agreements will be signed by Spring 2018. Once they are finalized, small municipalities should contact their respective province for application procedures.

Q. Why is the increased federal cost share being provided under only the Rural and Northern Communities Infrastructure stream?

A. The Rural and Northern

MP Anthony Rota, left, with Infrastructure and Communities Minister Amarjeet Sohi. The federal government will now contribute 60 per cent of the cost of eligible infrastructure projects in smaller communities, up from 50 per cent. (Supplied photo)

Communities Infrastructure and Communities Infrastructure stream was developed to support the unique and wide-ranging infrastructure priorities of small, rural, remote and Indigenous communities. These priorities include facilities that support food security, local roads, renewable energy and enhanced broadband connectivity.

COUNCIL MEETING
Monday, March 19, 2018 at 6:00 p.m.

COMMUNITY NEWS

Note: The next regular meeting will be held on Monday, March 19, 2018 at 6:00 p.m.

Municipal Waste Site: Hours of Operation
Tuesday and Saturday - 9:00 a.m. to 4:00 p.m.

Closed: Statutory Holidays

All garbage deposited at the Municipal Waste Site is subject to applicable tipping fees.

There is a free recycling depot available for Coleman residents at the waste site, during normal operating hours.

- Place all recyclables in a clear plastic bag - no loose material
- Flatten all boxes, and bundle

Garbage: A maximum of three (3) regular sized garbage bags will be picked-up weekly.

March Recycling Collection Dates - Tuesday, March 27, 2018

In the event of a storm, the Coleman Works department puts public safety first. Main roads will be cleared before attending to routine duties such as garbage pick-up and private plow driveways.

Smoke Alarm Information and Maintenance

Test your smoke alarms regularly by pressing the test button or by using smoke from a smouldering incense stick.

Replace batteries regularly. Install a new battery in each alarm at least once a year. All battery-operated smoke alarms are required to emit a warning sound, usually an intermittent "chirp" when the battery power is low. When warning chirp sounds, replace your battery immediately. **Never wait. Change your batteries when you change your clocks in the spring and fall.** Smoke alarms do wear out, so if you think your alarms are more than 10 years old, replace them with new ones.

Maintain your alarm

Dust can clog a smoke alarm, so gently vacuum alarms every six months using a soft brush. Never vacuum electrically connected alarms unless you shut off the power. Test your unit when finished cleaning. When installing, testing, and maintaining smoke alarms, make sure you follow the manufacturer's instructions.

Smoke Alarm Information & Maintenance. Ontario Association of Fire Chiefs. Web - 14 Mar 18.

Long list

Continued from A Front

A geotube installation at the wetlands has an estimated cost of \$10,000.

Extra windmills, estimated at \$4,000, are also recommended at the wetland. The windmills are helping to aerate the wetlands that naturally process

the town's sewage.

Construction of a sample building at the wetlands has an estimated cost of \$1,000.

The replacement of four-inch metal pipe at the water treatment plant has an estimated cost of \$10,000. The existing pipe is rotting, said Adshead.

Paving is required at the bottom of Cobalt Hill, estimated at \$15,000; sidewalk and curb repair and pavement at 7 Prospect Avenue is estimated at \$10,000; paving on Grandview Avenue, needed after a sewer project in 2017, is estimated at \$10,000; and sidewalk re-

pairs between the town hall and post office are estimated at \$2,000.

Repairs to a wall at the fire hall are needed, along with replacement of floor tiles, replacement of one of the overhead doors, and replacement of the rescue van overhead door mechanics. These repairs have a total estimated cost of approximately \$12,000. The need to replace the door was discussed at the council meet-

ing, and Larose said that it is possible to see open areas around the existing door.

COMPUTER NEEDS

Information Technology (IT) upgrades are required at the town office and include a server replacement, estimated at \$9,000; replacement of the back-up system, estimated at \$2,500; replacement of two computers, estimated at \$2,350; and replacement of the UPS (battery backup/surge protector) estimated at \$1,050.

"All of our computers are old. They all need to be replaced," said Larose.

Other capital projects which have been identified include replacement of the rear entrance roof on the staircase of the community hall, estimated at \$7,000; replacement of the public works office roof (if the building is not replaced) estimated at \$5,000; boiler work at the Fraser building, estimated at \$4,200; and hydraulic hose replacement at the Fraser building, estimated at \$2,200.

Discussion was held about simply removing the roof over the staircase at the community hall, but it was noted that the staircase would then have to be kept free of snow.

Councillor Mike Harrison asked if consideration could be given to placing two hydro meters in the Fraser building to monitor energy used at the pharmacy and energy used at the Bunker Military Museum.

Capital project needs have also been identified at the library and include repair of the brick wall near Drummond Cairn and the cairn itself, replacement of the central vac, replacement of tiles in the men's washroom, and repairs of the retaining wall. Accessible doors are also an item that is being pursued.

"It would be nice if we can eventually find funding for it," Larose commented.

The need for new flooring throughout the library was also discussed.

The council also discussed the need to replace hand-railing along Lang Street, to replace guard rails at the south end, and to replace a fire hydrant on Dunning Drive.

"It would be nice to get the railings all ripped up and get new ones," said Sartoretto.

Larose said another look could be taken to see what could be done with the railings along the streets.

Sartoretto also expressed concern about the town's salt shed and the need to have a door on the building.

"The snow is getting in there," she said.

EXAMEN

Examen des travaux forestiers proposés : centre d'information Plan de gestion forestière 2019-2029 unité de gestion de Temagami

Le **ministère des Richesses naturelles et des Forêts (MRNF)** de l'Ontario, **First Resource Management Group** et le **comité local de citoyens (CLC) Temagami** vous invitent à venir à un centre d'information. Il sera tenu dans le cadre de la planification détaillée des travaux forestiers associés à la période de dix ans (2019 – 2029) du plan de gestion forestière (PGF) pour l'unité de gestion de Temagami.

Le processus de planification

Environ trois ans seront nécessaires pour mener à bien le PGF. Durant cette période, il y aura cinq occasions officielles de consultation publique, et les communautés des Premières Nations et des Métis seront consultées et invitées à participer. La deuxième occasion (étape 2) pour ce PGF a été offerte du **8 novembre 2017 au 7 décembre 2017**, lorsque l'on a invité le public à examiner et à commenter l'orientation pour la gestion à long terme. Le présent avis de l'**étape 3** a pour but :

- De vous inviter à examiner et à commenter les points suivants :
 - les détails concernant le tracé des routes d'accès, la coupe, la régénération forestière et les soins sylvicoles pour la période de dix ans du plan;
 - les corridors de chemins primaires et d'embranchements proposés ainsi que les limites des chemins d'exploitation proposées pour la période de dix ans du plan.
- de vous inviter à contribuer à l'information générale qui doit être utilisée pour la planification.

Comment participer

Pour faciliter votre examen, un centre d'information aura lieu de **16 h à 20 h** aux dates et aux endroits suivants :

Le 16 avril 2018 au Temagami Community Centre & Arena, au 100, Spruce Drive, Temagami (Ontario) P0H 2H0

Le 17 avril 2018 au New Liskeard Golf Clubhouse, au 804027, chemin Golf Course, New Liskeard (Ontario) P0J 1P0

On pourra obtenir, au centre d'information, les renseignements suivants :

- Le résumé de la version préliminaire pour l'orientation de la gestion à long terme proposée par le directeur régional du MRNF.
- Les cartes schématiques :
 - indiquant les zones proposées pour les travaux de coupe, les travaux de régénération forestière et les travaux sylvicoles, ainsi que les tracés proposés pour les routes forestières, et
 - les corridors proposés pour les nouveaux chemins primaires et d'embranchements pour la période de dix ans du plan.

En plus des versions les plus récentes de l'information et des cartes qui étaient disponibles aux étapes 1 et 2 de la consultation publique, l'information suivante sera offerte au centre :

- rapport de renseignements généraux sur les Premières Nations et les Métis;
- rapport sommaire sur la protection des valeurs déterminées pour les Premières Nations et les Métis;
- résumé des soumissions et des commentaires publics reçus jusqu'à présent, et toutes les réponses à ces soumissions et commentaires;
- stratégies de gestion des utilisations des routes proposées;
- liste des modifications requises à la suite de l'examen public de l'orientation pour la gestion à long terme.

Les détails des travaux forestiers proposés seront accessibles pour examen et commentaires au bureau de l'entreprise First Resource Management Group et bureau de district de North Bay du MRNF, aux endroits indiqués ci-dessous et aux heures normales d'ouverture pendant une période de 60 jours du 16 avril 2018 à 14 juin 2018. Les commentaires sur les activités proposées pour l'unité de gestion de Temagami doivent être reçus par Shelley Straughan de l'équipe de planification au bureau de district de North Bay du MRNF, d'ici le **14 juin 2018**.

On peut demander en tout temps, durant le processus de planification, une réunion avec les représentants de l'équipe de planification. Des possibilités raisonnables de rencontres avec les membres de l'équipe de planification en dehors des heures de bureau habituelles seront offertes sur demande. Si vous avez besoin de plus amples renseignements ou si vous souhaitez discuter de vos intérêts et de vos préoccupations avec un membre de l'équipe de planification, veuillez communiquer avec l'une des personnes suivantes :

Shelley Straughan, F.P.I.
Bureau de district de North Bay du MRNF
3301, chemin Trout Lake
North Bay (Ontario) P0L 1C0
tél. : 705 475-5615
courriel : shelley.straughan@ontario.ca

Etienne Green, F.P.I.
First Resource Management Group
Case postale 850
New Liskeard (Ontario) P0J 1P0
tél. : 705 650-3360
courriel : etienne.green@frmg.ca

Lorne Hillcoat

case postale 1810
New Liskeard (Ontario) P0J 1P0
tél. : 705 628-2444
courriel : lhilcoat@temfund.ca

Pendant le processus de planification, vous avez la possibilité de présenter par écrit une demande de résolution de problème en communiquant avec le chef de district ou le directeur régional du MRNF. L'édition 2017 du *Forest Management Planning Manual* (partie A, section 2.4.1) décrit le processus en question.

Continuez à participer

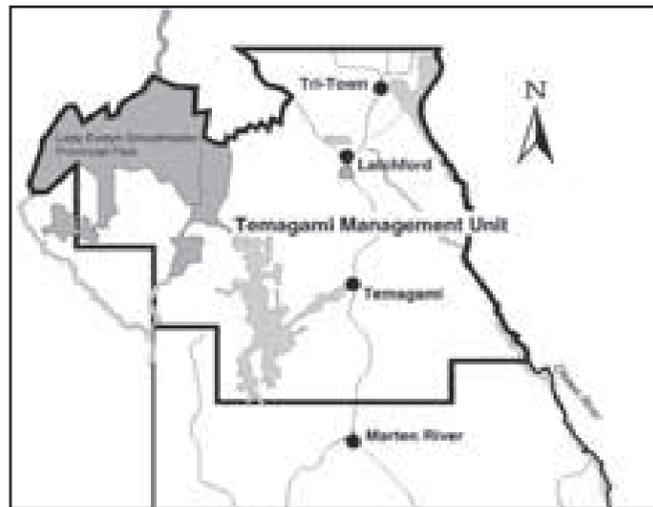

La soumission de l'ébauche du plan de gestion forestière est provisoirement prévue pour le **12 août 2018**. Vous aurez deux autres occasions formelles de participer. Les étapes en question sont indiquées ci-dessous et prévues provisoirement aux dates suivantes :

Étape 4 - Centre d'information : Examen de l'ébauche du plan de gestion forestière **octobre 2018**
Étape 5 - Inspection du plan de gestion approuvé par le MRNF **janvier 2018**

Si vous souhaitez être ajouté à la liste de diffusion afin d'être informé des occasions de participation du public, veuillez communiquer avec Shelley Straughan au 705 475-5615.

Le ministère des Richesses naturelles et des Forêts recueille vos renseignements personnels et vos commentaires en vertu de l'autorité de la *Loi de 1994 sur la durabilité des forêts de la Couronne*. Tout renseignement personnel que vous fournirez (adresse, nom, numéro de téléphone, etc.) sera protégé conformément à la *Loi sur l'accès à l'information et la protection de la vie privée*; cependant, vos commentaires seront intégrés au processus de consultation publique et pourraient être communiqués au grand public. Vos renseignements personnels peuvent être utilisés par le ministère des Richesses naturelles et des Forêts pour vous transmettre davantage de renseignements sur cet exercice de planification de la gestion forestière. Si vous avez des questions sur l'utilisation de vos renseignements personnels, veuillez communiquer avec Marilyn Mills au 705 475-5598.

Information in English : Guylaine Thauvette at 705-475-5539.

Paramedics honouring Wounded Warriors

DISTRICT (Staff/Special) - Temiskaming paramedics have begun to replace their original black uniform epaulettes on the shoulders of their uniforms with red ones during every Friday of the year while working on duty. "This 'slip on your red' campaign is in honour of our

troops," explained Timiskaming Emergency Medical Services Chief John McCarthy. "Each participating paramedic has purchased the epaulettes and the \$20 cost for each set of red epaulettes will be donated entirely to benefiting Wounded Warriors Canada's

mental health programs for first responders suffering with operational stress injuries," he continued.

"Awareness and funds from this campaign will directly support mental health initiatives

for both the military and public safety personnel," he stated.

The Wounded Warriors Canada is an organization whose mission statement is: "To honour and support Canada's ill and injured Canadian Armed

Forces members, veterans, first responders and their families."

McCarthy stated that the Temiskaming paramedics are assisting with that mission by proudly wearing red on Fridays.

Temiskaming Emergency Medical Services paramedics will be wearing red shoulder epaulettes on Fridays throughout the year in support of Wounded Warriors. Pictured here at the South Haileybury Paramedic Station are paramedics Ken Buffam (left) and Ron Quenneville. (Supplied photo)

REVIEW

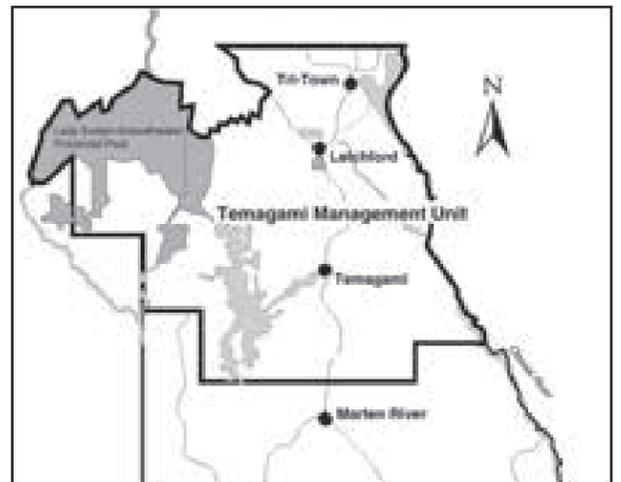

Review of Proposed Operations: Information Centre Temagami Management Unit 2019-2029 Forest Management Plan

The Ontario **Ministry of Natural Resources and Forestry (MNRF)**, **First Resource Management Group** and the **Temagami Local Citizens' Committee (LCC)** invite you to an information centre. This information centre is being held as part of the detailed planning of operations for the ten-year period of the 2019-2029 Forest Management Plan (FMP) for the **Temagami Management Unit**.

The Planning Process

The FMP takes approximately three years to complete. During this time, five formal opportunities for public consultation and First Nation and Métis community involvement and consultation are provided. The second opportunity (Stage Two) for this FMP occurred November 8, 2017 to December 7, 2017 when the public was invited to review and comment on the long-term management direction. This 'Stage Three' notice is:

- To invite you to review and comment on:
 - the details of access, harvest, renewal and tending operations for the ten-year period of the plan, and
 - the proposed primary and branch road corridors and the proposed operational road boundaries for the ten-year period of the plan, and
- To request contributions to the background information to be used in planning.

How to Get Involved

To facilitate your review, information centres will be held at the following locations from **4:00 p.m. to 8:00 p.m.** on the following days:

- April 16, 2018 at the Temagami Community Centre & Arena, 100 Spruce Drive, Temagami, ON P0H 2H0**
- April 17, 2018 at the New Liskeard Golf Clubhouse, 804027 Golf Course Road, New Liskeard, ON P0J 1P0**

The following information may be obtained at the information centre:

- Summary of the MNRF Regional Director preliminary endorsed long-term management direction; and
- Summary map(s) of:
 - the planned areas for harvest, renewal and tending operations for the ten-year period of the plan; and
 - the proposed corridors for new primary and branch roads for the ten-year period of the plan.

In addition to the most current versions of the information and maps which were available at Stages One and Two of the public consultation, the following information will be available at the information centre(s):

- First Nation and Métis Background Information Report;
- Preliminary Report on Protection of Identified First Nation and Métis Values;
- Summary of public comments and submissions received to date and any responses to those comments and submissions;
- The proposed road use management strategies; and
- The list of required modifications resulting from the public review of the long-term management direction.

The detailed proposed operations will be available for review and comment at the First Resource Management Group office and at the MNRF North Bay District Office at the locations shown below during normal office hours for a period of 60 days April 16, 2018 to June 14, 2018. Comments on the proposed operations for the Temagami Management Unit must be received by Shelley Straughan of the planning team at the MNRF North Bay District Office, by **June 14, 2018**.

Meetings with representatives of the planning team and the LCC can be requested at any time during the planning process. Reasonable opportunities to meet planning team members during non-business hours will be provided upon request. If you require more information or wish to discuss your interests and concerns with a planning team member, please contact one of the individuals listed below:

| | | |
|--|---|--|
| <p>Shelley Straughan, R.P.F. MNRF North Bay District Office 3301 Trout Lake Road North Bay, ON P0L 1C0 tel: 705-475-5615 e-mail: shelley.straughan@ontario.ca</p> | <p>Etienne Green, R.P.F. First Resource Management Group P.O. Box 850 New Liskeard, ON P0J 1P0 tel: 705-650-3360 e-mail: etienne.green@frmg.ca</p> | <p>Lorne Hillcoat Local Citizen Committee Rep. Site C - 74 Scott Street P.O. Box 1810 New Liskeard, ON P0J 1P0 tel: 705-628-2444 e-mail: lhillcoat@temfund.ca</p> |
|--|---|--|

During the planning process there is an opportunity to make a written request to seek resolution of issues with the MNRF District Manager or the Regional Director using a process described in the 2017 *Forest Management Planning Manual (Part A, Section 2.4.1)*.

Stay Involved

The tentative scheduled date for submission of the draft FMP is **August 12, 2018**. There will be two more formal opportunities for you to be involved. These stages are listed and tentatively scheduled as follows:

| | | |
|---------------------|---|---------------------|
| Stage Four - | Information Centre: Review of Draft FMP | October 2018 |
| Stage Five - | Inspection of MNRF-Approved FMP | January 2019 |

If you would like to be added to a mailing list to be notified of public involvement opportunities, please contact Shelley Straughan at 705-475-5615.

The Ministry of Natural Resources and Forestry is collecting your personal information and comments under the authority of the *Crown Forest Sustainability Act*. Any personal information you provide (address, name, telephone, etc.) will be protected in accordance with the *Freedom of Information and Protection of Privacy Act*; however, your comments will become part of the public consultation process and may be shared with the general public. Your personal information may be used by the Ministry of Natural Resources and Forestry to send you further information related to this forest management planning exercise. If you have questions about the use of your personal information, please contact Marilyn Mills at 705-475-5598.

FOR MORE INFORMATION: 1-800-434-3159

The 1st Englehart Sparks, Brownies and Girl Guides have expressed gratitude to the community for camping gear raised through a community fundraising effort. Community members donated items which were then auctioned off. A total of \$2,202 was raised and then spent on camping equipment and gear. Pictured here are (standing in back, from left) student volunteer Maggie Mowbray, and leaders Kandice Farr, Kelly Osborne and Ashley Fehr. Girls participating in the group are (standing, from left) Lea McKenzie, Kaiji Hakojarvi, Liana Gibson, Claire Groulx, Kara Groulx, Kiana Gabriel, Alexis Simmens, and Kyra Shearing; (girls kneeling in middle, from left) Addyson Buckingham, Lauren Craig, Mya Buckingham, and Maria Montminy; (girls sitting, from left) Zoey Bedard, Izzy Palmateer, Hayley Nelson, Jayna Mountain-Knight, Cameron Plaunt, Summer Farr, Isabel Dunkin, Gloria Burey, Caleigh Holmes, Lily Fehr, Leah Fehr, Georgia Tucker and Ailee Hakojarvi. (Staff photo by Darlene Wroe)

Community support raises tents for Guides

Darlene Wroe
Speaker Reporter

ENGLEHART - It is said that it takes a village to raise a child.

Englehart and area residents responded with their support when an online fundraising campaign was initiated to get tents and camping gear for the 1st Englehart Sparks, Brownies and Girl Guides.

With the success of that effort, the 24 members of that group will now be enjoying some outdoor camping this summer.

The fundraising was made possible through the donation

of many items from the community over the past month.

Ashley Fehr, one of the leaders of the group, said the fundraising effort raised \$2,202. The money was quickly transformed into gear which the group can use for camping for years to come.

An indoor camping event is being planned for March at Englehart Public School, and then two outdoor camping adventures will take place this summer, she said.

The money raised was used for the purchase of such items as tents, frying pans, coolers, stoves, flashlights and utensils,

Fehr outlined.

The fundraiser got started with some books which were auctioned off, and then "people in the community just started asking, 'do you want this?'"

The online auction quickly grew so that ten items a day were being auctioned over several weeks, she said.

One of the parents, Jen Holmes, knitted hats for each of the members to ensure they were warm on their outings.

The 1st Englehart, Sparks, Brownies and Girl Guides' members are aged five to 11. The girls come from through-

out the Englehart area, including Earltan.

The group got started in 2017 and now has 24 members.

Horoscopes

Answers For Crossword on 9b

CAPRICORN

You'll rise to a challenge and make yourself proud. Even though some people only want to discourage you, your perseverance will pay off in the form of little miracles.

AQUARIUS

If you're planning on moving in the foreseeable future, this week will prove the right time to start packing. A family member will be unusually demanding. Don't let yourself get taken advantage of.

PISCES

You'll have lots of moving around to do this week. Expect to either get stuck in traffic or have a hard time finding your destination. A little bit of planning never hurts.

ARIES

At work, you'll be asked to put in some overtime, and your hard work will be handsomely rewarded. A short training lesson will put you on track to reach your greatest professional goals.

TAURUS

Someone will try to pressure you into making a decision. Follow your instincts and you'll make the right choice, even though you won't have all the time you'd like to weigh the pros and cons. Think of the happiness this decision could bring you.

GEMINI

Going back to school would solve most of your professional issues. Try to see the situation from a long-term perspective. This will motivate you to put in the effort required to reach your goals.

CANCER

Expect your friends and acquaintances to invite you to all sorts of events taking place over the coming weekend. Take advantage of the opportunity to socialize, especially if you've been on your own a lot lately.

LEO

Time is a valuable commodity. At home and at work, you'll be in charge of handling all the emergencies this week. It isn't always easy to balance a busy family life with a rewarding career.

VIRGO

You'll most likely plan a fabulous romantic getaway before the end of the winter. Work may send you across the country — or, at the very least, to another town — to meet with an important client.

LIBRA

You're going to have to keep your cool as you tackle some not-so-straightforward situations. You'll find a creative solution to a financial problem that's been bothering you.

SCORPIO

Whether it's for business or for pleasure, you'll be tasked with planning an event that will bring together scores of people. You'll have lots of minutiae to attend to, and this could add to your stress.

SAGITTARIUS

The growing anxiety you've been feeling is about to take a clear toll on your health. Don't let feelings that aren't yours to feel overcome you. You'd probably benefit from some therapy.

CARNIVAL COLOURS

Isabelle Breault of New Liskeard helped four-year-old Mathéo with some outdoor painting at the March 3 Family Snowfest beside city hall. The free, four-hour festival offered ice fishing, skiing and snowshoeing, sliding, games and a chili lunch. (Staff photo by Diane Johnston)

RETAIL BUSINESS OPPORTUNITY

For an agency store in KENABEEK
LCBO RFP #2018-218 KENABEEK

An excellent business opportunity is now available to established retailers in KenabEEK.

The **Liquor Control Board of Ontario (LCBO)** is seeking a responsible, customer-focused retailer to operate an LCBO Agency Store in KenabEEK.

To qualify, the applicant must have an existing, currently operating retail business in the community and commit to operating the Agency store within established LCBO guidelines. To facilitate the sale of beverage alcohol products, the operator may be required to enter into separate commercial arrangements with the LCBO and domestic beer suppliers. The successful applicant will also be required to participate in a special LCBO server-training program to ensure the responsible sale of beverage alcohol products.

Since 1962, the LCBO has authorized more than 200 Agency stores to serve communities that have requested service but where the local population is too small to support a regular LCBO or beer store. These Agency stores are operated by local retailers within their existing retail business. Agency store contracts are normally awarded for a five-year term. In communities where there is currently an Agency store, as the contract nears expiry, the LCBO will take into consideration the fact that new businesses in the community may have been established and will allow an opportunity for all businesses in the community to compete for the next five-year term.

Operating an LCBO Agency Store provides a retailer with an excellent opportunity to increase revenue and attract customers while providing local residents with beverage alcohol services. Agency stores also deliver economic benefits to the community in many cases through job creation and increased customer traffic for local merchants.

For this competition, the LCBO must receive requests for the application package from interested businesses **by mail** before end of business day **Friday, March 23, 2018**. The application requests must quote the following information:

RFP #2018-218 KenabEEK
Request for Application Package
Procurement and Contract Management
LCBO
1 Yonge Street, Suite 1404
Toronto, ON M5E 1E5

LCBO

Please note: An application fee of \$100 must be included with your request in order to receive an application package. Make the cheque or money order payable to the LCBO only.

In order to be considered for this business opportunity, applicants must submit to LCBO Procurement and Contract Management a completed proposal in the required format before the closing date and time, **Friday, April 13, 2018**, 3 p.m. local time. Late submissions will not be accepted and will be returned unopened.

UNE OCCASION D'EXPLOITER UN MAGASIN

Agence s'offre aux commerçants de KENABEEK
LCBO DDP N° 2018-218 KENABEEK

Une excellente occasion d'affaires s'offre aux détaillants de KenabEEK.

La **Régie des alcools de l'Ontario (LCBO)** recherche un détaillant responsable et soucieux du service à la clientèle pour exploiter un magasin-agence de la LCBO à KenabEEK.

Pour être admissible, vous devez exploiter un commerce de vente au détail déjà établi dans la localité et vous engager à respecter les lignes directrices de la LCBO. Pour faciliter la vente de boissons alcooliques, le candidat choisi pourrait avoir à conclure des ententes commerciales différentes avec la LCBO et avec les fournisseurs de bières canadiennes. Le candidat retenu devra également suivre un programme de formation spécial de la LCBO qui a trait à la responsabilité reliée à la vente des boissons alcooliques.

Depuis 1962, la LCBO a autorisé plus de 200 magasins-agences qui desservent les localités qui ont demandé un service de vente d'alcool, mais dont la population est insuffisante pour y établir une succursale régulière de la LCBO ou un magasin de bière. Les magasins-agences sont confiés à des détaillants locaux et s'annexent à un commerce de détail existant. Le contrat d'un magasin-agence est normalement d'une durée de cinq ans. Au cours de la cinquième année d'exploitation d'un magasin-agence, la LCBO tient compte des nouveaux commerces établis dans la localité et donne à tous la chance de présenter leur candidature pour le prochain terme de cinq ans.

Un détaillant qui exploite un magasin-agence a la possibilité d'augmenter ses revenus en attirant une clientèle additionnelle tout en offrant aux citoyens de sa localité les produits et services de la LCBO. Un magasin-agence contribue également à l'économie de la localité souvent par la création de nouveaux emplois et par l'augmentation de l'achalandage chez les autres marchands locaux.

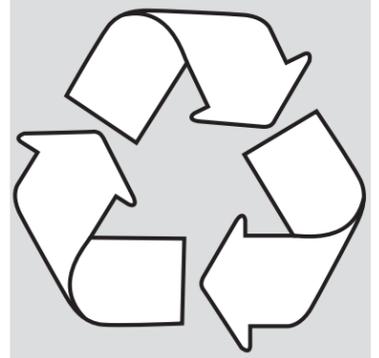

Pour ce concours, la LCBO doit avoir reçu la demande du dossier de soumission des commerçants intéressés **par la poste** avant 17 h, **le vendredi 23 mars 2018**. La demande doit être adressée de la façon suivante :

DDP N° 2018-218 KenabEEK
Demande du dossier de soumission
Directeur des achats, LCBO
1, rue Yonge, bureau 1404
Toronto (Ontario) M5E 1E5

LCBO

NB : Des frais de soumission de 100 \$ sont exigés au moment où vous faites votre demande de dossier de soumission. Veuillez acquitter ces frais en joignant à votre demande un mandat ou un chèque fait à l'ordre de la LCBO.

Les candidats doivent soumettre leur formulaire de proposition complet et dans les normes au Service des achats de la LCBO avant 15 h (heure locale) **le vendredi 13 avril 2018**. Les propositions reçues en retard ne seront pas acceptées. Elles seront retournées à l'expéditeur sans être lues.

Recycling

The First Step Toward A More Healthy Environment

You can help in the struggle against waste build-up by recycling old newspapers. This is the perfect time to help in the effort toward building a better future.
